A Carceral Ecology Ryan C. Edwards, 2021-12-28 Closer to Antarctica than to

Buenos Aires the port town of Ushuaia Argentina is home to a national park as well as a museum that is housed in the world's southernmost prison Ushuaia's radial panopticon operated as an experimental hybrid penal colony and penitentiary from 1902 to 1947 designed to revolutionize modern prisons globally A *Carceral Ecology* offers the first comprehensive study of this notorious prison and its afterlife documenting how the Patagonian frontier and timber economy became central to ideas about labor rehabilitation and resource management Mining the records of penologists naturalists and inmates Ryan C Edwards shows how discipline was tied to forest management but also how inmates gained situated geographical knowledge and reframed debates on the regeneration of the land and the self Bringing a new imperative to global prison studies Edwards asks us to rethink the role of the environment in carceral practices as well as the impact of incarceration on the natural world

A Prosperous Way Down Howard T. Odum, Elisabeth C. Odum, 2011-05-18 *A Prosperous Way Down* the last book by Howard T and Elisabeth C Odum has shaped politics and planning as nations states and localities begin the search for ways to adapt to a future with vastly increased competition for energy It considers ways in which a future with less fossil fuel could be peaceful and prosperous Although history records the collapse of countless civilizations some societies and ecosystems have managed to descend in orderly stages reducing demands and selecting and saving what is most important The authors make recommendations for a more equitable and cooperative world society with specific suggestions based on their evaluations of trends in global population wealth distribution energy sources conservation urban development capitalism and international trade information technology and education Available for the first time in paperback this thoughtful provocative book forces us to confront assumptions about our world's future and provides both a steadying hand and a call to action with its pragmatic analysis of a global transition
