

A historical map of Missouri, colored in a reddish-pink hue, is the background. The map shows the state's borders with neighboring states like Illinois to the east and Arkansas to the south. Key geographical features include the Missouri River to the north, the Osage River flowing through the center, and the White River to the south. Major cities such as St. Louis, St. Joseph, and Springfield are marked. The text 'POEMS ABOUT MISSOURI' is superimposed in large, white, bold, sans-serif capital letters across the middle of the map.

Songs Along The Missouri Poems:

Songs Along the Missouri Harry Benoist Davis, 2011-08 Coming on the 30th anniversary of the original this second edition of Songs Along the Missouri introduces over fifty new poems Like Blake and Wordsworth before him Harry Benoist Davis's intense interface with the natural world inspired his life and work Songs Along the Missouri speaks of the difficulty of being authentically human of finding the divine in everyday things the richness of community and family the ache of loss and the power of compassion to change the world The Ballad Collectors of North America Scott B. Spencer, 2012 Much has been written about the songs gathered in North America in the first half of the 20th century However there is scant information on those individuals responsible for gathering these songs The Ballad Collectors of North America How Gathering Folksongs Transformed Academic Thought and American Identity fills this gap documenting the efforts of those who transcribed and recorded North American folk songs Both biographical and topical this book chronicles not only the most influential of these song catchers but also examines the main schools of thought on the collection process the leading proponents of those schools and the projects that they shaped Contributors also consider the role of technology especially the phonograph in the collection efforts Chapters organized by region cover such areas as Appalachia the West and Canada while others devoted to specialized topics from the cowboy tune and occupational song to the commercialization of folk music through song collections and anthologies Ballad Collectors investigates the larger role of the ballad in the development of American identity from the national appreciation of cowboy songs in popular culture to the use of Appalachian song forms in radio broadcasts to the role of dustbowl ballads in the urban folk revival of the 1950s and 1960s Finally this collection assesses the changing role of songs and song texts in the academic fields of folklore anthropology musicology and ethnomusicology Scholars and students of American cultural and social history as well as fans of North American folk and popular music will find The Ballad Collectors of North America a fascinating story of how the American folk tradition gained greater visibility fueling the revolutions that would follow in the writing and performance of American music An Index to Poetry and Recitations Edith Granger, 1918 **Women in the American Civil War** Lisa . Tendrich Frank, 2007-12-03 This fascinating work tells the untold story of the role of women in the Civil War from battlefield to home front Most Americans can name famous generals and notable battles from the Civil War With rare exception they know neither the women of that war nor their part in it Yet as this encyclopedia demonstrates women played a critical role The book's 400 A-Z entries focus on specific people organizations issues and battles and a dozen contextual essays provide detailed information about the social political and family issues that shaped women's lives during the Civil War era Women in the American Civil War satisfies a growing interest in this topic Readers will learn how the Civil War became a vehicle for expanding the role of women in society Representing the work of more than 100 scholars this book treats in depth all aspects of the previously untold story of women in the Civil War Poetry and the Thought of Song in Nineteenth-Century Britain Elizabeth K. Helsinger, 2015-09-09

In arguing for the crucial importance of song for poets in the long nineteenth century Elizabeth Helsinger focuses on both the effects of song on lyric forms and the mythopoetics through which poets explored the affinities of poetry with song Looking in particular at individual poets and poems Helsinger puts extensive close readings into productive conversation with nineteenth century German philosophic and British scientific aesthetics While she considers poets long described as musical Alfred Lord Tennyson Gerard Manly Hopkins Emily Bront and Algernon Charles Swinburne Helsinger also examines the more surprising importance of song for those poets who rethought poetry through the medium of visual art Dante Gabriel Rossetti William Morris and Christina Rossetti In imitating song s forms and sound textures through lyric s rhythm rhyme and repetition these poets were pursuing song s thought in a double sense They not only asked readers to think of particular kinds of song as musical sound in social performance ballads national airs political songs plainchant but also invited readers to think like song to listen to the sounds of a poem as it moves minds in a different way from philosophy or science By attending to the formal practices of these poets the music to which the poets were listening and the stories and myths out of which each forged a poetics that aspired to the condition of music Helsinger suggests new ways to think about the nature and form of the lyric in the nineteenth century

Index to Poetry and Recitations Edith Granger,1904 Anecdotes, Poetry, and Incidents of the War Frank Moore,1866 The Family Library of Poetry and Song William Cullen Bryant,1880

A New Library of Poetry and Song William Cullen Bryant,1877 **AN INDEX TO POETRY AND RECITATIONS** ,1918

The family library of poetry and song, selections from the best poets, including tr., ed. by W.C. Bryant. Memorial ed William Cullen Bryant,1880 **The Circulation of Poetry in Manuscript in Early Modern England** Arthur F.

Marotti,2021-05-26 This study examines the transmission and compilation of poetic texts through manuscripts from the late Elizabethan era through the mid seventeenth century paying attention to the distinctive material social and literary features of these documents The study has two main focuses the first the particular social environments in which texts were compiled and second the presence within this system of a large body of usually anonymous rare or unique poems Manuscripts from aristocratic academic and urban professional environments are examined in separate chapters that highlight particular collections Two chapters consider the social networking within the university and London that facilitated the transmission within these environments and between them Although the topic is addressed throughout the study the place of rare or unique poems in manuscript collections is at the center of the final three chapters The book as a whole argues that scholars need to pay more attention to the social life of texts in the period and to little known or unknown rare or unique poems that represent a field of writing broader than that defined in a literary history based mainly on the products of print culture

International Who's Who in Poetry 2004 Europa Publications,2003 Provides up to date profiles on the careers of leading and emerging poets Dictionary of Midwestern Literature, Volume Two Philip A. Greasley,2016-08-08 The Midwest has produced a robust literary heritage Its authors have won half of the nation s Nobel Prizes for Literature plus a significant

number of Pulitzer Prizes This volume explores the rich racial ethnic and cultural diversity of the region It also contains entries on 35 pivotal Midwestern literary works literary genres literary cultural historical and social movements state and city literatures literary journals and magazines as well as entries on science fiction film comic strips graphic novels and environmental writing Prepared by a team of scholars this second volume of the Dictionary of Midwestern Literature is a comprehensive resource that demonstrates the Midwest's continuing cultural vitality and the stature and distinctiveness of its literature

The British Traditional Ballad in North America Tristram Potter Coffin, Roger deV. Renwick, 2014-07-03

Tristram Potter Coffin's *The British Traditional Ballad in North America* published in 1950 became recognized as the standard reference to the published material on the Child ballad in North America Centering on the theme of story variation the book examines ballad variation in general treats the development of the traditional ballad into an art form and provides a bibliographical guide to story variation as well as a general bibliography of titles referred to in the guide Roger deV Renwick's supplement to *The British Traditional Ballad in North America* provides a thorough review of all sources of North American ballad materials published from 1963 the date of the last revision of the original volume to 1977 The references which include published text fragments and published title lists of items in archival collections are arranged according to each ballad's story variations Textual and thematic comparisons among ballads in the British and American tradition are made throughout In his introductory essay Renwick synthesizes the various theoretical approaches to the phenomenon of variation that have appeared in scholarly publications since 1963 and provides examples from texts referred to in the bibliographical guide itself The supplement like its parent work is an invaluable reference tool for the study of variation in ballad form content and style Together with the reprinted text of the 1963 edition the supplement provides an exhaustive bibliography to the literature on the British traditional ballad in North America

Congressional Record United States.
