Rhetoric K. Fry, 2014-06-05 This book covers arguments made by various sides of the political religious divide from the past 30 years showing what the actual differences are between these groups By stressing the typically ignored similarities the book better informs partisans and the public to move debate forward The Soul of Politics Jim Wallis, 1995 The Soul of

Religion and the State Natalie Goldstein, 2010 Presents a guide to the issues related to religion and the state including definitions primary sources important documents research tools organizations and notable persons Nigerian Politics and Corruption Kyrian Chukwuemeka Echekwu, 2017-06-02 Corruption is alive and well in Nigeria and it must be eliminated Moreover the Nigerian church can no longer watch it go unchecked Though conscious of his limitations as a priest and theologian the author takes an in depth look at how corruption has taken hold of Nigeria and its people in this scholarly work He challenges the church as a socio moral actor and the civil authorities that govern Nigeria arguing that the nation will collapse if corruption continues He notes that even though the Nigerian people have lashed out against corruption it has only gotten worse either because morality has been relegated to the background or not enough has been done to inculcate morality into Nigeria s politics The author employs a holistic approach in examining issues such as bishops and their vision of Nigeria vis vis Nigerian politics democracy and the power equation among the various arms of government principal biases that characterize Nigerian politics and class affiliation and its impact in Nigerian politics Find out how corruption is ruining Nigeria and discover how the church and government can work together to fix the problem in Nigerian Politics and Corruption **Subverting Scriptures** B. Benedix, 2009-10-26 This collection seeks to fill the interdisciplinary space that addresses when why and how writers strategically reference the Bible for subversive or re evaluative purposes It explores the specific biblical pieces used this subversion and why they are used with reference to many contemporary sources *The Church and Politics* Bernard Boyo, 2021-05-10 The Church and Politics offers an introduction to African political theology that is thorough practical and deeply powerful From traditional power structures to the political ramifications of colonialism Dr Bernard Boyo provides a foundation for understanding Africa s contemporary political concerns in their cultural and historical context Alongside this overview of African political history Boyo traces the impact of Western missionaries evangelicals liberation theology and African theologians on the church s understanding of itself and its role within society This book critiques the emphasis on individual salvation that has so often led the church into abdicating its societal responsibilities and provides an exegetical analysis that firmly roots political engagement within a scriptural framework The church we are reminded has a mandate to bring justice and righteousness into every aspect of human experience As we follow Christ it is not just our personal lives that should be transformed but our communities and even our nations *Brave New Words* Elizabeth Ammons, 2010-06-01 Brave New Words challenges present and future literary scholars and teachers to look beyond mere literary critique toward the concrete issue of social change and how to achieve it Calling for a profound realignment of thought and spirit in the service of positive social change Ammons argues for the continued importance of multiculturalism in the twenty first century despite attacks on the concept from both right and left Concentrating on activist U S writers from ecocritics to feminists to those dedicated to exposing race and class biases from Jim Wallis and Cornel West

to Winona LaDuke and Paula Moya and many others she calls for all humanists to link their work to the progressive literature of the last half century to insist on activism in the service of positive change as part of their mission and to teach the power of hope and action to their students

The Voice of Conscience Lewis Baldwin, 2010-09-28 Martin Luther King Jr is celebrated widely as the quintessential model of Christian activism in his time but his understanding of and vision for the church has been surprisingly neglected In this book Lewis V Baldwin contends that King was fundamentally a man of the church Beginning with King's roots in Atlanta's Ebenezer Baptist Church Baldwin traces the evolution of King's attitude toward the church through his college seminary graduate school and civil rights years The emphasis is on King's concept of the church as the voice of conscience Baldwin persuasively claims that King challenged the church over the need for a higher spiritual and ethical ideal and that King's moral leadership and eventual martyrdom did much to reestablish the credibility of the church at a time when some theologians were declaring the death of God Baldwin critiques the contemporary church on the basis of King's prophetic model and concludes by insisting that this model not the entrepreneurial spirituality of the contemporary megachurches embodies the best potential for much needed church renewal

From Panthers to Promise Keepers Judith Lowder Newton, 2005 *From Panthers to Promise Keepers* draws on intimate observations of the men and networks who were involved in what some have called Othe menOs movementO and tells us why these networks mattered Focusing on the decades between 1950 and 2000 it argues that while public structural change is necessary for gender equality getting men involved in efforts at social justice may well depend on their making changes with respect to feelings and with respect to their unconscious fears and anxieties as well

Failing America's Faithful Kathleen Kennedy Townsend, 2007-03-01 Blending inspirational memoir with a religious and political rebuke of American Christianity the oldest daughter of Senator Robert F Kennedy delivers a rousing call to arms for spiritual renewal For too long religion has been a political plaything of the right wing in this country American churches seem more concerned with what people do with their bodies than with their souls Now Kathleen Kennedy Townsend issues a spiritual call to arms to those who feel like her that today's churches Catholic and Protestant alike are failing to promote the welfare of those who depend upon them After recounting her personal story in one of the most prominent Catholic families in America she shows how America's neediest are now forgotten while their churches fight political battles against abortion rights and homosexual marriages She provides hope through powerful examples of individuals effecting change from obscure social workers to The Purpose Driven Life's Rick Warren and maintains that our individual actions can return our churches to their traditional role as shepherds to their flock

Preaching we are given an in depth investigation into how humans communicate and how understanding interpersonal communications skills can be of considerable value for those called to preach God's word Dr Sowards has made rather elegant use of the model of interpersonal communication as a device to explore preaching and communicating with congregants Dr Dalton Kehoe Senior Scholar Communication Studies York University Toronto Canada Sowards book advances the idea of conversational preaching beyond the merely metaphorical by applying practical insights from Interpersonal Communications Theory to the act of sermon crafting The Rev Dr Micah Jackson Ph D Bishop John Elbridge Hines Associate Professor of Preaching and Director of Comprehensive Wellness Seminary of the Southwest in Austin Texas This book is for preachers and students of preaching who want to become better preachers and communicators I have explored the theories of interpersonal communication and shown how preachers can benefit from such knowledge I described the concept of noise as an impediment to communications and explored the topic with regard to politics beliefs about the poor past religious experiences and having an underdeveloped faith I examined the concept of feedback and how effective feedback can be fodder for future sermons I developed a model for conversational preaching using interpersonal communications theory and state that the ultimate goal of any sermon would be to facilitate a conversation with the hearers of a sermon and God

The New Spirituality Gordon Lynch, 2007-04-25 Much attention has been given in recent writings about religion to fundamentalism and the religious right But less attention has been given to their opposite the emergence of a new generation of progressive religious thinkers and organisations on the religious left The New Spirituality is one of the first books to give a comprehensive and authoritative account of this burgeoning progressive religious movement It offers a clear and engaging analysis of the cultural roots key ideas and organisational structures of this new faith assessing its significance in the changing moral and religious landscape of contemporary western society Gordon Lynch argues that we are witnessing the rise of a new religious ideology which reveres the natural world connects religious faith with novel scientific theories and has a forward looking agenda for society's transformation The New Spirituality will be essential reading for students attempting to understand the shape of religious belief in the twenty first century

Ethical Marxism Bill

Martin,2013-12-01 This book aims to reinvigorate the Marxist project and the role it might play in illuminating the way beyond capitalism Though political economy and scientific investigation are needed for pure Marxism Martin s argument is that the extent to which these elements are needed cannot be determined within the conversations of political economy and other investigations into causal mechanisms What has not been done and what this book does is to argue for the possibility of a rethought Marxism that takes ethics as its core displacing political economy and scientific investigation **Preaching**

Promise withing the Paradoxes of Life Len Hansen,2019-01-01 Paradoxes have become characteristic of the world we live in poverty and privilege empire and oppression migration and enclaves seeking war and peace justice and injustice reconciliation and revenge During the 2016 Societas Homiletica annual conference held in South Africa these paradoxes served as a rediscovery of the calling of preachers to deliver the promise that lies within life s contradictions A divine promise brought forth by the grace of God and the gospel of Christ embodied in and through us by the Spirit of Christ This promise may take many forms and calls for discernment and often interrupts the status quos in surprising shocking ways It is a promise that interrupts in order to comfort **Sacred Places, Civic Purposes** E. J. Dionne,Ming Hsu Chen,2004-05-13

Long before there was a welfare state there were efforts by religious congregations to alleviate poverty Those efforts have continued since the establishment of government programs to help the poor and congregations have often worked with government agencies to provide food clothing and care to set up after school activities provide teen pregnancy counseling and develop programs to prevent crime Until now much of this church state cooperation has gone on with limited opposition or notice But the Bush Administration s new proposal to broaden support for faith based social programs has heated up an already simmering debate What are congregations proper roles in lifting up the poor What should their relationship with government be Sacred Places Civic Purposes explores the question with a lively discussion that crisscrosses every line of partisanship and ideology The result of a series of conferences funded by the Pew Charitable Trusts and sponsored by the Brookings Institution this book focuses not simply on abstract questions of the promise and potential dangers of church state cooperation but also on concrete issues where religious organizations are leading problem solvers The authors experts in their respective fields and from various walks of life examine the promises and perils of faith based organizations in preventing teen pregnancy reducing crime and substance abuse fostering community development bolstering child care and assisting parents and children on education issues They offer conclusions about what congregations are currently doing how government could help and how government could usefully get out of the way Contributors include William T Dickens National Community Development Policy Analysis Network and the Brookings Institution John DiIulio White House Office of Faith Based and Community Initiatives and University of Pennsylvania Floyd Flake Allen AME Church and Manhattan Institute Bill Ga
