Children's Books In Print 1998 Bowker Editorial Staff,R R Bowker Publishing,Bowker,1998 *The Black Yearbook [Portraits and Stories]* Adraint Khadafhi Bereal,2024-01-16 A gripping exploration of the joys hardships and truths of Black students through intimate honest dialogues and stunning photography with a foreword by Kiese Laymon author of Heavy A radical reverential and restorative document of community Rebecca Bengal author of Strange Hours Photography Memory and the Lives of Artists When photographer Adraint Bereal graduated from the University of Texas he self published an impressive volume of portraits personal statements and interviews that explored UT s campus culture and offered an intimate look at the lives of Black students matriculating within a majority white space Bereal s work was inspired by his first photo

exhibition at the George Washington Carver Museum in Austin entitled 17 that unearthed the experiences of the 925 Black men that made up just 1.7% of UT's total 52,000 student body. Now Bereal expands the scope of his original project and visits colleges nationwide from Historically Black Colleges and Universities (HBCUs) to predominantly white institutions to trade schools and more. Rather than dwelling on the monolith of trauma often associated with Black narratives, Bereal is dedicated to using honest dialogue to share stories of true joy and triumph amidst the hardships, prejudices, and internal struggles. Using an exciting and eclectic design approach to accompany the portraits and stories, each individual profile effectively conveys the interviewee's unique voice, tone, and background. The Black Yearbook reframes society's stereotypical perception of higher education by representing and celebrating the wide range of Black experiences on campuses. **School**
