Sons Of Heaven A Portrait Of The Japanese Monarchy

Lee Butler

Sons Of Heaven A Portrait Of The Japanese Monarchy:

Sons of Heaven Jerrold M. Packard, 1988 **Imperial Japan's World War Two** Werner Gruhl, 2017-07-12 Gruhl's narrative makes clear why Japan's World War II aggression still touches deep emotions with East Asians and Western ex-prisoners of war and why there is justifiable sensitivity to the way modern Japan has dealt with this legacy. Knowledge of the enormity of Japan's total war is also necessary to assess the United States and her allies' policies toward Japan and their reactions to its actions extending from Manchuria in 1931 to Hiroshima in 1945. Gruhl takes the view that World War II started in 1931 when Japan, crowded and poor in raw materials but with a sense of military invincibility, saw empire as her salvation and invaded China. Japan's imperial regime had volatile ambitions but limited resources, thus encouraging them to unleash a particularly brutal offensive against the peoples of Asia and surrounding ocean islands. Their 1931 to 1945 invasions and policies further added to Asia's pre-war woes, particularly in China, by badly disrupting marginal economies, leading to famines and epidemics. Altogether, the victims of Japan's World War Two aggression took many forms and were massive in number. Gruhl offers a survey and synthesis of the historical literature and documentation, statistical data as well as personal interviews and first-hand accounts to provide a comprehensive overview and analysis. The sequence of diplomatic and military events leading to Pearl Harbor as well as those leading to the U.S. decision to drop the atom bomb are explored here as well as Japan's war crimes and postwar revisionist/apologist views regarding them. This book will be of intense interest to Asian specialists and those concerned with human rights issues in a historical context.

Monarchy: The History of an Idea Brenda Ralph Lewis, 2011-09-16 Brenda Ralph Lewis presents an informative overview of how kings and queens came about and of the many forces that have shaped the identity of monarchy and in many cases caused its downfall.

Handbook to Life in Medieval and Early Modern Japan William E. Deal, 2007 This book is an introduction to the Japanese history, culture, and society from 1185, the beginning of the Kamakura period, through the end of the Edo period in 1868.

The Yamato Dynasty Sterling Seagrave, Peggy Seagrave, 2001-08-14 In *The Yamato Dynasty*, Sterling Seagrave, who divulged the secrets of Mao Tse-tung and the ruthlessness of Chiang Kai-shek in the New York Times bestseller *The Soong Dynasty*, and his wife and longtime collaborator Peggy present the controversial, never-before-told history of the world's longest-reigning dynasty, the Japanese imperial family, from its nineteenth-century origins through today. In the first collective biography of both the men and women of the Yamato Dynasty, the Seagraves take a controversial, comprehensive look at a family history that crosses two world wars, the bombing of Hiroshima and Nagasaki, the American occupation of Japan, and Japan's subsequent phoenix-like rise from the ashes of the Second World War. *The Yamato Dynasty* tells the story of the powerful men who have stood behind the screen, the shoguns and financiers controlling the throne from the shadows, taking readers behind the walls of privilege and tradition and revealing in uncompromising detail the true nature of a dynasty shrouded in myth and legend.

Emperor and Aristocracy in Japan, 1467-1680 Lee Butler, 2020-03-23 An institution in

decline possessing little power in an age dominated by warriors Or a still potent symbol of social and political legitimacy Emperor and Aristocracy in Japan traces the fate of the imperial Japanese court from its lowest point during the turbulent century long sengoku when the old society built upon the strength and influence of the court the priesthood and a narrow warrior elite was shaken to its foundations to the Tokugawa era when court culture displayed renewed vitality and tea gatherings flower arranging and architecture flourished In determining how the court managed to persist and survive Butler looks into contemporary documents diaries and letters to reveal the court s internal politics and protocols hierarchies finances and ceremonial observances Emperor and courtiers adjusted to the prominence of the warrior elite even as they held on to the ideological advantages bestowed by birth tradition and culture To this historical precedent the new wielders of power paid dutiful homage ever mindful that ranks and titles as well as the political blessing of the emperor were advantageous marks of distinction *Monarchies 1000-2000* W. M. Spellman,2004-04-01 Monarchies 1000 2000 surveys a form of government whose legitimacy rests not on voluntary consensus but on age old custom heredity and or religious sanction Global in scope and comparative in approach W M Spellman s survey establishes connections between monarchy as idea and practice in a variety of historical and cultural contexts across a millennium when the system was without serious rival Spellman examines the intellectual assumptions behind different models of monarchy tracing the ways in which each of these assumptions shifted in response to historical factors While no human institution has retreated as rapidly in the modern period monarchy s remarkable longevity invites us to weigh the significance of hierarchy subordination and dependence as constants of the human experience *The Samurai of Japan* Dorothy Perkins,1998 **Historical Dictionary of Japan to 1945** Kenneth Henshall,2013-11-07 The Historical Dictionary of Japan to 1945 spans the entire period from the earliest evidence of human habitation in Japan through to the end of the Pacific War It includes substantial topics such as cultural and literary history with entries ranging from aesthetics to various genres of writing Other branches of history also feature such as economic history industrial history political history and so forth And of course there are the makers of Japanese history ranging from emperors and shoguns to politicians and extremists as well as foreign arrivals The early history of Japan is told through a detailed chronology an introductory essay appendixes an extensive bibliography and over 800 cross referenced dictionary entries on important people organizations activities and events The Historical Dictionary of Japan to 1945 will appeal to both academics and the general public who have an interest in Japan particularly those who want reliable information quickly and easily Death of the Father John Borneman,2004 Death of the Father is a comparative examination of the crises in symbolic identification and national traumas that have resulted from the defeat and or implosion of regimes in Fascist Italy Nazi Germany Imperial Japan and Communist Eastern Europe *The Routledge History of Monarchy* Elena Woodacre,Lucinda H.S. Dean,Chris Jones,Zita Rohr,Russell Martin,2019-06-12 The Routledge History of Monarchy draws together current research across the field of royal studies providing a rich understanding of the history of

monarchy from a variety of geographical cultural and temporal contexts Divided into four parts this book presents a wide range of case studies relating to different aspects of monarchy throughout a variety of times and places and uses these case studies to highlight different perspectives of monarchy and enhance understanding of rulership and sovereignty in terms of both concept and practice Including case studies chosen by specialists in a diverse array of subjects such as history art literature and gender studies it offers an extensive global and interdisciplinary approach to the history of monarchy providing a thorough insight into the workings of monarchies within Europe and beyond and comparing different cultural concepts of monarchy within a variety of frameworks including social and religious contexts Opening up the discussion of important questions surrounding fundamental issues of monarchy and rulership The Routledge History of Monarchy is the ideal book for students and academics of royal studies monarchy or political history **The 20th Century Go-N** Frank N.

Magill,2014-03-05 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who s who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual s life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual s place in history All entries conclude with a fully annotated bibliography **Unsteady Crowns** A.W. Purdue,2011-10-24 War and austerity unrest and

revolution the institution of monarchy has remained stalwart through every challenge levelled at it but just what is its role and how secure is its future in our modern society At the beginning of the twentieth century monarchy was by far the most common form of government emperors sat on the thrones of Germany Austria Hungary Persia Japan China Russia and the Ottoman Empire while there were kings of Bulgaria Serbia Italy Romania Greece Korea and Cambodia After he lost his throne in 1952 King Farouk of Egypt predicted that by the end of the century there would be only five kings the kings of hearts aces clubs and spades and the King of England That prediction has not come true for there remain monarchs across the globe The number of monarchies has appreciably diminished yet the idea continues to have allure In Unsteady Crowns historian A W Purdue explores the important role played by monarchies as agents of continuity guarding and representing the national ethos and brings the story up to date in a fully revised second edition exploring the roles of celebrity rivalry and much more in monarchies worldwide **Japan on Display** Morris Low,2006-09-27 Sixty years on from the end of the Pacific War Japan on Display examines representations of the Meiji emperor Mutsuhito 1852 1912 and his grandson the Showa emperor Hirohito who was regarded as a symbol of the nation in both war and peacetime Much of this representation was aided by the phenomenon of photography The introduction and development of photography in the nineteenth century coincided with the need to make Hirohito s grandfather the young Meiji Emperor more visible Photo books and albums became a popular format for presenting seemingly objective images of the monarch reminding the Japanese of their

proximity to the Emperor and the imperial family In the twentieth century these national albums provided a visual record of wars fought in the name of the Emperor while also documenting the reconstruction of Tokyo scientific expeditions and imperial tours Drawing on archival documents photographs and sources in both Japanese and English this book throws new light on the history of twentieth century Japan and the central role of Hirohito With Japan s defeat in the Pacific War the Emperor was transformed from wartime leader to peace loving scientist Japan on Display seeks to understand this reinvention of a more human Emperor and the role that photography played in the process The 20th Century A-GI Frank N. Magill,2013-05-13 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who s who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual s life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual s place in history All entries conclude with a fully annotated bibliography **Ritual** Catherine Bell,2009-12-29 From handshakes and toasts to chant and genuflection ritual pervades our social interactions and religious practices Still few of us could identify all of our daily and festal ritual behaviors much less explain them to an outsider Similarly because of the variety of activities that qualify as ritual and their many contradictory yet in many ways equally legitimate interpretations ritual seems to elude any systematic historical and comparative scrutiny In this book Catherine Bell offers a practical introduction to ritual practice and its study she surveys the most influential theories of religion and ritual the major categories of ritual activity and the key debates that have shaped our understanding of ritualism Bell refuses to nail down ritual with any one definition or understanding Instead her purpose is to reveal how definitions emerge and evolve and to help us become more familiar with the interplay of tradition exigency and self expression that goes into constructing this complex social medium *Heroes* Rebecca Hazell,1997 Profiles admirable men from around the world and throughout history including Socrates Prince Taishi Shotoku Leonardo da Vinci William Shakespeare Jorge Luis Borges and Martin Luther King The Far East and Australasia 2003 Europa Publications,2002 A unique survey of each country in the region It includes an extensive collection of facts statistics analysis and directory information in one accessible volume **The Lincolns in the White House** Jerrold M. Packard,2005-09 This valuable portrait goes behind the closed doors of one of America s most captivating presidential families presenting the story of a divided family during the time of a divided nation **Annals** Association for Asian Studies. Southeast Conference,1990
