Michael Feinstein was just twenty years old when he got the chance of a lifetime a job with his hero Ira Gershwin. During their six year partnership the two became close friends. Feinstein blossomed under Gershwin's mentorship and Gershwin was reinvigorated by the younger man's zeal for his and his brother George's legacy. In addition he also presents a history of music in Disney animated films as well as biographical information on several of the Walt Disney Studios seminal composers. The popularity and critical acclaim of Disney animated features truly is built as much on music as it is on animation. Beginning with *Steamboat Willie* and continuing through all of the animated features created under Disney's personal supervision music was the organizing element of Disney's animation. Songs establish character aid in narrative and fashion the backbone of the Studios' movies from *Snow White and the Seven Dwarfs* through *The Jungle Book* and beyond. Bohn underscores these points while presenting a detailed history of music in Disney's animated films. The book includes research done at the Walt Disney Archives as well as materials gathered from numerous other facilities. In his research of the Studios' notable composers Bohn includes perspectives from family members thus lending a personal dimension to his presentation of the magical Studios' musical history.
