Sophia, the Wisdom of God Sergei Bulgakov, 1993 Bulgakov was a torchbearer for what was coming to be called Sophiology His championship for Sophia was clearly an attempt to revitalize Orthodoxy and to reestablish the spirit of the divine feminine so that the Church should not remain off balanced by its Christocentric view Caitlin Matthews *Sophia Goddess of Wisdom* There is a great hunger to recover the feminine aspect of the Divinity But much searching has left Christians disappointed and seeking the Goddess elsewhere In this brave theological work Bulgakov shows how the Divine Sophia in whom all things are created is present in the Holy Trinity itself and how as the creaturely Sophia she works together with her divine counterpart in the work of the Holy Spirit for the redemption of the world **Sophia, the Wisdom of God** Sergii Bulgakov, 2020 Bulgakov was a torchbearer for what was coming to be called Sophiology His championship of Sophia was clearly an attempt to revitalize Orthodoxy and to reestablish the spirit of the divine feminine so that the Church should not remain off balanced by its Christocentric view Caitlin Matthews author of *Sophia Goddess of Wisdom The Divine Feminine from Black Goddess to World Soul* There is a great hunger to recover the feminine aspect of the Divinity But much searching has left Christians disappointed and seeking the Goddess elsewhere In this brave theological work Bulgakov shows how the Divine Sophia in whom all things are created is present in the Holy Trinity itself and how as the creaturely Sophia she works together with her divine counterpart in the work of the Holy Spirit for the redemption of the world This book is a revised edition of *The Wisdom of God A Brief Summary of Sophiology* The Paisley Press 1937 **Sophia** Christopher Pramuk, 2009-10-01 While numerous studies have celebrated Thomas Merton's witness as an interfaith pioneer poet and peacemaker there have been few systematic treatments of his Christology as such and no sustained exploration to date of his relationship to the Russian Sophia tradition This book looks to Thomas Merton as a classic theologian of the Christian tradition from East to West and offers an interpretation of his mature Christology with special attention to his remarkable prose poem of 1962 *Hagia Sophia Bringing Merton's mystical prophetic Vision fully into dialogue with contemporary Christology Russian sophiology and Zen* as well as figures such as John Henry Newman and Abraham Joshua Heschel the author carefully but boldly builds the case that Sophia the same theological eros that animated Merton's religious imagination in a period of tremendous fragmentation and violence might infuse new vitality into our own A study of uncommon depth and scope inspired throughout by Merton's extraordinary catholicity Christopher Pramuk PhD is assistant professor of theology at Xavier University in Cincinnati Ohio He is the author of two books and numerous essays and the recipient of the Catholic Theological Society of America's 2009 Catherine Mowry LaCugna Award **The Encyclopedia of Christianity, Vol. 5** Erwin Fahlbusch, Geoffrey William Bromiley, 1999 Written by leading scholars from around the world the articles in this volume range from sin Sufism and terrorism to theology in the 19th and 20th centuries Vatican I and II and the virgin birth *God, Humanity and the Cosmos - 2nd Edition* Christopher Southgate, 2005-12-01 Contributors include

Christians trying to save the planet have to relate creation with salvation This volume explores the ways in which this task is approached by a wide range of recent theological movements Theology and Conversation Jacques Haers, P. De Mey, 2003 This collection of articles presents the main contributions to the third LEST Louvain Encounters in Systematic Theology conference held at the K U Leuven s Faculty of Theology November 2001 Its theme Theology and Conversation Towards a Relational Theology continues the explorations in contemporary theology as set out in the 1997 LEST I conference on The Myriad Christ BETL 152 and in the 1999 LEST II conference on Sacramental Presence in Postmodern Context BETL 160 In LEST III also the plurality and diversity of theological approaches play a major role and the question is raised whether the contemporary theological endeavour in a global world contains in itself the tools to respectfully and constructively approach

this diversity The ideas of relation and conversation as found in the theologies of the Trinity and of creation as presupposed in ecclesial praxis and as articulated in reflections that take their bearings from spiritual experience provide a powerful means for renewed theological reflection capable of confronting plurality and diversity *David Jones and the Craft of Theology* Elizabeth R Powell, 2020-10-01 This is an imaginative exploration of the art of David Jones which addresses Christian teaching through engagement with selected artistic works a poem a painted inscription and a wood engraving Elizabeth R Powell s study does not just enable readers to understand Jones but also to use his kind of loving attention in their own lives which Jones would argue is theology s most important task Through close readings of material objects Powell draws the reader into the participatory performative and dialogical possibilities of the craft of theology She frames an older style of theology in a distinctive and modern way as a graced human practice and a place of transforming relation with the divine Powell argues that Jones s art works offer places of beauty in which to become beauty along the way Located at the cross section of theology literature and the arts this volume shows that being interdisciplinary is nothing less than finding ways for theology and humanity to be more richly itself *Maximus the Confessor* Paul M. Blowers, 2016-02-04 This study contextualizes the achievement of a strategically crucial figure in Byzantium s turbulent seventh century the monk and theologian Maximus the Confessor 580-662 Building on newer biographical research and a growing international body of scholarship as well as on fresh examination of his diverse literary corpus Paul Blowers develops a profile integrating the two principal initiatives of Maximus s career first his reinterpretation of the christocentric economy of creation and salvation as a framework for expounding the spiritual and ascetical life of monastic and non monastic Christians and second his intensifying public involvement in the last phase of the ancient christological debates the monothelete controversy wherein Maximus helped lead an East West coalition against Byzantine imperial attempts doctrinally to limit Jesus Christ to a single divine activity and will devoid of properly human volition Blowers identifies what he terms Maximus s cosmo politeian worldview a contemplative and ascetical vision of the participation of all created beings in the novel politeia or reordered existence inaugurated by Christ s new theandric energy Maximus ultimately insinuated his teaching on the christoformity and cruciformity of the human vocation with his rigorous explication of the precise constitution of Christ s own composite person In outlining this cosmo politeian theory Blowers additionally sets forth a theo dramatic reading of Maximus inspired by Hans Urs von Balthasar which depicts the motion of creation and history according to the christocentric plot or interplay of divine and creaturely freedoms Blowers also amplifies how Maximus s cumulative achievement challenged imperial ideology in the seventh century the repercussions of which cost him his life and how it generated multiple recontextualizations in the later history of theology *Spiritual Diary* Sergius Bulgakov, 2022-06-15 Who was Fr Sergius Bulgakov the pastor who stands behind the epochal theology of Eastern Orthodox sophiology What better place to look than his own *Spiritual Diary* which opens to us the mind and heart of this prolific and original theologian of the twentieth century This volume the first of his

diaries to be published in English depicts in illuminating detail Bulgakov's daily life as a priest ministering in exile the exultations and desolations of his personal prayer life and his confoundment and pain towards the fate of his homeland ruled by the aggressively atheist Soviet state In these personal reflections we discover the pastoral matrix from which arose such distinctive features of Bulgakov's mature theology as his theology of Sophia the Divine Wisdom as God's mystical presence in creation Beyond this however at its core the Diary is a work of spiritual edification and meditation meant to draw the reader into contemplation Together with biographical and theological introductions provided by the translators this volume will serve scholars of Bulgakov and Orthodox theology as well as Christians of all traditions who wish to unite their theology with prayer

Correlating Sobornost Ashley John Moyse, Scott A. Kirkland, John C. McDowell, 2016-01-01 The diaspora of scholars exiled from Russia in 1922 offered something vital for both Russian Orthodoxy and for ecumenical dialogue Under new conditions liberated from scholastic academic discourse and living and writing in new languages the scholars set out to reinterpret their traditions and to introduce Russian Orthodoxy to the West Yet relatively few have considered the works of these exiles particularly insofar as they act as critical and constructive conversation partners This project expands upon the relatively limited conversation between such thinkers with the most significant Protestant theologian of the last century Karl Barth Through the topic and in the spirit of sobornost this project charts such conversation The body of Russian theological scholarship guided by sobornost challenges Barth helping us to draw out necessary criticism while leading us toward unexpected insight and vice versa Going forward this volume demonstrates that there is space not only for disagreement and criticism but also for constructive theological dialogue that generates novel and creative scholarship Accordingly this collection will not only illuminate but also stimulate interesting and important discussions for those engaged in the study of Karl Barth's corpus in the Orthodox tradition and in the ecumenical discourse between East and West

Envisioning the Cosmic Body of Christ Aurica Jax, Saskia Wendel, 2019-08-19 The metaphor of the cosmos as the Body of Christ offers an opportunity to escape the aporias of standard Body of Christ imagery which has often proved anthropocentric exclusivist triumphalist and or sexist in the analyses of classical theologies The body motif in particular contains starting points for current body discourses of gender sensitive and ecological theologies especially in their mutual overlaps This book offers a critical evaluation of the prospects and boundaries of an updated metaphor of the Body of Christ especially in its cosmic dimension The first part of the book addresses the complex tradition in which the universal dimension of cosmological Christologies is located including the thinking of the Apostles Paul and John Origen Cusanus Teilhard de Chardin McFague and Panikkar In the second part of the book representatives of various innovative concepts will contribute to the anthology This is a wide ranging study of the implications of a new cosmic Body of Christ As such it will be of interest to academics working in Religion and Gender Religion and the Environment Theology and Christology

Personhood in the Byzantine Christian Tradition Alexis Torrance, Symeon Paschalidis, 2018-04-27 Bringing together international scholars from across a

range of linked disciplines to examine the concept of the person in the Greek Christian East Personhood in the Byzantine Christian Tradition stretches in its scope from the New Testament to contemporary debates surrounding personhood in Eastern Orthodoxy Attention is paid to a number of pertinent areas that have not hitherto received the scholarly attention they deserve such as Byzantine hymnography and iconology the work of early miaphysite thinkers as well as the relevance of late Byzantine figures to the discussion Similarly certain long standing debates surrounding the question are revisited or reframed whether regarding the concept of the person in Maximus the Confessor or with contributions that bring patristic and modern Orthodox theology into dialogue with a variety of contemporary currents in philosophy moral psychology and political science In opening up new avenues of inquiry or revisiting old avenues in new ways this volume brings forward an important and on going discussion regarding concepts of personhood in the Byzantine Christian tradition and beyond and provides a key stimulus for further work in this field
