Poetry and Its Others Jahan Ramazani, 2022-12-22 What is poetry Often it is understood as a largely self enclosed verbal system suspended from any mutual interaction with alien discourse in the words of Mikhail Bakhtin But in Poetry and Its Others Jahan Ramazani reveals modern and contemporary poetry s animated dialogue with other genres and discourses Poetry generates rich new possibilities he argues by absorbing and contending with its near verbal relatives Exploring poetry s vibrant exchanges with other forms of writing Ramazani shows how poetry assimilates features of prose fiction but differentiates itself from novelistic realism metabolizes aspects of theory and philosophy but refuses their abstract procedures and recognizes itself in the verbal precision of the law even as it separates itself from the law s rationalism But poetry s most frequent interlocutors he demonstrates are news prayer and song Poets such as William Carlos Williams and W H Auden refashioned poetry to absorb the news while expanding its contexts T S Eliot and Charles Wright drew on the intimacy of prayer though resisting its limits and Paul Muldoon Rae Armantrout and Patience Agbabi have played with and against song lyrics and techniques Encompassing a cultural and stylistic range of writing unsurpassed by other studies of poetry Poetry and Its Others shows that we understand what poetry is by examining its interplay with what it is not

Novel Sounds Florence Dore, 2018-06-12 The 1950s witnessed both the birth of both rock and roll and the creation of Southern literature as we know it Around the time that Chuck Berry and Elvis Presley put their electric spin on Southern vernacular ballads a canonical group of white American authors native to rock s birthplace began to write fiction about the electrification of those ballads translating into literary form key cultural changes that gave rise to the infectious music coming out of their region In Novel Sounds Florence Dore tells the story of how these forms of expression became intertwined and shows how Southern writers turned to rock music and its technologies tape radio vinyl to develop the rock novel Dore considers the work of Southern writers like William Faulkner Flannery O Connor and William Styron alongside the music of Bessie Smith Lead Belly and Bob Dylan to uncover deep historical links between rock and Southern literature Along with rock pioneers Southern authors drew from blues country jazz and other forms to create a new brand of realism that redefined the Southern vernacular as global electric and notably white Resurrecting this Southern literary tradition at the birth of rock Dore clarifies the surprising but unmistakable influence of rock and roll on the American novel Along the way she explains how literature came to resemble rock and roll an anti institutional art form if there ever was one at the very moment academics claimed literature for the institution

H Jim Elledge, 2012 H is an impressionist biography in prose poems of outsider artist Henry Darger Like Darger H is entangled in a disturbing triangle haunted by the spirit of murdered six year old Elsie Paroubek plagued by memories of the childhood sexual abuse he suffered and by the despair he endured as an adult because of it and tormented by the Divine as only believers can be H is an unflinching portrait of two men

Murphy, 1994-07 We are just beginning to understand masculinity as a fiction or a localizable historical and therefore unstable construct This book points the way to a much needed interrogation of the many modes of masculinity as represented in literature Both women and men who are engaged in critical thinking about genders and sexualities will find these essays always thoughtful and often provocative Thas E Morgan Associate Professor of English Arizona State University Peter Murphy has assembled an innovative challenging and important set of contributions to a growing field of inquiry into constructions of masculinities in literature inspired principally by feminist and gay studies Illuminatingly crossing lines of genders sexualities cultures and methodologies *Fictions of Masculinity* greatly advances our understanding of representations of men masculinities misandry and misogyny in a wide range of literary works and genres and helps us to imagine and thereby ultimately bring about alternative constructions Harry Brod Editor *The Making of Masculinities The New Men's Studies A Mensch Among Men Explorations in Jewish Masculinity and Theorizing Masculinities* Women writing about women dominates contemporary work on sexuality Men have been far more willing to discuss female sexuality than male sexuality while the most radical and insightful analyses of male sexuality have come from women When men consider the issue of female sexuality they often speak from assumptions of security about their own unexamined sexuality This book maintains that men have to interrogate their own sexuality if there is to be a revision of phallogocentric discourse and that this revision of masculinity must be done in dialogue with women The essays included in this collection examine the deep structure of masculine codes They ask the question Who are the men in modern literature Examining the force of the dominant values of Western masculinity they synthesize insights from feminism psychoanalysis post structuralism and new historicism These perspectives help explain how male sexuality has been structured by fictional representations By examining the images of masculinity in modern literature the essays explore traditional and non traditional roles of men in society and in personal relationships They look at how men are represented in literature the fiction of manhood They attempt to unravel the assumptions behind these

representations by looking at the implications of this imagination And they speculate on possibilities for creating a new imaginary of masculinity by identifying what literature has to say about that change With analyses of a range of genres novels poetry plays and autobiography Western and Third World literatures and theoretical perspectives Fictions of Masculinity provides a significant contribution to this rapidly growing field of study Contributors are David Bergman Towson State University Miriam Cooke Duke University Martin Danahy Emory University Richard Dellamora Trent University Ontario Leonard Duroche University of Minnesota Jim Elledge Illinois State University Alfred Habegger University of Kansas Suzanne Kehde California Polytechnic University San Luis Obispo David Leverenz University of Florida Christopher Metress Wake Forest University Peter F Murphy SUNY Empire State College Rafael Prez Torres University of Pennsylvania David Radavich Eastern Illinois University and Peter Schwenger St Vincent University Nova Scotia
