**Soul Searching with Djwahl Khul, the Tibetan** Moriah Marston, 2006-09 This is a dramatic multidimensional autobiographical story of the authors soul alignment process which includes past life memories the impact of suicide verbal abuse and how childhood trauma can be instrumental in opening psychic doors The story centers around the authors relationship with Ascended Master Djwhal Khul known as the Tibetan including her process of opening to channel The authors personal story is cross hatched with psychological insights coupled and enhanced by the Tibetans metaphysical teachings The book explores the process of releasing blockages and negative beliefs while embracing the interface between the human condition and the spiritual plane      **Channeling** Joel Bjarling, 2019-06-19 Originally published in 1992

Channeling is a comprehensive bibliography on the subject of channeling The book defines channeling as any message received or conveyed from transcendent entities and covers material on the history of channeling those that have claimed to transcend death contact with UFOs and contemporary channeling groups The book acts as a research guide and seeks to outline the historical roots of channeling explaining its major teachings and considers its significance as a spiritual movement It provides sources from books booklets articles and ephemeral material and offers a comprehensive list of both primary and secondary materials related to channeling the bibliography takes the most diverse and useful sources of the time This volume although published almost 30 years ago still provides a unique and insightful collection for academics of religion in particular those researching spiritualism and the occult      Secrets of the Light Flora Paul, 2001-08

Secrets of the Light Provides the Bible student with fresh insight into the many levels of truth encoded in the Bible Provides the Biblical scholar with an abundance of references on Bible interpretation Provides everyone with an understanding of how light has been used in the Bible as a metaphor to pass wisdom down through generations who have often not understood its deeper meaning In Secrets of the Light author Flora E Paul first relates how her own evolution of religious understanding brought greater personal peace and fulfillment She then explores the meaning she has discovered hidden in plain sight within the symbolism used by the Bible She explains how the same profound truths are being provided to us through many different sources Secrets of the Light also provides an introduction to Theosophy an ancient blending of science and religion that gained wide attention early this century as the controversial Madame Blavatsky promoted it around the world As one of few books examining Theosophy that is not published by the Theosophical Society it speaks truthfully about differing biblical interpretations within the movement and how they compare with both modern scientific fact and mainstream Christian teachings      *The Psychology of the Soul* Gunda Scholdt, 2021-08-30 This book is an introduction to Spiritual Psychology It is an in depth and comprehensive presentation of the path of the soul and the true nature of the human being The special feature of the book is the synthetic view of the different aspects of Ageless Wisdom such as the monad the soul the person ality the seven rays as soul archetypes the seven chakras the seven planes the initiation path of man but also the practice of spiritual therapy The book is clearly

structured and has many visuals that introduce the readers to the complex subject of the Seven Rays to help them realise who they really are The book can be regarded as an introduction to the basics of esoterism It can also be treated as a textbook for people in psychological pedagogical counselling and healing professions who wish to expand their view of humanity and assist those who are seeking advice on their spiritual path of development *Routledge Library Editions: Spiritualism* Various,2022-07-30 The volumes in this set originally published between 1974 and 1992 draw together research by leading academics in spiritualism and provide a rigorous examination of related key issues The collection examines spirituality from a broad range of disciplines from the spirituality in the Christian church spirituality in Africa and Afro American religions as well as examining the areas of channeling mediumship and spirit possession In this 3 volume set there are two incredibly unique and insightful bibliographic source collections examining both primary and secondary source listings across the subject of spiritualism and one volume providing field research into spirituality in the Christian church and in the occult This collection is an incredibly useful tool for researchers examining the broad area of spiritualism and will be of interest to researchers academics and students of anthropology religion and sociology **Who Are We?** William Sowder,Dr. Juanita Christopher,2017-12-27 In this book among other sources we have compiled key thoughts and material that were dictated to Alice Bailey starting in the 1920s and continuing through the 1960s from the Tibetan master Djwhal Khul As you see in the references she wrote eighteen books which were published by Lucis Publishing Company New York Djwhal Khul shared this material from another dimension giving us a new perspective We highly recommend these books because Djwhal Khul is in a higher vibrational dimension working and aiding us in an enlightened evolution What we have added to this book is some of our thoughts about the energies to which Khul refers We know very little about these energies and this material presents a challenge to us in our evolutionary sojourn Each of us must pursue our understanding and knowledge about these energies This is our goal and our reason for writing this book Good travels to you **Let LIGHT descend on Earth** Marcella R. Womack,2010-11-11 A true story this narrative covers a period of eight years between 1985 1993 It is the story of a group that gathered in the heartland of the U S as they listened week after week to channeled Teachings coming from The Realms of Light It is told by one of the group members who was present throughout the eight years of the group s existence and the one who is responsible for the three previously published volumes that contain the channeled Teachings of The Aquarius Materials Xlibris The photo on the cover of this book volume four was taken on Friday October 17 1986 and shows a large shaft of LIGHT coming into the room and shining down onto the channel s body The group was told from the beginning that the Earth was moving from the third dimension into the fourth and fifth dimensions and that there was a huge influx of LIGHT coming into Earth during this 200 000 Year World Age Change Much more than a 2 000 or a 26 000 year change this represents the Earth and humanity beginning it s evolution back into the LIGHT Although the LIGHT seen in the photos was not apparent to the naked eye many of the participants said they could feel the higher vibrations often when

they came to listen to The Aquarius Teachers These LIGHT Energies propelled many in the group to begin to change their lives and an amazing sense of spiritual community was experienced The content of this book is the backdrop behind the three books of Series I The Aquarius Materials It is the final book of this Series and perhaps the best overview for one beginning to read these Teaching This body of Spiritual Teachings heralds a time of a New Dispensation upon the Earth where the Spiritual Nature of Existence is to become known once more by people all over the world The Teachers said that this is the time prophesied in the Christian Scriptures as the Second Coming and it is NOT to be an end of the world time but rather a time when humanity will awaken to the truth of Christ s Teachings about LOVE Humanity was never meant to disconnect from the spiritual dimension and forget the kinship that is ours as children of God As Jesus attained that level of God Union called the Christ Consciousness during his lifetime we are meant to once again reach for Christ Consciousness as we ourselves go inward to Seek the Kingdom This Soul growth can transform both our individual lives and the Way we Live on Earth The book is divided into two major sections Part I The channeling years 1985 1987 and Part II A Time and a House Called Aquarius 1988 1993 Photos of group activities are included with each chapter The Aquarius Materials Series I This is the Overview book three other books make up the Series     **THE WORK OF THE MASTER DJWHAL KHUL** ALICE A.
