Irreverence and the Sacred Hugh B. Urban, Greg Johnson, 2019. *Irreverence and the Sacred* brings together some of the most cutting edge interdisciplinary and international scholars working today in order to debate key issues in the critical and comparative study of religion. The project is inspired in large part by the work of Bruce Lincoln whose influential and wide ranging scholarship has consistently posed challenging provocative and often irreverent questions that have really pushed the boundaries of the field of religious studies in important, sometimes controversial ways. Retracing the history of the discipline of religious studies, Lincoln argues that the field has tended to champion a validating feel good approach to religion rather than posing more critical questions about religious claims to authority and their role in history, politics and social change. A critical approach to the history of religions, he suggests, would focus on the human temporal and material aspects of phenomena that are claimed to have a superhuman, eternal or transcendent status. This volume takes up Lincoln's challenge to do better by engaging in critical analyses of four key themes in the study of religion: myth, ritual, gender and politics. The book also interrogates the politics of scholarship itself, critically examining the relations of power and material interests at work in the study as well as the practice of religion. The scholars involved in this project include not only some of the most important figures in the American study of religion such as Wendy Doniger, Russell McCutcheon, Ivan Strenski and Lincoln himself, but also European scholars whose work is hugely influential overseas but not as well known in the U.S. such as Stefan Arvidsson, Claude Calame, Nicolas Meylan and others.

The English of Savitri Shraddhavan, 2015-02-24. Since 1980, Shraddhavan has been teaching English in Auroville through close readings of Sri Aurobindo's revelatory epic, *Savitri*, a legend and a symbol. In August 1998, these classes were resumed at Savitri Bhavan with a growing number of students including young Tamil teacher trainees from the Arul Vazhi School located in Promesse Auroville. These classes were given the name *The English of Savitri* and they concluded in May of 2009 as this group reached the end of the poem. This book is based on the transcripts of a new series of classes given by Shraddhavan between August 2009 and October 2010 which have been edited for conciseness and clarity while aiming to preserve some of the informal atmosphere of the course. Edited transcripts of these classes began to be published serially in the Bhavan's journal of Study Notes on *Savitri* Invocation from issue 32 onwards since it was felt that they may be of interest to a wider audience. They are now being published in book form in several volumes by Yukta Prakashan, publishers of Vadodara. This suggested the idea of

collecting the original English articles into a book form as well This is the first such volume covering all the five cantos of Book One of the poem The Book of Beginnings Crimsonheart Chronicles: The Tale of Enlightenment Jake R. C. Wells, 2022-05-19 As the Endellion Emperor's daughter Althea Crimsonheart is expected to train in the ways of the enlightenment Where Althea struggles in her training her friend Jidan excels To aid their training Althea and Jidan's mentor sends them on a journey to a wise sage rumoured to have achieved enlightenment Meanwhile Endellion is at war with Ormilla a neighbouring kingdom while the spirits shun their people Meeting friends and foes along their journey Althea and Jidan discover startling truths about the world they thought they knew When many forces collide those caught between will be forced to make tough choices and learn how to steer the wheel of their own destiny
