writings of a major figure in twentieth century intellectual life Walter Kaufmann 1921 1980 was a charismatic philosopher critic translator and poet who fled Nazi Germany at the age of eighteen emigrating alone to the United States He was astonishingly prolific until his untimely death at age fifty nine writing some dozen major books all marked by breathtaking erudition and a provocative essayistic style He single handedly rehabilitated Nietzsche's reputation after World War II and was enormously influential in introducing postwar American readers to existentialism Until now no book has examined his intellectual legacy Stanley Corngold provides the first in depth study of Kaufmann's thought covering all his major works He shows how Kaufmann speaks to many issues that concern us today such as the good of philosophy the effects of religion the persistence of tragedy and the crisis of the humanities in an age of technology Few scholars in modern times can match Kaufmann's range of interests from philosophy and literature to intellectual history and comparative religion from psychology and photography to art and architecture Corngold provides a heartfelt portrait of a man who to an extraordinary extent transfigured his personal experience in the pages of his books This original study both appreciative and critical is the definitive intellectual life of one of the twentieth century's most engaging yet neglected thinkers It will introduce Kaufmann to a new generation of readers and serves as a fitting tribute to a scholar's incomparable *libido sciendi* or lust for knowledge

**Interpreting Law and Literature** Sanford Levinson, Steven Mailloux, 1988 From the Preface Contemporary theory has usefully analyzed how alternative modes of interpretation produce different meanings how reading itself is constituted by the variable perspectives of readers and how these perspectives are in turn defined by prejudices ideologies interests and so forth Some theorists have argued persuasively that textual meaning in literature and in literary interpretation is structured by repression and forgetting by what the literary or critical text does not say as much as by what it does All these claims are directly relevant to legal hermeneutics and thus it is no surprise that legal theorists have recently been turning to literary theory for potential insight into the interpretation of law This collection of essays is designed to represent the especially rich interactive that has taken place between legal and literary hermeneutics during the past ten years *Scripture, Culture, and Agriculture* Ellen F. Davis, 2008-10-13 This book examines the theology and ethics of land use especially the practices of modern industrialized agriculture in light of critical biblical exegesis Nine interrelated essays explore the biblical writers' pervasive concern for the care of arable land against the background of the geography social structures and religious thought of ancient Israel This approach consistently brings out neglected aspects of texts both poetry and prose that are central to Jewish and Christian traditions Rather than seeking solutions from the past Davis creates a conversation between ancient texts and contemporary agrarian writers thus she provides a fresh perspective from which to view the destructive practices and assumptions that now dominate the global food economy The biblical exegesis is wide ranging and sophisticated the language is literate and accessible to a broad audience **Rilke's Hands** Harold Schweizer, 2022-11-24 This is a book of meditative reading Each of the sixty one aphoristic entries aims to interpret Rilke's poetry as a musician

might play Debussy's *Clair de lune* to transpose into the key of language the song the melody and the refrain of Rilke's gentle disposition his recognition of the transience of things his acknowledgment of the vulnerability and fragility of people animals and flowers his empathy toward those who suffer The cut flowers gently laid out on the garden table recovering from their death already begun in one of the *Sonnets to Orpheus* form a thread now visible now faint through most of this book And because of the flowers the concept of gentleness forms another thread and because of gentleness hands agents of gentleness throughout Rilke's poetry enfold these pages The German word *leise* gentle tender quiet weaves the first thread the second is woven by flowers then by girls hands then by angels the beloved the poor the dying and the dead animals birds dogs fountains things vanishings The purpose of this essay is to experience and to examine gentleness how it shapes and pervades Rilke's work how his poetry might gently inspire us to become more gentle people
