## **Swords And Covenants:**

*Covenants Without Swords* Jeanne Morefield, 2016-06-28 *Covenants without Swords* examines an enduring tension within liberal theory that between many liberals professed commitment to universal equality on the one hand and their historic support for the politics of hierarchy and empire on the other. It does so by examining the work of two extremely influential British liberals and internationalists Gilbert Murray and Alfred Zimmern. Jeanne Morefield mounts a forceful challenge to disciplinary boundaries by arguing that this tension on both the domestic and international levels is best understood as frequently arising from the same source.

*Swords and Covenants* Adrian W. Preston, 1976 **Covenants Without the Sword** Patrick Kyba, 1983-03-09 This book constitutes a major and comprehensive reevaluation of British defence policy in the early 1930s. The author traces the evolution of British opinion toward rearmament from opposition to approval between 1931 and 1935 and assesses the impact of this opinion on the formation of the Government's defence policy. He places public opinion among the many factors which determined the extent and timing of British rearmament during this period and concludes that the leaders of those Governments were not Guilty Men who let political considerations overrule their responsibility for national security but rather prudent men who decided on rearmament before it was publicly acceptable. Documented from such sources as newspaper editorials, cabinet papers, speeches of Members of Parliament and results of by-elections, the book will be of interest to historians, students of policy decisions and public opinion and persons interested in the events leading to World War II.

**The Covenant and the Sword** Earl Berger, 2023-05-31 In January 1949 the first Arab-Israeli war ended. In October 1956 the second began with Israel's invasion of Egypt. What happened in those intervening seven years to persuade the Israelis to attack is the subject of this book, first published in 1965. Israel's relations with the Arab countries formed only a sub-plot in a complex, many-layered drama. The main characters were the Arabs and the Great Powers. The story moved in three main themes: the argument amongst the Great Powers over who would have what in the Middle East; the Arabs' struggle against the West for independence and self-respect; and the dispute amongst the Arabs themselves over who should lead that struggle. These themes were well developed long before the Balfour Declaration was put in the mail and the Palestine Question became an important world issue.

*Sovereignty and the Sword* Arihiro Fukuda, 1997-10-16 The English civil wars of the mid-seventeenth century produced two political thinkers of genius: Thomas Hobbes and James Harrington. They are known today as spokesmen of opposite positions: Hobbes of absolutism, Harrington of republicanism. Yet behind their disagreements, argues Arihiro Fukuda, there lay a common perspective. For both writers the primary aim was the restoration of peace and order to a divided land. Both men saw the conventional thinking of the time as unequal to that task. Their greatest works, Hobbes's *Leviathan* of 1651 and Harrington's *Oceana* of 1656, proposed the reconstruction of the English polity on novel bases. It was not over the principle of sovereignty that the two men differed. Fukuda shows Harrington to have been no less than Hobbes a theorist of absolute sovereignty. But where Hobbes repudiated the mixed governments of classical

antiquity Harrington's study of them convinced him that mixed government far from being the enemy of absolute sovereignty was its essential foundation **Book of Mormon | Doctrine and Covenants | Pearl of Great Price**, 2010-04 The 2013 edition of the Book of Mormon Doctrine and Covenants and Pearl of Great Price contains all of the study aids contained in the 1981 edition and includes revisions to the study aids several new photos updated maps and adjustments to section and chapter headings The style and format of titles tables of contents abbreviations pages and other study aids have been standardized to improve the reader's experience however the adjustments have not been so extensive as to require members to purchase the new edition to stay current with either the Church curriculum or personal study **The Holy Bible,**

**Consisting of the Old and New Covenants**, 1863 **Inheritance: Covenants, Kingdoms, Bodies and Nations** Mark Daniel, 2015-02-17 Inheritance Covenants Kingdoms Bodies and Nations is a study on a Christian's inheritance in the Lord It examines a range of subjects dealing with God's covenants to what those covenants represent to how a Christian can better gird themselves up with the tools and weapons of the Lord to fight the spiritual fight we must all partake in if we hope to overcome in these final days Inheritance also shines a light on a great many subjects surrounding the theme of inheritance through the lens of the Old Testament prophets This book was developed from a series of revelations given to the author after struggling through a desert of trials that lasted exactly ten years to the day Mistakes in interpretation will always occur Please feel free to disagree with any of my conclusions **The Covenant-Avenging Sword Brandished** John

Arrowsmith, 2012-04-12 Arrowsmith preached many times before the House of Commons but this sermon The Covenant Avenging Sword Brandished is one of his most popular Its text is taken from Leviticus 26:25 I will bring a sword upon you that shall avenge the quarrel of my Covenant He outlines and expounds three main points namely 1 War is a judgment of God's own bringing I will bring a sword 2 The sword is an instrument of vengeance A sword that shall avenge And 3 That which the sword comes to avenge is some quarrel of God's Covenant Avenge the quarrel of my Covenant This is a newly typeset publication not a facsimile This is not a scan or facsimile and contains an active table of contents for electronic versions

**The oeconomy of the covenants between God and man, comprehending a complete body of divinity ... Faithfully translated from the Latin, and carefully revised, by William Crookshank, D.D. To which is prefixed The life of the author** Herman Wits, 1822 **Animals and why They Matter** Mary Midgley, 1984 Animals and Why They Matter examines the barriers that our philosophical traditions have erected between human beings and animals and reveals that the too often ridiculed subject of animal rights is an issue crucially related to such problems within the human community as racism sexism and age discrimination Mary Midgley's profound and clearly written narrative is a thought provoking study of the way in which the opposition between reason and emotion has shaped our moral and political ideas and the problems it has raised Whether considering vegetarianism women's rights or the humanity of pets this book goes to the heart of the question of why all animals matter **Not Peace But a Sword** Stephen Baskerville, 2018-08-21 Not Peace But a

Sword provides a case study in religious radicalism as exemplified by the Puritanism of the English Revolution Based on sermons preached to the Long Parliament and other political bodies Stephen Baskerville demonstrates how Puritan religious and political ideas transformed the English Civil War into the world s first great modern revolution To understand why Baskerville analyzes the underlying social changes that gave rise to Puritan radicalism The Puritan intellectuals developed the sermon into a medium that conveyed not only popular political understanding but also a sophisticated political sociology that articulated a new social and political consciousness In the process they challenged the traditional political order and created a new order by appealing to the needs and concerns of a people caught up in the problems of rapid social and economic change The book explores the social psychology behind the rise of Puritanism as the Puritan ministers themselves presented it through textual criticism of their own words placing them in the mental context of their time and offers a new understanding of the link between religious ideas and revolutionary politics

**Reports of Cases Adjudged and Determined in the Court of Chancery of the State of New York: Clarke's Chancery and Sanford's Chancery, v. 1-4** New York (State). Court of Chancery,1889 **The Flaming Sword** ,1926 **God's Kingdom through God's Covenants**

Peter J. Gentry,Stephen J. Wellum,2015-08-31 The Bible records a number of covenants that God made with his people However rather than merely abstract ideas for theologians and scholars to study the covenants in Scripture hold the key to understanding the Bible s overarching story and message In God s Kingdom through God s Covenants two world class scholars offer readers an engaging snapshot of how God has chosen to lovingly relate to his people in history tracing the significance of the concept of covenant through both the Old and New Testaments Explaining the differences between covenant theology and dispensationalism while offering a thoughtful alternative to both this book ultimately highlights the covenantal framework through which God has promised to remain faithful to his people **Crossing the Line** Rosalie G. Riegle,2013-01-01 More than sixty five peacemakers have contributed oral narratives to this compelling history of those who say no to war making in the strongest way possible by engaging in civil disobedience and paying the consequences in jail or prison Crossing the Line gives voice to often neglected social history and provides provocative stories of actions trials and imprisonment **Divine Covenants and Moral Order** David VanDrunen,2014-05-14 This book addresses the old question of natural law in its contemporary context David VanDrunen draws on both his Reformed theological heritage and the broader Christian natural law tradition to develop a constructive theology of natural law through a thorough study of Scripture The biblical covenants organize VanDrunen s study Part 1 addresses the covenant of creation and the covenant with Noah exploring how these covenants provide a foundation for understanding God s governance of the whole world under the natural law Part 2 treats the redemptive covenants that God established with Abraham Israel and the New Testament church and explores the obligations of God s people to natural law within these covenant relationships In the concluding chapter of Divine Covenants and Moral Order VanDrunen reflects on the need for a solid theology of natural law and the

importance of natural law for the Christian's life in the public square 07 02      **The Ritual and Mythology of the Chinese Triads** Barend ter Haar, 2021-11-15 The extensive ritual and mythological lore of the Chinese Triads form the scope of this new paperback in Brill's Scholar's List. In it, the reader will find a critical evaluation of the extant sources together with a true wealth of context. The core of the book is formed by a close reading of the initiation ritual including the burning of incense, the altar, the enactment of a journey of life and death and the blood covenant. Different narrative structures are also presented. These include the messianic demonological paradigm, political legitimation and the foundation of myth. Triad lore is placed in its own religious and cultural context, allowing radically new conclusions about its origins, meanings and functions. This book is of special interest to social historians, anthropologists and students of Chinese religious culture.      Ritual and Mythology of the Chinese Triads Barend ter Haar, 2021-08-30 The extensive ritual and mythological lore of the Chinese Triads form the scope of this new paperback title in Brill's Scholars List.
