Physical Education (PE) plays a crucial role in the holistic education and development of children. Yet in many schools from marginalised neighbourhoods PE is not given the recognition and importance it deserves. For this reason the KaziKidz teaching material was developed for teachers, principals, school staff or for those responsible from the Department of Education in order to contribute to and support the quality of PE in these schools. The exercises and games in this book are easy to use, do not require a lot of material and are met with much joy and enthusiasm by the learners. The teaching material was developed by a team of South African and Swiss experts. The lessons meet the requirements of the South African Curriculum and Assessment Policy Statement (CAPS) and are supported by the Department of Education, Eastern Cape. We hope you enjoy the lessons.

very young age to adulthood and friends in various situations in life The emotional content spans the gamut from hilarious to quite serious and sad This is a verbal depiction of the actual lives of myself and my children Denise Danny Debi and Davy all of whom are now grown and happy with the lives they have chosen and built for themselves Junebug began writing these stories while working for her local weekly newspaper The idea of a building a book of stories for my children about our lives was then born After three years one hundred stories were finally completed
