The Heart Of War On Power Conflict And Obligation In The Twenty First Century:

The Heart of War, 2002 The Heart of War Gwyn Prins, 2003-08-29 Written by one of the most highly regarded experts on global security this is a controversial look at the changing face of war and the role of the military in the twenty first century

Multipolarity in the 21st Century Donette Murray, David Brown, 2012-01-30 This book seeks to help shape the debate surrounding power and polarity in the twenty first century both by assessing the likelihood of US decline and by analysing what each of the so called rising powers can do As the twenty first century moves out of its first decade American supremacy continues to generate intense debate about the nature quality and sustainability of US power At the same time significant developments in four rising powers China Russia India and the European Union have provoked analysts to ask whether multipolarity is a realistic prospect *Multipolarity in the 21st Century* assesses the likelihood of a multipolar world developing either by a marked US decline and or by the ability of these putative rivals to continue to rise to the level necessary to be credibly considered a superpower Written by a combination of emerging scholars and recognised experts this volume will provide a timely and authoritative analysis of one of the most controversial and compelling security debates of the twenty first century This book will be of much interest to students of Security Studies Foreign Policy and International Relations in general

The Royal Navy and Maritime Power in the Twentieth Century Ian Speller, 2004-08-02 This book adopts an innovative new approach to examine the role of maritime power and the utility of navies It uses a number of case studies based upon key Royal Navy operations in the twentieth century to draw out enduring principles about maritime power and to examine the strengths and limitations of maritime forces as instruments of national policy Individual chapters focus on campaigns and operations from both World Wars and a series of post 1945 crises and conflicts from the Palestine Patrol in the 1940s to Royal Navy operations in support of British policy in the 1990s Each case study demonstrates critical features of maritime power including operations during the transition to war fleet operations in narrow seas logistics submarine operations the impact of air power on maritime operations blockade maritime power projection amphibious warfare jurisdictional disputes and the law of the sea and peace support operations The contributors to this book all have considerable experience lecturing on these issues at the United Kingdom Joint Services Command and Staff College where maritime campaign analysis is used to teach the principles of maritime power to officers of the Royal Navy The book combines an authoritative examination of critical Royal Navy operations during the twentieth century with a sophisticated analysis of the nature of maritime power As such it is of both historical interest and contemporary relevance and will prove equally valuable to academic historians military professionals and the general reader

Old Europe, New Europe and the Transatlantic Security Agenda Kerry Longhurst, Marcin Zaborowski, 2013-09-13 The post September 11th security policies of Poland the UK France the US and Germany presented in this new book illustrate how and why the Atlantic community ruptured over Iraq a result in part it is argued of the existence of particular national strategic cultures Whilst the longer term

effects of Iraq for the transatlantic security agenda have yet to fully transpire what is certain is that the EU's ambitions to become a credible security actor have been seriously questioned as has the notion of multilateralism as an international norm as has the function of international law The book addresses these issues by considering the evolution of the EU's role in the world and the development of American perspectives on the transatlantic security agenda This volume was previously published as a special issue of the journal *European Security* *Understanding Global Security* Peter Hough, 2014-01-03 Fully revised to incorporate recent developments this third edition of *Understanding Global Security* analyses the variety of ways in which people's lives are threatened and or secured in contemporary global politics The traditional focus of Security Studies texts war deterrence and terrorism are analysed alongside non military security issues such as famine crime disease disasters environmental degradation and human rights abuses to provide a comprehensive survey of how and why people are killed in the contemporary world New to this edition Greater coverage of the evolving theoretical literature on security including more analysis of critical theory perspectives and emerging schools of thought A revamp of the sections examining the causes of inter state war and counter terrorism strategies Analysis of key recent developments including the global economic recession Haiti earthquake of 2010 and Fukushima nuclear disaster of 2011 New quantitative analysis of the impact of global crime and environmental change Greater evaluation of the divergences in how human security is interpreted and the future prospects for this way of thinking and acting in international relations User friendly and easy to follow this textbook is designed to make a complex subject accessible to all Key features include Top ten tables highlighting the most destructive events or forms of death in that areas throughout history Boxed descriptions elaborating key concepts in the fields of security and International Relations Biographical boxes of key individuals who have shaped security politics Further reading and websites at the end of each chapter guiding you towards the most up to date information on the various topics Glossary of political terminology This highly acclaimed and popular academic text will continue to be essential reading for everyone interested in security *Military Interventions in Sierra Leone* Larry J. Woods, 2010 Analyzes the massive turmoil afflicting the nation of Sierra Leone 1995 2002 and the efforts of outside forces to bring stability to that small country The taxonomy of intervention ranged from private mercenary armies through the Economic Community of West African States to the U N and the U K In every case those who intervened encountered a common set of difficulties that had to be overcome Unsurprisingly they also discovered challenges unique to their own org and political circumstances Serving soldiers can often profit vicariously from the mistakes of others as recounted in detailed case studies of historical events A cautionary tale that political leaders and military planners contemplating intervention in Africa ignore at their peril *Providing for National Security* Andrew M. Dorman, Joyce P. Kaufman, 2014-04-30 *Providing for National Security* A Comparative Analysis argues that the provision of national security has changed in the 21st century as a result of a variety of different pressures and threats In this timely volume experts from both the academic and policy worlds present 13 different country case studies

drawn from across the globe including established and newer states large and smaller states those on the rise and those in apparent decline to identify what these key players consider to be their national security priorities how they go about providing national security how they manage national security and what role they see for their armed forces now and in the future The book concludes that relative standing and the balance of power remains important to each state and that all see an important role for armed forces in the future
