Soul Sisters Gateley, Edwina, Glanzman, Louis, 2014-04-10

When I first saw Louis Glanzman's paintings of twelve women in the gospels whose names are so familiar something happened inside me. After a lifetime of knowing all about these women I felt at last that I had actually met them. Indeed I had. They were people I already knew: homemakers, sex workers, child runaways, crones, teachers, mothers, senior citizens, all of them knew Jesus. All of them were archetypes who reflected the journey's struggles, joys, and dreams of women today. Edwina Gateley includes 12 full color paintings by Louis Glanzman, one of America's most honored portraitists. He is famed for eighty marvelous Time magazine covers as well as his beloved drawings for the Pippi Longstocking series.

Soul Sisters Suzan Johnson Cook, 2016-04-26. The challenges women face in modern society: raising a family, finding and keeping a steady job in a tough economic climate, and powering through everyday struggles can feel insurmountable without a solid support system. SOUL SISTERS is one of the many ways in which Ambassador Suzan Johnson Cook hopes to reach women in need of such a system. This book from one of the world's leading experts in equality and former Ambassador at Large for International Religious Freedom includes inspirational stories from women of all backgrounds who have overcome life's obstacles and become even stronger because of their struggles.

Soul Sisters Pythia Peay, 2002-05-27. A unique workbook to help women cultivate their full potential through the lives and lessons of the heroines of world spiritual traditions. Filled with exercises, anecdotes, quotes, and inspiration, Pythia Peay's Soul Sisters is designed to help women foster the traits that can be found in the great spiritual traditions of the world and that are most needed in contemporary life. Each chapter shows how to cultivate the five divine qualities: Courage, Faith, Beauty, Love, and Magic. Soul Sisters offers an abundance of examples of different female figures from the spiritual past and present who have embodied these characteristics in a distinctly feminine way. Through the road they have walked, readers can learn to discover their own individual heart path to these strengths. Both an immensely practical workbook and an education in spiritual ideas, Soul Sisters is a companion for a lifetime.

Soul Sisters, Come on to My House Her Soul Sister, Susan Freire-Korn, 2011-06-30. Too often in this world, hatred, violence, and ugliness saturate our twenty-four hour news cycle, capture our attention on city streets, and stain our view of human kind. But kindness, love, mercy, and compassion are stronger than all this negativity and evil combined. In this inspiring collection of stories, Susan Freire Korn shares how individual women have overcome adversity to emerge stronger and more courageous than ever before. Written by three African American women, three Caucasian women, and three Hispanic women, these tales share how kindness can transcend our basic human differences and bring unity to our lives regardless of culture or race. Each woman offers a unique and uplifting tale of how they suffered through sometimes years of despair and hardship but never gave up on their desire for a better life.

Whether they endured teenage pregnancy alcoholism and domestic abuse or loneliness depression and low self esteem these women prove that no matter the circumstances of chance or culture the human spirit can triumph and emerge stronger than before An excellent reference for those seeking to understand cultural differences as well as for those looking for encouragement in their own lives Soul Sisters Come on to My House beautifully shows how opening your heart and your mind will make the world a better place for all

Black Power Music! Reiland Rabaka, 2022-06-13 Black Power Music Protest Songs Message Music and the Black Power Movement critically explores the soundtracks of the Black Power Movement as forms of movement music That is to say much of classic Motown soul and funk music often mirrored and served as mouthpieces for the views and values as well as the aspirations and frustrations of the Black Power Movement Black Power Music is also about the intense interconnections between Black popular culture and Black political culture both before and after the Black Power Movement and the ways in which the Black Power Movement in many senses symbolizes the culmination of centuries of African American politics creatively combined with and ingeniously conveyed through African American music Consequently the term Black Power music can be seen as a code word for African American protest songs and message music between 1965 and 1975 Black Power music is a new concept that captures and conveys the fact that the majority of the messages in Black popular music between 1965 and 1975 seem to have been missed by most people who were not actively involved in or in some significant way associated with the Black Power Movement

The Funk Movement Reiland Rabaka, 2024-10-23 Rabaka explores funk as a distinct multiform of music aesthetics politics social vision and cultural rebellion that has been remixed and continues to influence contemporary Black popular music and Black popular culture especially rap music and the Hip Hop Movement The Funk Movement was a sub movement within the larger Black Power Movement and its artistic arm the Black Arts Movement Moreover the Funk Movement was also a sub movement within the Black Women s Liberation Movement between the late 1960s and late 1970s where women s funk especially Chaka Khan and Betty Davis s funk was understood to be a form of Black musical feminism that was as integral to the movement as the Black political feminism of Angela Davis or the Combahee River Collective and the Black literary feminism of Toni Morrison or Alice Walker This book also demonstrates that more than any other post war Black popular music genre the funk music of the 1960s and 1970s laid the foundation for the mercurial rise of rap music and the Hip Hop Movement in the 1980s and 1990s This book is primarily aimed at scholars and students working in popular music studies popular culture studies American studies African American studies cultural studies ethnic studies critical race studies women s studies gender studies and sexuality studies
