## Sound Of War:

*Czech and Polish Sound Memories of the Second World War* Radmila Švaříčková Slabáková, Marcin Filipowicz, Dobrawa Lisak-Gębala, Sławomir Wieczorek, Andrea Hanáčková, 2025-11-03 This book investigates the crucial yet often overlooked role of sound in shaping the memory of the Second World War Through an interdisciplinary and transnational approach this volume addresses a notable gap in memory studies and argues that auditory experiences are central to how war is remembered commemorated and narrated By placing sound at the heart of collective remembrance this book reveals how sonic elements influence public discourse shape collective identities and contribute to the evolving transformation of war memory Bringing together scholars from the Czech Republic and Poland this volume examines how the Second World War has been remembered through sound since the 1990s across three distinct media museum exhibitions prose fiction and sound art including soundwalks and field recordings This innovative framework underscores the importance of exploring how different media evoke and reproduce sound to grasp the complexity and diversity of wartime memory in Central Europe Focusing on Czech and Polish memory cultures the book demonstrates that sound may function in multiple and sometimes contradictory ways as a means of reinforcing national narratives as a tool for critical engagement or as a medium for experimental and marginal perspectives This volume is essential reading for scholars in memory studies sound studies cultural and public history museology literary theory and musicology as well as for museum professionals and anyone interested in how the past resonates literally and metaphorically through sound

*Listening to War* J. Martin Daughtry, 2015-09-01 To witness war is in large part to hear it And to survive it is among other things to have listened to it and to have listened through it *Listening to War Sound Music Trauma and Survival in Wartime Iraq* is a groundbreaking study of the centrality of listening to the experience of modern warfare Based on years of ethnographic interviews with U S military service members and Iraqi civilians as well as on direct observations of wartime Iraq author J Martin Daughtry reveals how these populations learned to extract valuable information from the ambient soundscape while struggling with the deleterious effects that it produced in their ears throughout their bodies and in their psyches Daughtry examines the dual edged nature of sound its potency as a source of information and a source of trauma within a sophisticated conceptual frame that highlights the affective power of sound and the vulnerability and agency of individual auditors By theorizing violence through the prism of sound and sound through the prism of violence Daughtry provides a productive new vantage point for examining these strangely conjoined phenomena Two chapters dedicated to wartime music in Iraqi and U S military contexts show how music was both an important instrument of the military campaign and the victim of a multitude of violent acts throughout the war A landmark work within the study of conflict sound studies and ethnomusicology *Listening to War* will expand your understanding of the experience of armed violence and the experience of sound more generally At the same time it provides a discrete window into the lives of individual Iraqis and Americans struggling to orient themselves within the fog
