Symbol And Theory A Philosophical Study Of Theories Of Religion In Social Anthropology:

Symbol and Theory John Skorupski, 1983-03-03 Anthropologists have always been concerned with the difference between traditional or primitive and scientific modes of thought and with the relationships between magic religion and science John Skorupski distinguishes two broadly opposed approaches to these problems the intellectualist regards primitive systems of thought and actions as cosmologies comparable to scientific theory which emerge and persist as attempts to control the natural world the symbolist regards them as essentially representative or expressive of the pattern of social relations in the culture in which they exist Dr Skorupski considers in particular the notions of ritual ceremony and symbol He shows how their understanding involves and suggests more general philosophical problems of relativism interpretation translation and the connections between belief and action These are difficult and important problems and require an unusual combination of imagination and interdisciplinary exercise This book is intended especially for philosophers social anthropologists social theorists and students of comparative religion

Symbol and Theory John Skorupski, *Understanding Religion* Benson Saler, 2009-08-17 This volume consists of 12 essays published by the author between the years 1997 2007 a thirteenth paper read at a conference in 2006 and a long introduction prepared specifically for the collection All of the essays deal with epistemological issues attendant on conceptualizing and defining religion understanding what is likely to be involved in studying and discussing beliefs and attempting to explain religion and religions by drawing on the contemporary cognitive and evolutionary sciences The problem of how best to understand and represent the cultural sensitivities of others is addressed by considering the works of three predecessors Edward Burnett Tylor Lucien Levy Bruhl and A Irving Hallowell

Writing a Commentary on Leviticus Christian A. Eberhart, Thomas Hieke, 2019-04-15 Writing a commentary on a biblical book is not limited to the scholar's study and desk Hence several experts in the field of Hebrew Bible currently writing a larger commentary on the book of Leviticus followed the invitation of Christian Eberhart and Thomas Hieke to meet between 2014 and 2016 at the Annual SBL Conference They shared their experiences discussed hermeneutical and methodological considerations and presented their ideas about particular themes and issues in the third book of the Torah The results of these consultative panels had significant impact on the production of the commentaries The first part of this volume features essays reflecting on the process of writing a Leviticus commentary including boosts and obstacles while suggesting innovative insights on particular problems of the book The second part identifies certain themes of Leviticus especially sacrifices and rituals the cult the notion of unintentional and deliberate sins and purity impurity the bad and how to eliminate them and the relationship to the sphere of God the holy This section demonstrates how commenting a biblical book highly depends on the perspective a scholar takes and how different commentaries on the same biblical text come to different conclusions because of a diversity of methodological and hermeneutical approaches These are issues innate in the subject matter in the end the variety of approaches bears witness to the complexity intricacy and richness of the biblical text This

volume therefore offers a fascinating inside view into the studies and onto the desks of several prolific biblical experts who share their reflections and concepts about their commentaries on Leviticus with an interested audience Schooling as a Ritual Performance Peter McLaren,1999 One of the most compelling ethnographies of school ever written Schooling as a Ritual Performance has for over a decade made its mark among educators sociologists and those seeking to understand the cultural meaning of classroom practices Written by one of the major world figures on the educational left Schooling as a Ritual Performance is a pioneering study of the partnership between capitalism and religion and the educational offspring it produces Not since Paul Willis Learning to Labor has an educational ethnography about schooling so pushed the limits of current social theory Now in a new edition to this classic text McLaren engages with some of the latest anthropological thinking and presents readers with a powerful manifesto for critical ethnography in the coming millennium **Sociology of Religion** Roberto Cipriani,2020-10-28 In adopting an international perspective that goes beyond the conventional framework of western theology this volume bridges the divide between European and North American scholars through its careful retrieval of their common theoretical and research interests Cipriani provides a critical analysis of both classical thought and contemporary currents in this readable text aimed at both experts and students He has achieved a broadening in the scientific approach to the study of religion **Ritual Theory, Ritual Practice** Catherine Bell,1992-01-30 Ritual studies today figures as a central element of religious discourse for many scholars around the world Ritual Theory Ritual Practice Catherine Bell s sweeping and seminal work on the subject helped legitimize the field In this volume Bell re examines the issues methods and ramifications of our interest in ritual by concentrating on anthropology sociology and the history of religions Now with a new foreword by Diane Jonte Pace Bell s work is a must read for understanding the evolution of the field of ritual studies and its current state **Embracing the Witch and the Goddess** Kathryn Roundtree,Kathryn Roundtree,2004 Embracing the Witch and the Goddess is a detailed survey of present day feminist witches in New Zealand It examines the attraction of witchcraft for its practitioners and explores witches rituals views and beliefs about how magic works The book provides a detailed portrait of an undocumented section of the growing neo pagan movement and compares the special character of New Zealand witchcraft with its counterparts in the United States Great Britain and Australia Kathryn Roundtree traces the emergence and history of feminist witchcraft and links witchcraft with the contemporary Goddess movement She reviews scholarly approaches on the study of witchcraft and deals with the key debates which have engaged the movement s adherents and their critics and ultimately presents what Mary Daly declared was missing from most historical and anthropological research on witchcraft a Hag identified vision Based on fieldwork amongst witch practitioners Embracing the Witch and the Goddess is an important contribution to the emerging profile of present day witchcraft and paganism **Sociology and Liturgy** K. Flanagan,1991-10-02 This is a study of the social construction and the impression management of the public forms of worship of Catholicism and Anglicanism Interest centres on the dilemmas of the liturgical

actors in handling a transaction riddled with ambiguities and potential misunderstandings The study is an innovative effort to link sociology to theology in a way that serves to focus on an issue of social praxis

Contemplating Religious Forms of Life: Wittgenstein and D.Z. Phillips Mikel Burley, 2012-07-26 Ludwig Wittgenstein 1889 1951 made profound contributions to many areas of philosophy and cultural understanding and his thought and methods have inspired numerous inquirers into the forms of our religious life D Z Phillips 1934 2006 pioneered the application of Wittgenstein influenced approaches to the philosophy of religion and emphasized the contemplative non dogmatic nature of the philosophical task In *Contemplating Religious Forms of Life* Mikel Burley elucidates and critically examines the work of these two philosophers in relation to various aspects of religion including ritual mystical experience faith and reason realism and non realism conceptions of eternal life and the use of literature as a resource for the contemplation of religious and non religious beliefs The book will be of significant value to academics students and general readers interested in philosophy religious studies theology and the interrelations between these disciplines

The Social Science Encyclopedia Adam Kuper, 2004-10-14 The Social Science Encyclopedia first published in 1985 to acclaim from social scientists librarians and students was thoroughly revised in 1996 when reviewers began to describe it as a classic This third edition has been radically recast Over half the entries are new or have been entirely rewritten and most of the balance have been substantially revised Written by an international team of contributors the Encyclopedia offers a global perspective on key issues within the social sciences Some 500 entries cover a variety of enduring and newly vital areas of study and research methods Experts review theoretical debates from neo evolutionism and rational choice theory to poststructuralism and address the great questions that cut across the social sciences What is the influence of genes on behaviour What is the nature of consciousness and cognition What are the causes of poverty and wealth What are the roots of conflict wars revolutions and genocidal violence This authoritative reference work is aimed at anyone with a serious interest in contemporary academic thinking about the individual in society

The Forest of Taboos Valerio Valeri, 2000 The Forest of Taboos may be considered among the most important books ever written by an anthropologist Valeri writes superbly and this book makes a fundamental contribution to one of the most central lines of thought in twentieth century anthropology He shows that taboo is finally comprehensible John Stephen Lansing University of Michigan The Forest of Taboos is no conventional ethnography more an extended meditative essay on its subject erudite rich in ideas and data wide ranging in its theoretical inspiration and self consciously literary in form It is a fitting memorial to an author whose life was so tragically cut short Roy Ellen University of Kent at Canterbury This eloquent and profound book completed by Valerio Valeri shortly before his death in 1998 contends that the ambivalence felt by all humans about sex death and eating other animals can be explained by a set of coordinated principles that are expressed in taboos In elegant

prose Valeri evokes the world of the Huaulu forest hunters of Indonesia The hidden attractions of the animal world which invades the human world in perilous ways he shows also delineate that which the Huaulu regard as most human about themselves *State and Society in Pre-colonial Asante* T. C. McCaskie, 2003-10-30 Scholarship on the West African kingdom of Asante is at the leading edge of Africanist research In this book T C McCaskie gives a detailed and richly nuanced historical portrait of precolonial Asante His delineation of state and society in the eighteenth and nineteenth centuries is centred on an extended analysis of the crucial ritual of the annual Kumase odwira festival It is at once a profound historical reconstruction of an African polity and a deeply informed meditation on key Asante concepts and ideas Throughout the book the Asante experience is consistently discussed in a relation to a broad range of historiography and critical theory

Reflections on Resemblance, Ritual, and Religion Brian K. Smith, 1998 The classical Vedic texts that deal with large scale sacrificial ritual and those writings that deal with domestic ritual have traditionally been treated as unrelated The former are devoted to the explication of rituals that are dominated by wealthy male elites the latter concern humble private ceremonies more open to female participation *Reflections on Resemblance Ritual and Religion* argues that there is in fact a fundamental connection between these two large and important bodies of Indic religious literature **The Power of**

Images David Freedberg, 2013-02-01 This learned and heavy volume should be placed on the shelves of every art historical library E H Gombrich New York Review of Books This is an engaged and passionate work by a writer with powerful convictions about art images aesthetics the art establishment and especially the discipline of art history It is animated by an extraordinary erudition Arthur C Danto The Art Bulletin Freedberg's ethnographic and historical range is simply stunning *The Power of Images* is an extraordinary critical achievement exhilarating in its polemic against aesthetic orthodoxy endlessly fascinating in its details This is a powerful disturbing book T J Jackson Lears Wilson Quarterly Freedberg helps us to see that one cannot do justice to the images of art unless one recognizes in them the entire range of human responses from the lowly impulses prevailing in popular imagery to their refinement in the great visions of the ages Rudolf Arnheim Times Literary Supplement *The Karma of Words* William R. LaFleur, 1986-05-08 A masterly book will prove of great assistance to a student of Japanese literature and thought from the eleventh century onwards Times Literary Supplement A major contribution to the fields of Japanese studies comparative literature and history of religions a book that begs for classroom use *The Eastern Buddhist* Innovative and provocative will be of interest not only to specialists in Japanese religion and Japanese culture but also to literary critics and cultural historians Religious Studies Review Rich and stimulating material an important help and influence to all concerned with understanding the tradition that has shaped Japanese culture and religion History of Religions Thought provoking finely written one of the more original and creative contributions to the study of medieval culture and religion to be produced by a Western scholar Can be read with profit by all Western students of Japanese culture one of those rare books that has something to offer Japanese specialists in medieval studies Journal of

Transitional Justice Ruti G. Teitel, 2002-03-28 At the century's end societies all over the world are throwing off the yoke of authoritarian rule and beginning to build democracies At any such time of radical change the question arises should a society punish its ancien regime or let bygones be bygones Transitional Justice takes this question to a new level with an interdisciplinary approach that challenges the very terms of the contemporary debate Ruti Teitel explores the recurring dilemma of how regimes should respond to evil rule arguing against the prevailing view favoring punishment yet contending that the law nevertheless plays a profound role in periods of radical change Pursuing a comparative and historical approach she presents a compelling analysis of constitutional legislative and administrative responses to injustice following political upheaval She proposes a new normative conception of justice one that is highly politicized offering glimmerings of the rule of law that in her view have become symbols of liberal transition Its challenge to the prevailing assumptions about transitional periods makes this timely and provocative book essential reading for policymakers and scholars of revolution and new democracies

The Magic of Coin-Trees from Religion to Recreation Ceri Houlbrook, 2018-04-23 This book traces the history of ritual landscapes in the British Isles and the transition from religious practice to recreation by focusing on a highly understudied exemplar the coin tree These are trees imbued with magical properties into which coins have been ritually embedded This is a contemporary custom which can be traced back in the literature to the 1700s when it was practiced for folk medical and dedicatory purposes Today the custom is widespread with over 200 coin trees distributed across the British Isles but is more akin to the casual deposition of coins in a wishing well coins are deposited in the tree in exchange for wishes good luck or future fortune Ceri Houlbrook contributes to the debate on the historic relationships between religion ritual and popular magic in British contexts from 1700 to the present

Ritual Healing in Suburban America Meredith B. McGuire, Debra Kantor, 1988 Many Americans believe that people who practice folk healing are uneducated and too poor to afford conventional medical care Contrary to this popular belief Meredith McGuire finds that a large number of college educated middle class suburbanites participate in a variety of nonmedical healing groups In suburban New Jersey people practice such diverse alternatives as psychic healing New Age therapies naturopathy Christian Science Transcendental Meditation reflexology acupuncture yoga Jain meditation Therapeutic Touch reflexology shiatsu rebirthing and occult therapies McGuire places these various healing groups into broader categories according to their traditional sources of inspiration and their beliefs about healing power She then looks at the participants diverse ideas about health and illness By locating alternative healing

in the context of these beliefs she shows the many ways the adherents experience ritual healing From publisher s description
