In the middle ground, a range of rugged mountains is covered in snow. soul retrieval and soul clearance sessions from her home in Boulder Colorado USA Soul Retrieval Return to Wholeness provides the context gathered from a decade of channeled sessions for why and how this energetic approach to soul retrieval works The book also offers a glimpse of the author s own soul retrieval process including past life merging excerpts from private and public sessions and actual exercises from soul retrieval workshops Why Must Soul Retrieval Be Done During profound stress pain or other trauma human beings often experience what is called soul loss meaning the loss of aspects of one s soul Such events as loss of a loved one automobile accident surgery addiction combat trauma abortion or miscarriage and physical abuse are the prime causes When a soul is fragmented one may no longer remember the details of the traumatic incidents that caused the fragmentation The lost soul aspect has taken those memories with it When a soul part leaves it may also take with it a measure of one s vitality The more severe the trauma the more life force is depleted People who have lost soul aspects may suffer chronic illnesses in childhood as a result of this reduced life force One example of soul fragmenting occurs because of childhood sexual abuse Here parts of the soul literally leave because the event is too painful If the soul fragmentation is severe enough such illnesses as schizophrenia may occur Because the integrity of the parts to the whole is broken down recovery is seen as an impossibility Further the will may become vulnerable to negative entity attachment Having fragments remain unincorporated between lifetimes affects karma because issues encapsulated in the consciousness of those fragments remain unresolved In addition if we remain unconscious of our other multi incarnational lives we bring them with us to our next incarnation hopefully to awaken us to the reality that they re out there Shamanic Soul Retrieval Soul fragments rarely can return without assistance Virtually without exception however when one does an internet search on soul retrieval page after page comes up listing shamanic soul retrieval as the available option A time honored and proven method shamanic soul retrieval has benefited many and is still appropriate for certain people However many have experienced that the shamanic method is much slower and can be quite uncomfortable With this method you undergo a linear process a shamanic journey and then over time the psychological and emotional integration of the parts Once the soul retrieval is done however the client may be left to go through the rigors of soul integration alone The reason is that with shamanic soul retrieval the work is primarily physical and psychological Therefore the restructuring is really going on in your psychological consciousness that is personality consciousness not at the Soul level This is a primary reason why clients come to the author for higher dimensional soul retrieval after they have received shamanic soul retrieval Book Testimonials I have read your website and concur with much of what you write there I took soul retrieval training through the Foundation for Shamanic Studies As the result of my own soul retrieval work personally as well as with clients I have found out the same things as you that the shamanic way can be slow and painful Often past life work beliefs work or other extra healing work need to be done Maryphyllis Horn Shamanic Practitioner MEd CMHt CTFTRev Reconnection Practitioner Pittsboro NC author of Soul Integration A Shamanic Path To Freedom And Wholeness I am becoming a hypnotherapist and after working

Freedom & Growth (Routledge Revivals) Edmond Holmes,2016-09-13 First published in 1923 this book collects together sixteen essays written between 1912 and 1922 that reflect how the author's views on education became increasingly interwoven with their views on things in general with half dealing with each subject Reflecting this interweave they are arranged chronologically rather than by subject due to their unity of conviction and purpose The author argues that the question Is man free to direct the process of his own growth naturally follows from the question Is man a free agent Thus if freedom is inextricably linked to growth it becomes of paramount interest to the teacher and is explored here under a broad

range of topics **How to See a Vision** Richard Norton, 2013-08-15 This book celebrates the 640th anniversary of Julian's Showings. It compares Julian's prayer life with that of Teresa of Avila and shows how this leads to a system of Contemplative ethics for us today as we explore questions of ecology, empowerment and equality **Archiv für Religionsgeschichte**, 2007 Spiritual Direction and the Care of Souls David G. Benner, Gary W. Moon, 2025-06-23 In recent years many Christian clergy, laity and mental health professionals have rediscovered the ancient practices of spiritual direction. Seen as a refreshing alternative to the techniques and limitations of modern psychology, such practices offer new insights for pastoral care. But many remain unclear on what spiritual direction is and whether its methods are applicable to their own clients and parishioners. Spiritual direction is a practice of Christian soul care that is found most notably in the Catholic, Orthodox and Episcopal traditions but is also present in Wesleyan, Holiness, Pentecostal, charismatic, social justice and Reformed communities. Predating modern counseling and psychotherapy movements but sharing key principles and insights for spiritual formation, spiritual direction offers significant resources for today's pastors, counselors, therapists, chaplains and other caregivers attuned to the work of God in people's lives. In this landmark volume, editors Gary W. Moon and David G. Benner, along with a team of expert contributors, provide a comprehensive survey of spiritual direction in its myriad Christian forms. Specific chapters offer careful historical perspective and contemporary analysis of how Christians from various backgrounds have practiced spiritual direction, with particular attention to each tradition's definition of spiritual direction, the process of authentic transformation, the role of the spiritual director, indicators of mature spirituality and other aspects of the spiritual direction process. Chapters also provide psychological and clinical insight into how spiritual direction is similar to, different from and can be integrated with psychotherapy and pastoral counseling to help others experience spiritual transformation and union with God *Soul Communication* Olivia Blakey, 2020-10-07 Designed to help sensitive souls intentionally align with the callings of their higher self, *Soul Communication* is a guide to becoming the creator of one's unique path of abundance. Shaped by a story of the cyclic nature of death and rebirth through an astrological metaphor, the journey includes twelve powerful exercises of intentional soul work used for transcending darkness to light and fear to love in all areas of life. Western medicine calls it mental illness; Shamanic traditions call it spiritual emergence; I call it rebirth. Rebirth does not have to be painful but rather enables you to release old patterns that no longer serve your highest good so that you can receive the new. Rebirth does not have to create suffering but rather empowers you to heal and free yourself from limiting belief systems. Rebirth does not have to be resisted but rather awakens you to the beauty and liberation of limitless possibility. Rebirthing the soul is a natural process of evolution and is often mistaken as a problem, but *Soul Communication* transcends this stigma, reflecting the exact reason why humanity must surrender to rebirth. When you align with the language of your soul, you become the creator of your own life.
