 targeting beginners of all ages children teens parents grandparents Folk music traditionally is not learned from sheet music
 or notes Instead it is learned by repetition and from being passed from generation to generation We believe in this method of
 teaching which is easier and more enjoyable This book includes 63 familiar and easy to play folk songs and melodies Each
 song here is written with color circles and letter notes inside Most songs have been simplified and transposed for one octave
 Since this book is aimed at the absolute beginner without any knowledge of reading music we do not use here the classical
 music staff and do not show the note duration You can experiment with the duration on your own If you have very little music
 experience playing by note can be difficult It is easier to follow color coded circles with note letters By simply following the
 color circles you will sound like an experienced musician This songbook uses the Chroma Notes Colored Music System
 popular in the US We call this series I don t read music since we are targeting beginners of all ages children teens parents
 grandparents Folk music traditionally is not learned from sheet music or notes Instead it is learned by repetition and from
 being passed from generation to generation We believe in this method of teaching which is easier and more enjoyable The
 simple method of using circles as an aid allows the flexibility that existed in traditional ways of teaching We recommend
 finding each of these songs on YouTube and listening to the rhythm before beginning to play Our sheet music is only a guide
 The most important thing is to listen and repeat the recordings Contents Alphabet Song A Hunting We Will Go A Sailor Went
