many of John Sladek's earlier books this is almost impossible to categorize. It's the non-fiction or non-fact history of General Snuff and Tobacco, a very American tobacco company which seems to have been present at or had bizarre influence on many great and not so great moments of history. John Sladek provides his own indescribable clip art illustrations. As he says in the Introduction: The story of GST is also the story of the Badcock family who owned and operated the company throughout its magnificent history. This book follows that history stopping to explore a few of its more dazzling events. You will meet the Badcock who kidnapped Pocahontas, the Badcock who burned London, the Badcock who started the American Revolution, the Badcock who almost killed a president, the Badcock who delivered the real Gettysburg address, the Badcock who wanted to prolong World War One because he was doing so well out of it, the Badcock who tried to bribe Roosevelt, the Badcock who tried to kill Fidel Castro and many others. *"No Legs, No Jokes, No Chance"* Sheldon Patinkin, 2008-05-20. Traces the American musical from its rich beginnings in European opera. This book talks about the infancy of the musical, the revues, operettas and early musical comedies as well as the groundbreaking shows like Oklahoma and Show Boat with references to how history, literature, fashion, popular music and movies influenced musical theater. **Black Broadway** Stewart F. Lane, 2017-07-19. The African American actors and actresses whose names have shone brightly on Broadway marquees earned their place in history not only through hard work, perseverance and talent but also because of the legacy left by those who came before them. Like the doors of many professions, those of the theater world were shut to minorities for decades. While the Civil War may have freed the slaves, it was not until the Civil Rights Movement of the 1960s that the playing field began to level. In this remarkable book, theater producer and historian Stewart F. Lane uses words and pictures to capture this tumultuous century and to highlight the rocky road that black actors have travelled to reach recognition on the Great White Way. After the Civil War, the popularity of the minstrel shows grew by leaps and bounds throughout the country. African Americans were portrayed by whites who would entertain audiences in black face. While the depiction of blacks was highly demeaning, it opened the door to African American performers and by the late 1800s a number of them were playing to full houses. By the 1920s the Jazz Age was in full swing, allowing black musicians and composers to reach wider audiences. And in the thirties, musicals such as George Gershwin's Porgy and Bess and Eubie Blake's Swing It opened the door a little wider. As the years passed, black performers continued to gain ground. In the 1940s Broadway productions of Cabin in the Sky, Carmen Jones and St. Louis Woman enabled African Americans to demonstrate a fuller range of talents and Paul Robeson reached national prominence in his award-winning portrayal of Othello. By the 1950s and 60s more black actors, including Ruby Dee, Ossie Davis and Sidney Poitier, had found their voices on stage and black playwrights and directors had begun to make their marks. Black Broadway provides an entertaining, poignant history of a Broadway of which few are aware. By focusing a spotlight on both performers long forgotten and on those whom we still hold dear, this unique book offers a story well worth telling. **Create the Best Version of You** Romulus Sirbu, 2019-05-17.
