Charles L. Hughes, 2015-03-23 In the sound of the 1960s and 1970s nothing symbolized the rift between black and white America better than the seemingly divided genres of country and soul Yet the music emerged from the same songwriters musicians and producers in the recording studios of Memphis and Nashville Tennessee and Muscle Shoals Alabama what Charles L Hughes calls the country soul triangle In legendary studios like Stax and FAME integrated groups of musicians like Booker T and the MGs and the Muscle Shoals Rhythm Section produced music that both challenged and reconfirmed racial divisions in the United States Working with artists from Aretha Franklin to Willie Nelson these musicians became crucial contributors to the era's popular music and internationally recognized symbols of American racial politics in the turbulent years of civil rights protests Black Power and white backlash Hughes offers a provocative reinterpretation of this key moment in American popular music and challenges the conventional wisdom about the racial politics of southern studios and the music that emerged from them Drawing on interviews and rarely used archives Hughes brings to life the daily world of session musicians producers and songwriters at the heart of the country and soul scenes In doing so he shows how the country soul triangle gave birth to new ways of thinking about music race labor and the South in this pivotal period **Jazz**

Traditional New Orleans Jazz Thomas W. Jacobsen, 2011-03-25 About a century after its beginnings, traditional jazz remains the definitive music of New Orleans and an international hallmark of the city. The enduring sound and boundless energy of this American art form have produced a long list of jazz legends. From Lionel Ferbos, the city's oldest working jazz musician, to Grammy winner Irvin Mayfield, the musical heritage of traditional jazz lives on through each player's passion. In *Traditional New Orleans Jazz*, veteran jazz journalist Thomas Jacobsen discusses that legacy with Ferbos, Mayfield, and a who's who of the present-day scene's trad jazz players. Through intimate conversations with jazz veterans and up-and-coming talent, Jacobsen elicits honest, witty, and sometimes comedic discussions that reveal a strong mutual devotion to do one thing: compose and play music inspired by the Crescent City's earliest jazz musicians. *Traditional New Orleans Jazz* presents local perspectives on what has become an international language, with interviews from Lucien Barbarin, Evan Christopher Duke, Heitger Leroy Jones, Dr. Michael White, and many more. Jacobsen also notes that the stewardship of traditional jazz means more than making music; its longevity relies on teaching and innovation, furthering the inextricable ties between the music and the men who make it. *Traditional New Orleans Jazz* is a culture of its own, and the players in this remarkable volume are its native speakers.

Hole in Our Soul Martha Bayles, 1996-05-15 From Queen Latifa to Count Basie Madonna to Monk Hole in Our Soul The Loss of Beauty and Meaning in American Popular Music traces popular music back to its roots in jazz blues country and gospel through the rise in rock n roll and the emergence of heavy metal punk and rap Yet despite the vigor and balance of these musical origins Martha Bayles argues something has gone seriously wrong both with the sound of popular music and the sensibility it expresses Bayles defends the tough affirmative spirit of Afro American music against the strain of artistic modernism she calls perverse She describes how perverse modernism was grafted onto popular music in the late 1960s and argues that the result has been a cult of brutality and obscenity that is profoundly anti musical Unlike other recent critics of popular music Bayles does not blame the problem on commerce She argues that culture shapes the market and not the other way around Finding censorship of popular music both a practical and a constitutional impossibility Bayles insists that an informed shift in public tastes may be our only hope of reversing the current malignant mood
