Peterson, 2013-05-01 Many congregations today focus on strategy and purpose what churches do but Cheryl Peterson submits that mainline churches need to focus instead on what or who they are to reclaim a theological rather than sociological understanding of themselves Peterson suggests that we understand the church as a people created by the Spirit to be a community and that we must claim a narrative method to explore the church s identity specifically the story of the church s origin in the Acts of the Apostles Finally here is a way of thinking of church that reconciles the best of competing models of church for the future of mainline Protestant theology
