Britain and Jordan Tancred Bradshaw,2012-03-30 In the wake of the establishment of the State of Israel in 1948 it has often been alleged King Abdullah I of Jordan and the Zionist movements colluded to partition Mandate Palestine between them while Great Britain the retreating imperial power gave them tacit approval to do so Here Tancred Bradshaw challenges these allegations looking at the complex and often strained relations between the emerging states of Jordan Israel and the at first hegemonic and then crumbling British Empire Using a wide range of primary sources which have previously been largely ignored Britain and Jordan offers an essential re examination of the relationships which were to shape the Middle East as it is today It thus contains vital analysis for anyone involved in the study of the Middle East its politics and history as well as the demise of Britain s empire in the region

The Claims of Culture at Empire's End
Jennifer M. Dueck, 2010-03-25 This volume explores the political impact of cultural institutions by analysing the power struggles in Syria and Lebanon under French Mandate rule The author illuminates how political and religious leaders fought to harness the force of culture through projects as diverse as schools cinema and tourism *East of Empire* Erin M.B. O'Halloran, 2025-03-11 From the outset of the twentieth century Egyptian and Indian leaders understood their movements for self determination as linked and part of a shared project Following World War I as connections between the Middle East and South Asia proliferated Egypt and India lay squarely at the heart of increasingly complex and multilateral relations *East of Empire* traces how anticolonial nationalism gained momentum across the East and documents the friendships rivalries cultural exchanges and shifting political alliances that came to animate the interwar project of Easternism a cosmopolitan vision of the world whose center of gravity lay beyond Europe in the great city of Cairo Erin O Halloran offers a compelling new account of the era immediately preceding decolonization and the epochal partitions of India and Palestine Alongside well known figures like Mohandas K Gandhi Jawaharlal Nehru and Saad Zaghlul she introduces less familiar but no less intriguing personalities feminists diplomats and poets surrealists socialists and spies Each dreamed wrote organized and fought for the liberation of the East a space universally evoked though seemingly impossible to pin down Drawing on a broad cross section of Indian Arab British and European sources *East of Empire* transcends archival partitions to tell a powerful and nearly forgotten set of stories about the rise of anticolonial nationalism and the end of empire across the Middle East and South Asia

Railways and International Politics T.G. Otte, Keith Neilson, 2012-09-10 This new study brings together leading experts to show how the modern world began with the coming of the railway They clearly explain why it had a greater impact than any other technical or industrial innovation before and completely redefined the limits of the civilized world While the effect of railways on economic development is self evident little attention has been paid to their impact on international relations This is unfortunate for in the period from 1848 to 1945 railways were an important element in the struggle between the Great Powers This took many forms Often as in East Asia the competition for railway concessions reflected the clash of rival imperial interests The success or failure of this competition could determine which of the European Powers was to dominate and exploit the markets of China and Siam Just as often railways were linked with military matters Prussia's success in the

wars of German unification depended on its strategic railways just as much as on the strength of its armies and the rail links remained a vital aspect of German military thinking before the First World War So too did they for the Russians whose vast Empire required rail links capable of moving the Tsarist army quickly and competently Just as importantly railways could be vital for Imperial defence as the British discovered on the North West frontier of India This book will be of much interest to students of international history military history and strategic studies

Britain's Moment in Palestine Michael J Cohen, 2014-02-24 In 1917 the British issued the Balfour Declaration for military and strategic reasons This book analyses why and how the British took on the Palestine Mandate It explores how their interests and policies changed during its course and why they evacuated the country in 1948 During the first decade of the Mandate the British enjoyed an influx of Jewish capital mobilized by the Zionists which enabled them not only to fund the administration of Palestine but also her own regional imperial projects But in the mid 1930s as the clouds of World War Two gathered Britain's commitment to Zionism was superseded by the need to secure her strategic assets in the Middle East In consequence she switched to a policy of appeasing the Arabs In 1947 Britain abandoned her attempts to impose a settlement in Palestine that would be acceptable to the Arab States and referred Palestine to the United Nations without recommendations leaving the antagonists to settle their conflict on the battlefield Based on archival sources and the most up to date scholarly research this comprehensive history offers new insights into Arab British and Zionist policies It is a must read for anyone with an interest in Palestine Israel British Colonialism and the Middle East in general
