Geoffrey Robertson

The Helen Smith Story Fontana Paperbacks:

The Helen Smith Story Paul Foot, Ron Smith, 1983-01 **Anglo-American Policy Toward the Persian Gulf, 1978-1985** Tore T. Petersen, 2015 Offers an analysis on how Great Britain and the United States confronted the initial emergence of fundamentalist Islam with the occupation of the Holy Mosque in Mecca and Khomeini's revolution in Iran. Despite the loss of Iran the United States and Britain managed to secure the Arab side of the Persian Gulf in the Western camp **British Paperbacks in Print**, 1984 **The Justice Game** Geoffrey Robertson, 1998 Geoff Robertson was born in Australia but came to London in 1970. He made his name as the fearless defender of Oz magazine at the celebrated trial and went on to engage in some of the most newsworthy cases in recent history. He has defended John Stonehouse, Cynthia Payne, Salman Rushdie, Kate Adie, Arthur Scargill, Daniel Sullivan, GAY NEWS, The Romans of Britain, Niggaz with Attitude, and a pair of foetal earrings. The book includes accounts of recent cases including the defence of a West London gym owner against the Prince of Wales, the Matrix Churchill affair, and the defence of the GUARDIAN in the cash for questions affair. Hugely readable, funny, scandalous, revelatory, this will become one of the great books about the law. It will cause considerable controversy with its disclosure of some of the hidden details behind some very high profile recent legal cases **Pride Versus Prejudice** John Cooper, 2003-07-01 John Cooper's pioneering full length study is a treasure trove of new information, fresh in terms of the ground it covers and the material it assembles. Building on newspapers, archives, and interviews to illustrate the lives and professional experiences of the individuals involved, Cooper also brings out such broad underlying themes as emancipation, antisemitism, radical assimilation, and professionalization. This engaging work on Anglo-Jewry will be of value to the historian and general reader alike **Paul Foot** Margaret Renn, 2024-08-06 A portrait of a brilliant journalist and tireless campaigner for justice. Paul Foot was one of the most influential investigative reporters of his generation. For nearly fifty years he was the scourge of corrupt politicians and dodgy businessmen, a champion of the underdog. In this, the first biography of Paul Foot, journalist Margaret Renn traces Foot's personal, political, and professional trajectories, placing his life and works within the long arc of postwar Britain. Drawing on extensive interviews with those close to him and utilizing her unparalleled knowledge of his prodigious output, the book brings the many different faces of Paul Foot together into a single portrait. A prolific writer for the Daily Mirror, Private Eye, the Guardian, and Socialist Worker, Foot's investigations broke numerous major stories. He wrote about ordinary people caught up in extraordinary events and the issues in some of his campaigns maintained their prominence long after his death in 2004: police corruption in the Stephen Lawrence case, sexual abuse in children's homes, the Lockerbie bombing. His books ranged from how politicians used race to win votes through miscarriages of justice to the politics of poetry and the failure of the vote to deliver power to the people. Paul Foot: A Life in Politics is a brilliant portrait of a committed and active socialist orator and relentless investigator of wrongdoing **France 1814-1915** Roger Magraw, 1983 **Church and People, 1450-1660** Claire Cross, 1979 New

Society ,1983 Myth and (mis)information Allan Ingram,Helen Williams,Clark Lawlor,2024-06-25 This collection draws together original scholarship from international contributors on a range of aspects of professional and semi professional medical work and its relations to British culture It combines a diverse spectrum of scholarly approaches from medical history to book history exploring literary and scientific texts such as satiric poetry essays anatomies advertisements and the novel to shed light on the mythologisation and transmission of medical mis information through literature and popular culture It analyses the persuasive and sometimes deceptive means by which myths as well as information and beliefs about medicine and the medical professions proliferated in English literary culture of this period from early eighteenth century household remedies to the late nineteenth century concerns with vaccination that are still relevant today
