Book of Beasts Elizabeth Morrison, 2019 A celebration of the visual contributions of the bestiary one of the most popular types of illuminated books during the Middle Ages and an exploration of its lasting legacy Brimming with lively animals both real and fantastic the bestiary was one of the great illuminated manuscript traditions of the Middle Ages Encompassing imaginary creatures such as the unicorn siren and griffin exotic beasts including the tiger elephant and ape as well as animals native to Europe like the beaver dog and hedgehog the bestiary is a vibrant testimony to the medieval understanding of animals and their role in the world So iconic were the stories and images of the bestiary that its beasts essentially escaped from the pages appearing in a wide variety of manuscripts and other objects including tapestries ivories metalwork and sculpture With over 270 color illustrations and contributions by twenty five leading scholars this gorgeous volume explores the bestiary and its widespread influence on medieval art and culture as well as on modern and contemporary artists like Pablo Picasso and Damien Hirst Published to accompany an exhibition on view at the J Paul Getty Museum at the Getty Center May 14 to August 18 2019

A Heritage of Holy Wood: The Legend of the True Cross in Text and Image Barbara Baert, 2004-07-01 In the fourth century the idea arose that the Cross on which Christ was crucified had been found by Helena mother of Emperor Constantine Thus began a legend that would grow and flourish throughout the Middle Ages and cause the diffusion of countless splinters of holy wood And where there is wood there was once a tree Could it be that the Cross was made from that most noble species the Tree of Life So gathering characters along the way the legend evolved into a tale that stretches from the Creation to the End of Time A Heritage of Holy Wood is the first reconstruction of the iconographic and literary tradition of the Legend of the True Cross Its broad scope encompasses relic cults pilgrimages travellers tales and the Tree of Life and involves Church Fathers crusader kings Teutonic Knights and mendicant orders all of which influenced the legend's depiction from its earliest representation in manuscripts reliquaries and altarpieces to the great monumental cycles of the high Middle Ages If the holy wood was the medium of medieval memory A Heritage of Holy Wood reveals the growth rings of fifteen centuries of imagery
