The Tarragona Vortex Lawrence J. McCrank, 2022-09-30 This extensive bibliographic essay underpins the entire Tarragona Vortex study by focusing on this arena as one of the most contested frontiers in Western history comparable to Jerusalem in the East for broad issues of Romanization Westernization Islamization and Christianization Its book length chapters treat 1 diverse historiographies from local and Spanish to comparative Mediterranean and Crusade History and especially Ethno historiography and the explanatory concept of frontiers 2 the phenomena of religion conversion and reform and the conditioning agents of Islam and Latin Christianity in practice and adversity 3 religious universalism and violence especially religious war 4 the Crusade and Reconquest paradigms and century long debate 5 the environment on land and sea and setting for this History Although these themes are explored to include due reconsideration but avoid major digressions in its telling about Tarragona and the Tarraconensis they underly so much of Late Antique and Medieval historical research that this discussion pertains to the whole field of historical cultural and religious studies

With Eyes of Flesh Carole R. Fontaine, 2008 Carole Fontaine well known among biblical scholars for her feminist studies in the biblical wisdom traditions and the ancient Near East is also a human rights and interfaith activist working on issues of violence against Muslim women in the Middle East and Southern Asia and a board member of many agencies such as the International Network for the Rights of Female Victims of Violence in Pakistan and the Women s Forum against Fundamentalism in Iran In this collection of her essays mostly previously unpublished she brings together these two concerns distilling from the scriptures of Judaism Christianity and Islam valuable insights into current questions of human rights Unlike many writers Fontaine recognizes the critical role of gender in the fundamental concept of the Other so determinative for our view of humanity In our days

Fontaine argues human rights issues have taken on a new dimension in political discourse about war peace and terror where often an appeal is made to religious and scriptural justifications for the violation or preservation of rights Fontaine urges attention to the priority of the sufferer in adjudicating meaning and turns to the little texts of daily ethics rather than grand theological abstractions in order to place scriptures in meaningful conversation with the concrete realities of our world

Attempt to Uproot Sunni-Arab Influence ,2017-01-24 In the aftermath of popular uprisings that unleashed the quest for freedom Arab governments scrambled to limit sectarian divisions though much of these efforts came to naught Regrettably weak governments fell into carefully laid traps aimed to divide and rule Protracted wars further destroyed Arab wealth and cohesiveness and Sunni communities saw their power bases marginalised On cue and predicted by some commentators extremist movements like the so called Islamic State emerged targeting Sunnis with extreme violence In 2014 Nabil Khalife an established Lebanese thinker published a widely praised thesis that identified the root causes of renewed sectarian tensions at a time when confrontations polarised awakened Arab societies Based on an extensive discussion of the 1979 Iranian Revolution that toppled the Shah Khalife advanced the notion that the revolution was not Islamic but an Iranian Shiah rebellion that ended the Pahlavi military monarchy and that the post 2011 Sunni Shiah struggle was planned by leading Western powers including Russia to preserve Israel and impose the latters acceptance in the Middle East as a natural element In this translation of Istihdaf Ahl al Sunna Targeting Sunnis Joseph A Kechichian analyses the fundamental questions raised by the author to better place the current sectarian collision in a geo strategic global perspective Based on the books avowals of how the worlds three monotheistic religions perceive each other and Political Sunnism Kechichian assesses Henry Kissinger s famous appellation of the Middle World that houses significant and indispensable oil resources and why that allegedly makes it Political Sunnism dangerous In a comprehensive introduction to the translation he describes various initiatives that led global powers to check the undeniable force of Political Sunnism

The Certainty Trap Bill Musk,2008-06-01 A certainty trap has sprung up within both Islam and Christianity resulting in a world struggling with the fallout from extremist and violent interpretations of what the word of God might mean In The Certainty Trap Musk looks at the phenomenon of fundamentalism in Christianity and its contributions toward the messy state of international affairs in which many especially Muslims find themselves today By scrutinizing sacred book interpretation in

both the Islamic and Christian heritages The Certainty Trap challenges contemporary religious fundamentalism and is a timely contribution to Muslim Christian relations **From Clash to Dialogue of Religions** Casimir Chinedu O. Nzeh, 2002

September 11 2001 is now etched into the collective world consciousness as a water shed in the modern history of relationship between the world civilizations These civilizations are essentially rooted in religious faiths that are largely ignorant of each other and consequently mutually hostile Hopefully not too late the world has woken up to this awesome reality This work started by the author some years ago before September 11 2001 is appearing at a most auspicious time when Nigeria indeed is like the world stage in microcosm where the contradictions between faith and praxis in the relationship between these world religions are played out Using Nigeria as a case study the author painstakingly analyses the commonly shared areas of faith between Islam and the Christian Faith and carefully scrutinizes the background motives and characteristics of the friction points between the two religions The result of his research challenges both religions by exposing how much they have in common to co exist peacefully and assure humanity that peace is inexorably bound up with religion It also underscores the Catholic Social Teaching with its principles values and norms for the foundation of a sound social Order and structure of social life
