The Heart Of Rahner:

The Heart of Rahner Karl Rahner, John Griffiths, 1980 The Heart of Rahner Heidi Russell, 2007 **The Reality of Love** Ingvild Rosok, 2018-01-12 Love is one and love is all we need This book argues against the traditional theological view that God's love differs from human love If God is love and love is one we will find God embodied in all kinds of genuine love experiences By analyzing Karl Rahner's theology of love the author explores how God penetrates and embraces the whole of reality suggesting implications for Christian spirituality and spiritual direction A Spirituality of Everyday Faith Declan Marmion, 1998 Because spirituality is such a ubiquitous term today any attempt to elucidate it more fully is only to be welcomed Volume 23 in the LTPM series represents a significant contribution in this regard Beginning with the apostle Paul Declan Marmion shows how the meaning of the term spirituality changed over the centuries He then offers a useful working definition of spirituality and explores the complicated relationship between spirituality academic theology and religious experience In the main body of the book Marmion focuses on the spiritual basis of Karl Rahner's theology Exhibiting a comprehensive knowledge of the primary and secondary literature in this area Marmion uses Rahner's notion of spirituality to treat such important themes as the nature of God mystical experience prayer love of neighbor and more The Mysticism of Ordinary Life Andrew Prevot, 2023 The Mysticism of Ordinary Life presents a new vision of Christian mystical theology offering critical interpretations of the theologians philosophers and intersectional feminists who draw on mystical traditions to affirm ordinary life arguing that everyday experiences of divine grace can be an empowering source of social transformation Atheisms Harriet A. Harris, Victoria S. Harrison, 2023-05-12 Questions about how to negotiate belief and non belief in social and public spheres are attracting an increasing amount of attention from academics in a range of disciplines and from concerned members of the public This volume addresses the emergence of new atheism and the developing spiritual but not religious phenomenon Avoiding simplistic accounts of atheism and of religious belief it provides readers with insight into a wide range of nuances within theism and atheism as well as spiritual practice and faith The chapters by an international panel of contributors focus on topics such as a typology or cartography of atheisms and agnosticism contrasting types of atheism within Christianity and Buddhism questions about cognitive and doxastic stances in atheisms theist rejections of and atheist embracing of God and atheist aesthetics Reaching beyond the Christian tradition the book will be of particular interest to scholars of the philosophy of religion as well as religious studies and theology more generally The Heart of Rahner Heidi Russell, 2009 *Faithful Reading* Simon Oliver, Karen Kilby, Thomas O'Loughlin, 2012-03-29 Fergus Kerr OP is one of the foremost Catholic theologians of his generation His works are widely read by specialists and students in the UK North America and across the world His Theology after Wittgenstein is regarded as a seminal work in philosophical theology His After Aquinas Versions of Thomism and Twentieth Century Catholic Theologians are two of the finest student focussed introductions to their topics currently available The essays in this

collection cover the two key areas of Kerr's contribution: the relationship between theology and philosophy focusing particularly on Thomism and twentieth century Catholic thought. These themes provide the volume's coherence. A key strength of this volume lies in the stature of its contributors. These include the Canadian Catholic philosopher and Templeton laureate Charles Taylor, Stanley Hauerwas, John Milbank, David Burrell, and Denys Turner. A number of younger contributors representing the influence of Kerr over several generations are also represented. *The Heart at the Heart of the World*

Frohlich, Mary, 2024-04-17 Reflection on the meaning of devotion to the Sacred Heart in light of ecological challenges

Freedom Made Manifest Peter Joseph Fritz, 2018-12-12 *Freedom Made Manifest* explicates Rahner's theology of freedom by elucidating its configuration and sources. Much of its inquiry centers on the fundamental option: each human person's eternal decision made paradoxically in time as a definitive answer to God's personally tailored call to salvation. This idea stems from three principal sources: Catholic conversations with transcendental idealist philosophy, penitential theology and practice, and Ignatian spirituality. Rahner's unique redeployment of these sources inflects the fundamental option with theologies of concupiscence, mercy, and forgiveness, especially as ecclesially mediated and devotion to Jesus Christ. Awareness of these inflections can show how Rahner's theology of freedom may assist in theological reflection on freedom's susceptibility to injury and trauma.
