during a pivotal time in American History The Harlem Reader Herb Boyd, 2007-12-18 There is no neighborhood in America as famous infamous and inspiring as Harlem From its humble beginnings as a farming district and country retreat for the rich Harlem grew to international prominence as the mecca of black art and culture then fell from grace despised as a crime ridden slum and symbol of urban decay But during all of these phases there was writing in Harlem great writing that sprang from one of the richest and most unique communities in the world From Harlem s most revered icons like Langston Hughes Duke Ellington Ann Petry and Malcolm X to voices of a new generation including Willie Perdomo Mase Grace Edwards and Piri Thomas The Harlem Reader gathers a wealth of vital impressions stories and narratives and blends them with original accounts offered by living storytellers famous and not so famous Fresh and vivid this volume perfectly captures the dramatic moments and personalities at the core of Harlem s ever evolving story *Changing New York City Politics* Asher Arian, Arthur S. Goldberg, John H. Mollenkopf, Edward T. Rogowsky, 2024-09-30 First published in 1991 Changing New York City Politics provides an important grounding for understanding where New York City politics is likely to go in the coming two years Three decades after New York City s first Black mayor was elected and then defeated after only one term the city s second Black mayor is facing challenges that in many ways are similar to those of his predecessor yet different in others Like David Dinkins Mayor Eric Adams faces worries about crime and public disorder recovery from an economic downturn and criticism over his managerial style It may be a quite different city today in terms of the makeup of its electorate less white more diverse but certainly no more Black and Adams may have a closer connection to the Police Department than Dinkins could manage but the challenges of constructing a multi racial electoral and governing coalition in the face of skepticism from white voters remains This book will be of interest to students and researchers of political science American history and comparative politics Boomers Helen Andrews, 2021-01-12 Baby Boomers and I confess I am one prepare to squirm and shake your increasingly arthritic little fists For here comes essayist Helen Andrews Terry Castle With two recessions and a botched pandemic under their belt the Boomers are their children s favorite punching bag But is the hatred justified Is the destruction left in their wake their fault or simply the luck of the generational draw In Boomers essayist Helen Andrews addresses the Boomer legacy with scrupulous fairness and biting wit Following the model of Lytton Strachey s Eminent Victorians she profiles six of the Boomers brightest and best She shows how Steve Jobs tried to liberate everyone s inner rebel but unleashed our stultifying digital world of social media and the gig economy How Aaron Sorkin played pied piper to a generation of idealistic wonks How Camille Paglia corrupted academia while trying to save it How Jeffrey Sachs Al Sharpton and Sonya Sotomayor wanted to empower the oppressed but ended up empowering new oppressors Ranging far beyond the usual Beatles and Bill Clinton clich s Andrews shows how these six Boomers effect on the world has been tragically and often ironically contrary to their intentions She reveals the essence of Boomerness they tried to liberate us and instead of freedom they left behind chaos *Psychiatry and Racial Liberalism in Harlem, 1936-1968* Dennis

A. Doyle, 2016 Reveals the history of the individuals who worked to make psychiatry more available to Harlem's black community in the early Civil Rights Era. Toward the middle of the twentieth century African Americans in New York City began to receive increased access to mental health care in some facilities within the city's mental health system. This study documents how and why this important change in public health and in public opinion on race occurred. Drawing on records from New York's children's courts, Harlem's public schools, Columbia University, and the Department of Hospitals, Dennis Doyle tells here the story of the American psychiatrists and civil servants who helped codify in New York's mental health policies the view that blacks and whites are psychological equals. The book examines in particular the events through which these racial liberals working in Harlem gained a foothold within New York's public institutions, creating inclusive public policies and ostensibly race-neutral standards of care. *Psychiatry and Racial Liberalism in Harlem, 1936-1968* not only contributes to the growing body of historiography on race and medical institutions in the civil rights era but more importantly shows how inveterate racial prejudices within public policy can be overcome. Dennis A. Doyle is assistant professor of history at the Saint Louis College of Pharmacy.

Harlem Nocturne Farah Jasmine Griffin, 2013-09-10 As World War II raged overseas, Harlem witnessed a battle of its own. Brimming with creative and political energy, the neighborhood's diverse array of artists and activists took advantage of a brief period of progressivism during the war years to launch a bold cultural offensive aimed at winning democracy for all Americans regardless of race or gender. Ardent believers in America's promise, these men and women helped to lay the groundwork for the Civil Rights Movement before Cold War politics and anti-Communist fervor temporarily froze their dreams at the dawn of the postwar era. In *Harlem Nocturne*, esteemed scholar Farah Jasmine Griffin tells the stories of three black female artists whose creative and political efforts fueled this historic movement for change: choreographer and dancer Pearl Primus, composer and pianist Mary Lou Williams, and novelist Ann Petry. Like many African Americans in the city at the time, these women weren't native New Yorkers, but the metropolis and its vibrant cultural scene gave them the space to flourish and the freedom to express their political concerns. Pearl Primus performed nightly at the legendary Caf  Society, the first racially integrated club in New York, where she debated dances of social protest that drew on long-buried African traditions and the dances of former slaves in the South. Williams, meanwhile, was a major figure in the emergence of bebop, collaborating with Dizzy Gillespie, Thelonious Monk, and Bud Powell, and premiering her groundbreaking *Zodiac Suite* at the legendary performance space Town Hall. And Ann Petry conveyed the struggles of working-class black women to a national audience with her acclaimed novel *The Street*, which sold over a million copies, a first for a female African American author. A rich biography of three artists and the city that inspired them, *Harlem Nocturne* captures a period of unprecedented vitality and progress for African Americans and women, revealing a cultural movement and a historical moment whose influence endures today.
