Slaves of Sleep & the Masters of Sleep L. Ron Hubbard, 1993-10-15 Jan Palmer wakes from a deep sleep into a living nightmare that seems to be a parallel universe of evil Jinn deadly secrets and beautiful but dangerous dancing girls While trying to figure out the meaning of his dreams he finds humankind's fate resting in his hands If you have ever suffered from sleepless nights or insomnia this is a tale that might just open your eyes Slaves of Sleep is an L Ron Hubbard tale of parallel universes one of the first in modern fantasy writing Cursed with eternal wakefulness by an evil Jinn never ending nightmares and imprisoned for a crime he didn't commit Jan Palmer is living hell in two worlds or is this just lucid dreaming On Earth he is a prisoner of his own insecurities and in the land of the Jinn he is Tiger the swashbuckling rogue but in both he faces death at every turn Unless he can discover the meaning of his dreams before it's too late I stayed up all night finishing it The yarn scintillated Ray Bradbury

**White Slaves, African Masters** Paul Baepler, 1999-05-15 Some of the most popular stories in nineteenth century America were sensational tales of whites captured and enslaved in North Africa White Slaves African Masters for the first time gathers together a selection of these Barbary captivity narratives which significantly influenced early American attitudes toward race slavery and nationalism Though Barbary privateers began to seize North American colonists as early as 1625 Barbary captivity narratives did not begin to flourish until after the American Revolution During these years stories of Barbary captivity forced the U S government to pay humiliating tributes to African rulers stimulated the drive to create the U S Navy and brought on America's first post revolutionary war These tales also were used both to justify and to vilify slavery The accounts collected here range from the 1798 tale of John Foss who was ransomed by Thomas Jefferson's administration for tribute totaling a sixth of the annual federal budget to the story of Ion Perdicaris whose probably staged abduction in Tangier in 1904 prompted Theodore Roosevelt to send warships to Morocco and inspired the 1975 film The Wind and the Lion Also included is the unusual story of Robert Adams a light skinned African American who was abducted by Arabs and used by them to hunt negro slaves captured by black villagers who presumed he was white then was sold back to a group of Arabs from whom he was ransomed by a British diplomat Long out of print and never before anthologized these fascinating tales open an entirely new chapter of early American literary history and shed new light on the more familiar genres of Indian captivity narrative and American slave narrative Baepler has done American literary and cultural historians a service by collecting these long out of print Barbary captivity narratives Baepler's excellent introduction and full bibliography of primary and secondary sources greatly enhance our knowledge of this fascinating genre Library Journal

**Master Narratives, Identities, and the Stories of Former Slaves** Jonathan Clifton, Dorien Van De Mierop, 2016-03-31 This book is intended for researchers in the field of narrative from post graduate level onwards It analyzes the audio recordings of the narratives of former slaves from the American South which are now publically available on the Library of Congress website Voices from the days of slavery More specifically this book analyses the identity work of

these former slaves and considers how these identities are related to master narratives The novelty of this book is that through using such a temporally diverse and relatively large corpus we show how master narratives change according to both the zeitgeist of the here and now of the interview world and the historical period that is related in the there and then of the story world Moreover focusing on the active achievement of master narratives as socially situated co constructed discursive accomplishments we analyze how different inherently unstable and even contradictory versions of master narratives are enacted

Henry Newman, 1891 **Sleeping with the Ancestors** Joseph McGill Jr., Herb Frazier, 2023-06-06 In this enlightening personal account one man tells the story of his groundbreaking project to sleep in former slave dwellings revealing the fascinating history behind these sites and shedding light on larger issues of race in America Since founding the Slave Dwelling Project project in 2010 historic preservationist Joseph McGill Jr has been touring the country spending the night in former slave dwellings throughout the South but also the North and the West where people are often surprised to learn that such structures exist Sleeping with the Ancestors focuses on all of the key sites McGill has visited in his ongoing project and digs deeper into the actual history of each location using McGill's own experience and conversations with the community to enhance those original stories Together McGill and coauthor Herb Frazier give readers an important immersion into the history of slavery and especially the obscured and ignored aspects of that history Contains a new afterword and reading group guide **As Night Falls** Avner Wishnitzer, 2021-07-01

In a world that is constantly awake illuminated and exposed there is much to gain from looking into the darkness of times past This fascinating and vivid picture of nocturnal life in Middle Eastern cities shows that the night in the eighteenth century Ottoman Empire created unique conditions for economic criminal political devotional and leisurely pursuits that were hardly possible during the day Offering the possibility of livelihood and brotherhood pleasure and refuge the darkness allowed confiding hiding and conspiring activities which had far reaching consequences on Ottoman state and society in the early modern period Instead of dismissing the night as merely a dark corridor between days As Night Falls demonstrates how fundamental these nocturnal hours have been in shaping the major social cultural and political processes in the early modern Middle East **Masters and Slaves in the House of the**

**Lord** John B. Boles, 2021-03-17 Much that is commonly accepted about slavery and religion in the Old South is challenged in this significant book The eight essays included here show that throughout the antebellum period southern whites and blacks worshipped together heard the same sermons took communion and were baptized together were subject to the same church discipline and were buried in the same cemeteries What was the black perception of white controlled religious ceremonies How did whites reconcile their faith with their racism Why did freedmen as soon as possible after the Civil War withdraw from the biracial churches and establish black denominations This book is essential reading for historians of religion the

Genovese,2011-02-09 A testament to the power of the human spirit under conditions of extreme oppression this landmark history of slavery in the South challenged conventional views by illuminating the many forms of resistance to dehumanization that developed in slave society Displaying keen insight into the minds of both enslaved persons and slaveholders historian Eugene Genovese investigates the ways that enslaved persons forced their owners to acknowledge their humanity through culture music and religion He covers a vast range of subjects from slave weddings and funerals to language food clothing and labor and places particular emphasis on religion as both a major battleground for psychological control and a paradoxical source of spiritual strength A winner of the Bancroft Prize

**The Magazine of Fantasy & Science Fiction** ,1994-04      **Wild Nights** Benjamin Reiss,2017-03-07 Why the modern world forgot how to sleep Why is sleep frustrating for so many people Why do we spend so much time and money managing and medicating it and training ourselves and our children to do it correctly In *Wild Nights* Benjamin Reiss finds answers in sleep s hidden history one that leads to our present sleep obsessed society its tacitly accepted rules and their troubling consequences Today we define a good night s sleep very narrowly eight hours in one shot sealed off in private bedrooms children apart from parents But for most of human history practically no one slept this way Tracing sleep s transformation since the dawn of the industrial age Reiss weaves together insights from literature social and medical history and cutting edge science to show how and why we have tried and failed to tame sleep In lyrical prose he leads readers from bedrooms and laboratories to factories and battlefields to Henry David Thoreau s famous cabin at Walden Pond telling the stories of troubled sleepers hibernating peasants sleepwalking preachers cave dwelling sleep researchers slaves who led nighttime uprisings rebellious workers spectacularly frazzled parents and utopian dreamers We are hardly the first people Reiss makes clear to chafe against our modern rules for sleeping A stirring testament to sleep s diversity *Wild Nights* offers a profound reminder that in the vulnerability of slumber we can find our shared humanity By peeling back the covers of history Reiss recaptures sleep s mystery and grandeur and offers hope to weary readers as sleep was transformed once before so too can it change today      **What Is a Slave Society?** Noel Lenski,Catherine M. Cameron,2018-05-10 The practice of slavery has been common across a variety of cultures around the globe and throughout history Despite the multiplicity of slavery s manifestations many scholars have used a simple binary to categorize slave holding groups as either genuine slave societies or societies with slaves This dichotomy as originally proposed by ancient historian Moses Finley assumes that there were just five genuine slave societies in all of human history ancient Greece and Rome and the colonial Caribbean Brazil and the American South This book interrogates this bedrock of comparative slave studies and tests its worth Assembling

contributions from top specialists it demonstrates that the catalogue of five must be expanded and that the model may need to be replaced with a more flexible system that emphasizes the notion of intensification The issue is approached as a question allowing for debate between the seventeen contributors about how best to conceptualize the comparative study of human bondage *An Essay on the Development of Christian Doctrine* Blessed John Henry Newman, Aeterna Press, 2011

Considering the high gifts and the strong claims of the Church of Rome and its dependencies on our admiration reverence love and gratitude how could we withstand it as we do how could we refrain from being melted into tenderness and rushing into communion with it but for the words of Truth itself which bid us prefer it to the whole world He that loveth father or mother more than Me is not worthy of Me How could we learn to be severe and execute judgment but for the warning of Moses against even a divinely gifted teacher who should preach new gods and the anathema of St Paul even against Angels and Apostles who should bring in a new doctrine Aeterna Press *A Social History of Black Slaves and Freedmen in*

*Portugal, 1441-1555* A. Saunders, 1982-02-11 This book is a detailed study of black slavery in Portugal during the fifteenth and sixteenth centuries *Historical Lights* Charles Eugene Little, 1896
