Miles On the Mountain: Skiing At Sixty-four and Other Adventures Charlie Avera, 2020-02-27 Miles on the Mountain tells the story of the author's four year journey

learning to ski in Colorado's beautiful Rocky Mountains. This book is a simple and honest narrative that describes the ups and downs and successes and failures of an older guy learning to ski later in life. In 1992, Charlie moved his family from Michigan to Colorado and has never regretted that decision. But raising six children did not leave much time or money to take up an expensive sport like skiing. However, things changed in December 2013 when his daughter asked him if he wanted to try it just once. From that first day on the bunny hill at the age of 60 to skiing blue and black diamond runs in some of Colorado's most popular ski resorts, this book is more than just a chronicle of events. Miles on the Mountain engages you in many friendly conversational and sometimes humorous stories as Charlie learned to ski as a senior citizen as well as the back story of why he waited so long to start his skiing career.
