Encyclopedia of American Literature of the Sea and Great Lakes Jill B. Gidmark, 2000-11-30

The sea and Great Lakes have inspired American authors from colonial times to the present to produce enduring literary works. This reference is a comprehensive survey of American sea literature. The scope of the encyclopedia ranges from the earliest printed matter produced in the colonies to contemporary experiments in published prose, poetry, and drama. The book also acknowledges how literature gives rise to adaptations and resonances in music and film and includes coverage of nonliterary topics that have nonetheless shaped American literature of the sea and Great Lakes. The alphabetical arrangement of the reference facilitates access to facts about major literary works, characters, authors, themes, vessels, places, and ideas that are central to American sea literature. Each of the several hundred entries is written by an expert contributor, and many provide bibliographical information. While the encyclopedia includes entries for white male canonical writers such as Herman Melville and Jack London, it also gives considerable attention to women at sea and to ethnically diverse authors, works, and themes. The volume concludes with a chronology and a list of works for further reading.

The Living Great Lakes Jerry Dennis, 2014-09-23

Award-winning nature author Jerry Dennis reveals the splendor and beauty of North America's Great Lakes in this masterwork history and memoir of the essential environmental and economical region shared by the United States and Canada. No bodies of water compare to the Great Lakes. Superior is the largest lake on earth, and together all five contain a fifth of the world's supply of standing fresh water. Their ten thousand miles of shoreline border eight states and a Canadian province and are longer than the entire Atlantic and Pacific coasts of the United States. Their surface area of 95,000 square miles is greater than New York, New Jersey, Connecticut, Massachusetts, Vermont, New Hampshire, and Rhode Island combined. People who have never visited them, who have never seen a squall roar across Superior or the horizon stretch unbroken across Michigan or Huron, have no idea how big they are. They are so vast that they dominate much of the geography, climate, and history of North America, affecting the lives of tens of millions of people. *The Living Great Lakes: Searching for the Heart of the Inland Seas* is the definitive book about the history, nature, and science of these remarkable lakes at the heart of North America. From the geological forces that formed them and the industrial atrocities that nearly destroyed them to the greatest environmental success stories of our time, Superior, Michigan, Huron, Erie, and Ontario are portrayed in all their complexity. A Michigan native, Jerry Dennis also shares his memories of a lifetime on or near the lakes, including a six-week voyage as a crewmember on a tall-masted schooner. On his travels, he collected more stories of the lakes through the eyes of biologists, fishermen, sailors, and others he befriended while hiking the area's beaches and islands. Through storms and fog on remote shores and city waterfronts, Dennis explores the five Great Lakes in all seasons and moods and discovers that they and their

connecting waters including the Erie Canal the Hudson River and the East Coast from New York to Maine offer a surprising and bountiful view of America The result is a meditation on nature and our place in the world a discussion and cautionary tale about the future of water resources and a celebration of a place that is both fragile and robust diverse rich in history and wildlife often misunderstood and worthy of our attention This is history at its best and adventure richly described Doug Stanton author of *In Harm's Way The Sinking of the U S S Indianapolis and the Extraordinary Story of Its Survivors* and 12 Strong The Declassified True Story of the Horse Soldiers Sigurd Olson Nature Writing Award Winner Winner of Best Book of 2003 by the Outdoor Writers Association of America **A Fully Accredited Ocean** Victoria Brehm,1998 Essays about the economic and industrial development of the Lakes that point out the uniqueness of the area Lives & Legends of the Christmas Tree Ships Fred Neuschel,2007 The real life stories behind one of the most popular tales of the Great Lakes the 1912 sinking of the Rouse Simmons **The Window on the Arts, Literature, and Society** ,1991 Great Lakes and Midwest Catalog Partners Book Distributing,2007 **The Canadian Experience of the Great War** Brian Douglas Tennyson,2013-05 Although the United States did not enter the First World War until April 1917 Canada enlisted the moment Great Britain engaged in the conflict in August 1914 The Canadian contribution was great as more than 600 000 men and women served in the war effort 400 000 of them overseas out of a population of 8 million More than 150 000 were wounded and nearly 67 000 gave their lives The war was a pivotal turning point in the history of the modern world and its mindless slaughter shattered a generation and destroyed seemingly secure values The literature that the First World War generated and continues to generate so many years later is enormous and addresses a multitude of cultural and social matters in the history of Canada and the war itself Although many scholars have brilliantly analyzed the literature of the war little has been done to catalog the writings of ordinary participants men and women who served in the war and wrote about it but are not included among well known poets novelists and memoirists Indeed we don't even know how many titles these people published nor do we know how many more titles were added later by relatives who considered the recollections or collected letters worthy of publication Brian Douglas Tennyson's *The Canadian Experience of the Great War A Guide to Memoirs* is the first attempt to identify all of the published accounts of First World War experiences by Canadian veterans **Lake Rhymes** Lee Murdock,Joann Murdock,2004 18 song CD to accompany this songbook and study guide of Great Lakes history and folk music **Telescope** ,1992 **Midamerica** ,1999 *Inland Seas* ,1998 Michigan History Magazine ,1995 Haunted Lakes Frederick Stonehouse,1997 **The Michigan Historical Review** ,1996 **Studies in American Indian Literatures** ,1998 **Star Songs and Water Spirits** Victoria Brehm,2011 Presents a collection of folklore poetry speeches songs fiction personal narratives essays and non fiction prose by members of the Great Lakes Native nations Proceedings of the New York State Historical Association with the Quarterly Journal New York State Historical Association,1993
