

The background of the entire image is a lush, green rainforest scene. In the foreground, there are large, vibrant green leaves, possibly from a tropical plant. The background shows a dense canopy of various tropical trees and plants, with sunlight filtering through the leaves. A large, light-colored rectangular box with a yellow border is centered on the page, containing the title and subtitle. The title is written in a large, green, serif font, and the subtitle is in a smaller, black, sans-serif font.

Honoring Nature's Healers: Bioregional Ethnobotanical Study of Wild Medicinal Plants of Kathleen, FL in the Greater Green Swamp Patty Morris, 2015-01-04 This is a local study of wild medicinal plants in the Greater Green Swamp what is changing and why It looks at what has happened to drained and logged swampland where soil at the top of Bone Valley recovering from an extended hydroperiod has become home to a number of pan tropical medicinal plants Eight of the common wild medicinal plants in Kathleen FL are looked at from a point of view of their value in history how these plants are treated in the United States and how they are used all around the world

Traditional Resources and Tools for Modern Drug Discovery Anupam Das Talukdar, Jayanta Kumar Patra, Gitishree Das, Deepa Nath, 2024-09-27 This book provides perspectives on the combinatorial approach of plant based compounds for drug discovery to achieve better disease curing outcomes introducing the evolution of ethnobotany and traditional medicine in modern drug development It covers the biotechnological interventions for the identification and screening of compounds and their optimization to enhance affinity selectivity bioavailability and metabolic stability While overviewing how essential compounds are successfully identified from herbal medicinal plants and utilized in the form of effective drugs which eventually have helped in combating long term diseases in humans the book also provides a better understanding of how infection and the diseases caused are regulated at the molecular and physiological stages The book also highlights the importance of bioactive compounds in modern drug discovery and the perspectives for a potential industrial application The chapters are developed by eminent subject experts with due care and clarity and cover an up to date literature review with relevant illustrations The book would cater to the needs of undergraduate and graduate students researchers and scientists and may attract the attention of pharmaceutical companies industrialists and health policymakers

Leafy Medicinal Herbs Dawn C P Ambrose, Annamalai Manickavasagan, Ravindra Naik, 2016-07-25 Medicinal herbs are rich in vitamins minerals and antioxidants and are able to synthesize secondary metabolites with disease preventive properties It is due to these qualities that herbs have been used throughout history for flavouring and in food medicine and perfumery preparations They are also often considered to be safe alternatives to modern medicines because of their healing properties Though interest in medicinal and aromatic crops is growing worldwide there is still little focus on the area of leafy medicinal herbs This book compiles the literature for 23 globally relevant leafy medicinal herbs Beginning with a general overview and discussion of the importance of these plants it then handles each herb by chapter Chapters discuss the botany of the crop including its history and origin geographical distribution and morphology before focusing on the chemical composition and phytochemical attributes They then review postharvest technology aspects such as processing and value addition before concluding with the general and

pharmacological uses for each crop A complete compilation of the subject this book forms a vital resource for researchers students farmers and industrialists in the area of leafy medicinal herbs

50 Simple Steps to Save the World's

Rainforests Kim Henderson, The Green Patriot Working Group, 2012-03-12 Despite the very best conservation and environmental policy making efforts at least 80 000 acres of tropical rainforest disappear each day If action is not taken now experts estimate that the world's rainforests will mostly disappear within 50 years Currently the destruction of tropical forests is responsible for 17 percent of man made carbon emissions more than what comes from all the world's cars airplanes and ships combined Tropical rainforests need our help and that's where 50 Simple Steps to Save the World's Rainforests comes in The future of the world's rainforests lies to a large extent in the collective hands of consumers and how they shop since demand is what fuels the forces driving deforestation agriculture logging and resource extraction Through the 50 step journey you will learn how as a consumer you may unwittingly support rainforest destruction and more importantly precisely how you can make different choices that help save rainforests For example you will learn how your paper use and purchases of rayon clothing affect Indonesian rainforests where Sumatran tigers are critically endangered or how simply eating Brazil nuts helps save the Amazon rainforest You will discover how the cultivation of palm oil a common ingredient in confections baked goods soaps and biofuels is fueling rampant deforestation in Malaysia Indonesia and Papua New Guinea and how you can avoid it 50 Simple Steps to Save the Rainforests is the ultimate primer for anyone wanting to take action to help save this ecosystem which is so critical to the future of mankind
