Margins of the Market Johan Mathew, 2016-05-10 What is the relationship between trafficking and free trade Is trafficking the perfection or the perversion of free trade Trafficking occurs thousands of times each day at borders throughout the world yet we have come to perceive it as something quite extraordinary How did this happen and what role does trafficking play in capitalism To answer these questions Johan Mathew traces the hidden networks that operated across the Arabian Sea in the nineteenth and early twentieth centuries Following the entangled history of trafficking and capitalism he explores how the Arabian Sea reveals the gaps that haunt political borders and undermine economic models Ultimately he shows how capitalism was forged at the margins of the free market where governments
