the Modern South Keira V Williams uses the Susan Smith case to analyze the new sexism found in the agenda of the budding neoconservatism movement of the 1990s She notes that in the weeks after Smith s confession soon to be Speaker of the House Newt Gingrich made statements linking Smith s behavior to the 1960s counterculture movement and to Lyndon Johnson s Great Society social welfare programs At the same time various magazines declared the death of feminism and a crisis in masculinity as the assault on liberal social causes gained momentum In response to this perceived crisis Williams argues a distinct code of gender discrimination developed that sought to reassert a traditional form of white male power In addition to consulting a wide variety of sources including letters from Smith written since her incarceration Williams contextualizes the infamous case within the history of gender politics over the last quarter of the twentieth century She reveals how the rhetoric imagery and legal treatment of infanticidal mothers changed and asserts that the latest shift reflects the evolution of a neoconservative politics *The Bohemian South* Shawn Chandler Bingham, Lindsey A.

powerful and original book Linda Martin Alcoff aims to correct the misleading language of public debate about rape and sexual violence by showing how complex our experiences of sexual violation can be Although it is survivors who have galvanized movements like MeToo when their words enter the public arena they can be manipulated or interpreted in a way that damages their effectiveness Rather than assuming that all experiences of sexual violence are universal we need to be more sensitive to the local and personal contexts who is speaking and in what circumstances that affect how activists and survivors protests will be received and understood Alcoff has written a book that will revolutionize the way we think about rape finally putting the survivor center stage Crossing borders and queering citizenship Zalfa Feghali, 2019-04-16 Can reading make us better citizens Fusing queer theory citizenship studies and border studies in its exploration of seven U S Canadian and Indigenous authors poets and performance artists Crossing borders and queering citizenship theorises how reading can work as a empowering tool in contemporary civic struggles in the North America **Southern Selves** James Watkins, 2007-12-18 The memoirist seek to capture not just a self but an entire world and in this marvelous anthology thirty one of the South s finest writers writers like Kaye Gibbons and Reynolds Price Eudora Welty and Harry Crews Richard Wright and Dorothy Allison make their intensely personal contributions to a vibrant collective picture of southern life In the hands of these superb artists the South s rich tradition of storytelling is brilliantly revealed Whether slave or master intellectual or redneck each voice in this moving and unforgettable collection is proof that southern literature richly deserves its reputation for irreverent humor exquisite language a feeling for place and an undying often heartbreaking sense of the past
