J. Berkovitz,2023-06-20 The Bible shaped nearly every aspect of Jewish life in the ancient world from activities as obvious as attending synagogue to those which have lost their scriptural resonance in modernity such as drinking water and

uttering one's last words And within a scriptural universe no work exerted more force than the Psalter the most cherished text among all the books of the Hebrew Bible A Life of Psalms in Jewish Late Antiquity clarifies the world of late ancient Judaism through the versatile and powerful lens of the Psalter It asks a simple set of questions Where did late ancient Jews encounter the Psalms How did they engage with the work And what meanings did they produce A J Berkovitz answers these queries by reconstructing and contextualizing a diverse set of religious practices performed with and on the Psalter such as handling a physical copy reading from it interpreting it exegetically singing it as liturgy invoking it as magic and reciting it as an act of piety His book draws from and contributes to the fields of ancient Judaism biblical reception book history and the history of reading

**City of Song** Michael A. Figueroa, 2022 Modern Jerusalem a city central to Jewish Muslim and Christian religious imaginaries and the political epicenter of the Israeli Palestinian crisis is to put it mildly a highly contested space More surprising perhaps is that its musical landscape not only reflects these rifts but also helped to define them as the ancient city transitioned to modernity during the twentieth century In City of Song Music and the Making of Modern Jerusalem author Michael A Figueroa argues that musical renderings of Jerusalem have been critical to the formation of Israeli political consciousness The book demonstrates how Israeli songwriters helped to shape their public's territorial imagination creating images of a city at once heavenly and earthly that dwells in longing that must not be forgotten that compels one to bereave the dead that represents the fulfilment of prophecy and that is the site of immense cultural diversity The dynamic history of its representation in lyrics and music helps dispel any notion that the Israeli Palestinian crisis is timeless intractable and based on static essential identities while there are continuities across historical divides radical change constantly transpires City of Song combines analyses of musical meaning political discourse and public performance over the long twentieth century 1880s 2010 to reveal how the Israeli Palestinian crisis territorial fixation on Jerusalem has been constructed historically contingent and subject to artistic intervention in modernity Through a musical history of Jerusalem Figueroa introduces a novel humanities centered approach to one of the world's most contested cities and one of the defining cultural and political questions of our era

**Foundations of Christian Music** Edward Foley, 2020-07-09 In the study of Christian liturgical music the first three centuries of the Christian era are foundational Seldom however does

this period receive serious attention from scholars One of the reasons for this oversight is the fluid auditory environment of this period and the inadequacy of the Western concept of music to describe this environment Foundations of Christian Music addresses this lacuna by exploring the auditory environment of first century CE Judaism and emerging Christianity until the time of Constantine d 337 Through a consideration of the text styles forms performance and settings of Jewish and early Christian worship Foundations offers an unusually rich perspective on the lyrical nature of emerging Christian worship

**The People of the Song** Yael Sela, 2025-02-03 When in 1783 Moses Mendelssohn's German Psalms translation was published in Berlin forward thinking ideologues of Jewish cultural revival rendered its translator a redeemer of the songs of King David from exilic desolation The People of the Song is the first study to examine Mendelssohn's conception of biblical Hebrew poetry as a particular manifestation of Judaism's universalism The author traces how it helped forge a new foundational narrative that imagined Israel's covenant with God in sacred song not in revealed law portrayed King David as a bard not a military leader and envisioned national redemption of modern Jews as an aesthetic not a political revival
