Philip Barnes, 2011-07-07 Debates in Religious Education is an accessible and comprehensive guide to the issues that are currently central to discussions in religious education it is written with the needs of both trainee and practising teachers in mind Improving Religious Education Through Teacher Training Friedrich Schweitzer, Rob Freathy, Stephen G. Parker, Henrik Simojoki, 2023 This book brings together two topics which have both been of increasing interest in different countries The first refers to the quality of Religious Education as a school subject RE in general the second is about the education of teachers of RE and its possible contribution to better quality RE There have been many public and often controversial debates concerning both of these topics The chapters contained in this volume however are not meant to continue such debates even if it is inevitable that they will contribute to these debates as well but to make use of research especially research on teacher education in the field of RE in order to provide insights based not just on political or personal opinions but on rigorous academic scholarship *Theology and Religious Studies in Higher Education* D.L. Bird, Simon G. Smith, 2009-01-22 Theology and religious studies co exist in the majority of departments in higher education institutions within the UK yet there has been very little debate or discussion on how these two disciplines relate to one another in this context and on a more general level This new collection of essays aims to redress the balance and to add to fruitful discussion in this area Including essays by some of today s leading academics on the sometimes contentious relationship between religious studies or the study of religions and theology this volume is international in scope with contributions from scholars from the UK USA South Africa Netherlands Sweden and Iran Many of the essays offer a contextualised account of the evolving relationship between the disciplines The contributors address such issues as the place

of theology within today's universities the problem of clashing methodologies in theology and religious studies the possibility for a theological religious studies approaching the study of religions without theology interdisciplinary approaches for bridging the theology religious studies divide and the place of biblical studies in the theology religious studies debate

Religious Meaning-making Skills John Boyers, 2000 *Teaching Critical Religious Studies* Jenna

irreligious as indicated in the Book of Job by putting God in the dock whereas it is the pupil who should be cross examining his or her life What are the ways of exciting and engaging the young so that they begin to entertain the possibility of religious life as a genuine option for themselves Leading scholars in philosophy and theology from the UK Australia Canada and the USA come together to address these questions together with RE experts Marius Felderhof writes an Afterword summing up the challenges faced by such a re visioning of RE
