Direction Sue Pickering, 2014-09-16 Spiritual direction has been an intrinsic part of the Christian tradition since the earliest days of the church when desert mothers and fathers were sought out for their wisdom and guidance This guide aims to equip clergy and laity engaged in this task or in training for it **Secularism and the Pursuit of Transcendence, Volume I**

Stanley E. Porter, Wendy J. Porter, 2025-02-20 We live in a secular age or so we have been told Nevertheless the Christian church strongly believes that we still experience and in fact are surrounded by acts of transcendence encounters with God that often defy imagination and explanation And yet we do try to explain such phenomena whether theologically experientially biblically historically philosophically literarily or even or especially artistically These two volumes are more than just papers from a major conference on secularism and the pursuit of transcendence held at McMaster Divinity College in Hamilton Ontario They contain genuine attempts by people deeply engaged with their secular surroundings to explain what we mean by transcendence Transcendence has been a longstanding topic among the best thinkers of this and previous ages and the same is true for these volumes which include contributions by Charles Taylor Robert Wuthnow Merold Westphal and Christina Gschwandtner but also by a wide range of others who address the question from divergent vantage points The responses vary as much as the orientations of those involved in the pursuit of defining not only what it means to live in our secular age but to be involved in the pursuit of transcendence or even to perceive the Transcendent's pursuit of us

Making Confession, Hearing Confession Annemarie S. Kidder, 2010-03-01 Is confession obsolete Far from it Annemarie Kidder has learned At unexpected times and in unexpected places we hear the confession of a friend or a perfect stranger at crucial times in our lives we tend to unburden ourselves of matters that trouble our conscience While some churches offer opportunities for sacramental confession others provide counseling outside the sacramental framework Some confessional practices have been secularized as in psychotherapy and professional counseling others find expression in evangelistic crusades and Christian 12 step programs Meanwhile the scope of confessors has widened to include men and women religious and lay spiritual directors Addressing this broad audience Kidder reviews the origins and history of confession from biblical times to the early modern era examines contemporary practices of confession penance and spiritual direction that have emerged in the twentieth century and offers practical considerations for evaluating and improving one's own practice either as confessor or penitent Readers will be grateful for this concise historical overview of confession and Kidder's assurance that despite its undervalued or misunderstood practice this cure of souls is anything but obsolete
