how to identify egregores free yourself from parasitic and destructive entities and destroy an egregore should the need arise

One of most important but little known concepts of Western occultism is that of the egregore an autonomous psychic entity created by a collective group mind An egregore is sustained by belief ritual and sacrifice and relies upon the devotion of a group of people from a small coven to an entire nation for its existence An egregore that receives enough sustenance can take on a life of its own becoming an independent deity with powers its believers can use to further their own spiritual advancement and material desires Presenting the first book devoted to the study of egregores Mark Stavish examines the history of egregores from ancient times to present day with detailed and documented examples and explores how they are created sustained directed and destroyed He explains how egregores were well known in the classical period of ancient Greece and Rome when they were consciously called into being to watch over city states He explores the egregore concept as it was understood in various Western Mystery traditions including the Corpus Hermeticum and offers further examples from Tibetan Buddhism Islam modern esoteric orders such as the Order of the Golden Dawn and Rosicrucianism the writings of H P Lovecraft and Kenneth Grant and the followers of Julius Evola and Aleister Crowley The author discusses how even as the fundamental principles of the egregore were forgotten egregores continue to be formed sometimes by accident Stavish provides instructions on how to identify egregores free yourself from a parasitic and destructive collective entity and destroy an egregore should the need arise Revealing how egregores form the foundation of nearly all human interactions the author shows how egregores have moved into popular culture and media underscoring the importance of intense selectivity in the information we accept and the ways we perceive the world and our place in it **The Publishers Weekly** ,2002 *Web Thinking* Linda Seger,2002 The author helps people shift from rugged individualism to a relationship oriented outlook and presents a step by step process for rethinking linear thinking and using new images to visualize one s place in an interconnected world **Library Journal** ,2002 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately [Why America's Children Can't Think](#) Peter Kline,2002 Kline argues from experience as a teacher researcher and consultant in reading and accelerated learning skills that standardized testing produces a population that can follow instructions but it kills our greatest resource the creative minds of our children *Toxic Success* Paul Pearsall,2002 A bestselling author identifies the major psychological syndrome of the modern era fragmentation caused by too much electronic video and computer stimulation Here he presents his highly effective detoxification program that has helped many to heal their fragmented psyches **Books In Print 2004-2005** Ed Bowker Staff,Staff Bowker, Ed,2004 **Portland Transcript** ,1863
