Edge City Joel Garreau,2011-07-27 First there was downtown Then there were suburbs Then there were malls Then Americans launched the most sweeping change in 100 years in how they live work and play The Edge City **Demographic Change in Australia's Rural Landscapes** Gary W. Luck,Digby Race,Rosemary Black,2010-11-30 The distribution and re distribution of people across the landscape has signi cant implications for ecological economic and social dynamics Movement of people to urban centres mostly from rural landscapes especially in the developing world is a major global phenomenon This can result in the de population of rural landscapes Conversely population growth and a changing demographic pro le have been id ti ed for particular rural landscapes with notable examples from North America Europe and Australia Yet we know little of the factors that drive demographic changes in rural landscapes and even less about the implications of these changes This book examines broad and local scale patterns of demographic change in rural landscapes identi es some of the drivers of these changes using Australian case studies or comparisons between Australian and international contexts and outlines the implications of changes for society and the environment This book makes a valuable contribution to the literature because it adopts an integrated and interdisciplinary approach by explicitly linking demographic change with environmental land use social and economic factors This integrated approach was achieved by encouraging interaction among authors writing on similar topics to ensure coherency and complementarity among chapters and cross pollination of ideas and perspectives Chapters are presented as interactive and re ective d cussions that address the ndings of other contributors yet each chapter contains enough background to stand alone as a unique contribution
