Davis,2020-10-26 Richard Davis has expertly crafted a stirring narrative of the last years of Song focusing on loyalist resistance to Mongol domination as more than just a political event Davis convincingly argues that Song martyrs were dying for more than dynasty alone martyrdom can be linked to other powerfully compelling symbols as well Seen from the perspective of the conquered the phenomenon of martyrdom reveals much about the cultural history of the Song Davis challenges the traditional view of Song martyrdom as a simple expression of political duty by examining the phenomenon instead from the perspective of material life and masculine identity He also explores the tensions between the outer court of militant radicals and an inner court run by female regents tensions that reflect the broader split between factions of Song government as well as societal

conflict Davis reveals the true magnitude of the loyalist phenomenon in this beautifully written fascinating study of Song political loyalty and cultural values

Utopia and Utopianism in the Contemporary Chinese Context David Der-wei Wang, Angela Ki Che Leung, Zhang Yinde, 2020-04-05 *Utopia and Utopianism in the Contemporary Chinese Context* Texts Ideas Spaces decisively demonstrates the extent to which utopianism has shaped political thought cultural imaginaries and social engagement after it was introduced into the Chinese context in the nineteenth century In fact pursuit of utopia has often led to action such as the Chinese Revolution and the Umbrella Movement and contested consequences Covering a time span that goes from the late Qing to our days the authors show that few ideas have been as influencing as utopia which has compellingly shaped the imaginaries that underpin China's historical change Utopianism contributed to the formation of the Chinese state itself shaping the thought of key figures of the late Qing and early Republican eras such as Kang Youwei and Sun Yat sen and outlived the labyrinthine debates of the second half of the twentieth century both under Mao's rule and during the post socialist era Even in the current times of dystopian narratives a period in which utopia seems to be less influential than in the past its manifestations persistently provide lifelines against fatalism or cynicism This collection shows how profoundly utopian ideas have nurtured both the thought of crucial figures during these historical times the new generation of mainland Chinese and Sinophone intellectuals and the hopes of twenty first century Hong Kong activists Wang Leung and Zhang's collection is a timely contribution to utopian studies built on consistent coherent boundary crossing approaches Interdisciplinary in its very sense the essays bring intellectual history literary studies philosophy and political theories together in dialogue Of particular note are the essays that situate Hong Kong in a literary tradition that connects China Hong Kong and the beyond Mingwei Song Wellesley College *Utopia and Utopianism in the Contemporary Chinese*

Context is an impressive intellectual undertaking The essays are highly engaging and offer powerful multi faceted approaches to utopianism in contemporary Chinese thought and practice Stimulating and informative the book as a whole addresses the dynamic interplay between the utopian and dystopian thereby inspiring clarity in political thought and action in the present moment Robin Visser University of North Carolina at Chapel Hill

The Organization of Distance Lucas Klein,2018-07-17 What makes a Chinese poem Chinese Some call modern Chinese poetry insufficiently Chinese saying it is so influenced by foreign texts that it has lost the essence of Chinese culture as known in premodern poetry Yet that argument overlooks how premodern regulated verse was itself created in imitation of foreign poetics Looking at Bian Zhilin and Yang Lian in the twentieth century alongside medieval Chinese poets such as Wang Wei Du Fu and Li Shangyin The Organization of Distance applies the notions of foreignization and nativization to Chinese poetry to argue that the impression of poetic Chineseness has long been a product of translation from forces both abroad and in the past

The Fragile Scholar Geng Song,2004-01-01 The Fragile Scholar examines the pre modern construction of Chinese masculinity from the popular image of the fragile scholar caizi in late imperial Chinese fiction and drama The book is an original contribution to the study of the construction of masculinity in the Chinese context from a comparative perspective Euro American Its central thesis is that the concept of masculinity in pre modern China was conceived in the network of hierarchical social and political power in a homosocial context rather than in opposition to woman In other words gender discourse was more power based than sex based in pre modern China and Chinese masculinity was androgynous in nature The author explains how the caizi discourse embodied the mediation between elite culture and popular culture by giving voice to the desire fantasy wants and tastes of urbanites
