Symbols Conflict And Identity Essays In Political Anthropology:

Symbols, Conflict, and Identity Zdzislaw Mach, 1993-07-01 This book investigates cultural and social identity in contemporary complex societies focusing especially on Eastern Europe Mach explains the role of symbols and symbolic forms in the relations between groups and the protection and development of their identities especially ethnic identity He places his study within the context of social order and the structure of power using case studies which deal especially with the significance of politics state rituals and national identity Great Britain Israel Russia Poland in the conflict and displacement of migrating groups Polish and German and in regional questions of identity and inter ethnic relations Poland United States Great Britain Mach presents a clear conceptual framework for analyzing the symbolic construction of identity He views cultural identity as a dynamic creative process which clarifies issues that are particularly significant in contemporary society such as nationalism new ethnicity minority culture and the cultural dimension of political conflicts *Symbols, Conflict, and Identity* Zdzislaw Mach, 1993-07-01 This book investigates cultural and social identity in contemporary complex societies focusing especially on Eastern Europe Mach explains the role of symbols and symbolic forms in the relations between groups and the protection and development of their identities especially ethnic identity He places his study within the context of social order and the structure of power using case studies which deal especially with the significance of politics state rituals and national identity Great Britain Israel Russia Poland in the conflict and displacement of migrating groups Polish and German and in regional questions of identity and inter ethnic relations Poland United States Great Britain Mach presents a clear conceptual framework for analyzing the symbolic construction of identity He views cultural identity as a dynamic creative process which clarifies issues that are particularly significant in contemporary society such as nationalism new ethnicity minority culture and the cultural dimension of political conflicts *Our Lady of the Exile* Thomas A. Tweed, 1997-10-02 Our Lady of the Exile is a study of Cuban American popular Catholicism focusing on the shrine of Our Lady Charity in Miami Drawing on a wide range of sources and using both historical and ethnographic methods the book examines the religious life of the Cuban exiles who visit the shrine Those pilgrims are diverse and so are the motives that bring them At the same time author Thomas A Tweed argues Cuban devotees of the national patroness share a great deal Most come to pray for their homeland and to recreate bonds with other Cubans on the island and in the diaspora The shrine is a place where they come to make sense of themselves as an exiled people The religious symbols there link the past and present and bridge the homeland and the new land Through rituals and artifacts at the shrine Tweed suggests the Cuban diaspora imaginatively constructs its collective identity and transports itself to the Cuba of memory and desire While the book focuses on Cuban exiles in Miami it moves beyond case study as it explores larger issues concerning religion identity and place How do migrants relate to their homeland How do they understand themselves after they have been displaced What role does religion play among these diasporic groups Building on this study of one exiled group Tweed proposes a theory of

diasporic religion that promises to illuminate the experiences of other groups that have been displaced from their native land As the first book length analysis of Cuban American Catholicism Tweed s book will be an invaluable resource to scholars and students of not only Religious Studies American Studies and Ethnic Studies but also those who study cultural anthropology human geography and Latin American history

Realizing Community Vered Amit,2003-12-16 Community is so overused both in everyday language as well as in scholarly work that it could easily be dismissed as a truism However the persistence of the term itself shows that the idea continues to resonate powerfully in our daily lives ethnographic accounts as well as theoretical analyses This book returns a timely and concerted anthropological gaze to community as part of a broader consideration of contemporary circumstances of social affiliation and solidarity

Religion and Politics in South Asia Ali Riaz,2010-02-26 Religion and religio political forces have become potent influences in the domestic politics of many countries irrespective of geographical location stages of economic growth and systems of governance The growing importance of religion as a marker of identity and a tool of political mobilization is reshaping the political landscape in an unprecedented manner and South Asia which contains the world s largest populations of Muslims and Hindus with significant number of Buddhists is no exception to this fact This book presents a comprehensive analysis of the interaction of religion and politics in Afghanistan Bangladesh India Nepal Pakistan and Sri Lanka Although the specific circumstances of each country are different in recent decades religion religio political parties and religious rhetoric have become dominant features of the political scenes in all six countries The contributors offer a thorough examination of these developments by presenting each country s political system and the socio economic environment within which the interactions are taking place The analysis of the various factors influencing the process of the interactions between religion and politics and their impact on the lives of the people of the region and global politics constitute the core of the chapters

Palestinians in Jordan Luisa Gandolfo,2012-10-23 60 per cent of Jordanians are of Palestinian origin a statistic which has propelled Jordan into the role of both player and pawn in regional issues such as the birth of the state of Israel the prolonged Israel Palestine conflict the ascent and decline of Arab nationalism and the subsequent rise of political Islam and radicalism Exploring Jordan s diverse Palestinian communities Luisa Gandolfo illustrates how the Palestinian majority has been subject to discrimination all the while also playing a defining role in shaping Jordanian politics legal frameworks and national identity The conflicts of 1948 and 1967 the civil unrest following Black September in 1972 and the uprisings of 1988 and 2000 have all contributed to a fractious Jordanian Palestinian relationship In *Palestinians in Jordan* Gandolfo examines the history of this relationship looking at the socio political circumstances the economic and domestic policies the legal status of Palestinians in Jordan and the security dimension of Jordan s role in the region She argues that policies put in place over the last century have created a society that is marked by high levels of inter faith cohesion as evidenced by the success and integration of minority Christian communities She goes on to suggest that society divides along lines of ethnic and nationalist loyalty between Jordanians and

Palestinians while domestic politics become increasingly fractious with the growth of Islamist groups that have gained grassroots appeal especially in the refugee camps Palestinians in Jordan looks through the kaleidoscope of Palestinian Jordanian identities that accommodate a complex and overlapping web of different religious affiliations mixed socio economic conditions and the experience of exile reconciled with daily life in Jordan At the same time identities of these communities continue to be rooted in an attachment to the concept of Palestine and the unifying force of the struggle against Zionism These layers have made the versatile and fluid nature of identities essential affording a fascinating study in inter communal dynamics and nationalism It is this which makes Palestinians in Jordan an important resource for those researching the Israel Palestine conflict as well as for students of the Middle East Politics Anthropology and Gender with an interest in identity

Small Places, Large Issues Thomas Hylland Eriksen, 2023-07-20 Remains among the most brilliant summaries of key ideas animating anthropology In his famously accessible writing style Eriksen introduces fundamental questions that shape human life and provides an overview of the discipline s contribution to the pressing issues of our times A must read Ursula Rao Director Anthropology of Politics and Governance Max Planck Institute for Social Anthropology This is not just another book in the library of anthropology it is an entire anthropological library in one book Tim Ingold Emeritus Professor University of Aberdeen A masterful introduction Vered Amit Professor Emerita Concordia University This introduction to social and cultural anthropology has become a modern classic revealing the rich global variation in social life and culture across the world Presenting a clear overview of anthropology it focuses on central topics such as kinship ethnicity ritual and political systems offering a wealth of examples that demonstrate the enormous scope of anthropology and the importance of a comparative perspective Using reviews of key works to illustrate his argument for over 25 years Thomas Hylland Eriksen s lucid and accessible textbook has been a much respected and widely used undergraduate level introduction to social anthropology This fully updated fifth edition features brand new chapters on climate and medical anthropology along with rewritten sections on ecology nature and the Anthropocene It also incorporates a more systematic engagement with gender and digitalisation throughout the text Thomas Hylland Eriksen is Professor of Social Anthropology at the University of Oslo and former President of the European Association of Social Anthropologists EASA He is the author of numerous classics of anthropology including *Ethnicity and Nationalism* and *What is Anthropology* Images from Paradise Eszter Salgó, 2017-08-01 Drawing upon the disciplines of politics anthropology psychoanalysis aesthetics and cinema studies Salgó presents a new way of looking at the art of European unification The official visual narratives of the European Union constitute the main object of inquiry the iconography of the new series of euro banknotes and the videos through which the supranational elite seek to generate collective effervescence allow for a European carnival to take place and prompt citizens to pledge allegiance to the sacred dogma of the ever closer union thereby strengthening the mythical sources of the organization s legitimacy The author seeks to illustrate how and why the federalist utopia turned into a political soteriology

after the outbreak of the 2008 crisis **Islam in the Balance** Lawrence Rubin, 2014-06-04 *Islam in the Balance* Ideational Threats in Arab Politics is an analysis of how ideas or political ideology can threaten states and how states react to ideational threats It examines the threat perception and policies of two Arab Muslim majority states Egypt and Saudi Arabia in response to the rise and activities of two revolutionary Islamic states established in Iran 1979 and Sudan 1989 Using these comparative case studies the book provides important insight about the role of religious ideology for the international and domestic politics of the Middle East and in doing so advances our understanding of how why and when ideology affects threat perception and state policy Rubin makes clear that transnational ideologies may present a greater and more immediate national security threat than shifts in the military balance of power first because ideology or ideational power triggers threat perception and affects state policy second because states engage in ideational balancing in response to an ideological threat The book has significant implications for international relations theory and engages important debates in comparative politics about authoritarianism and Islamic activism Its findings about how an Islamist regime or state behaves will provide vital insight for policy creation by the US and its Middle East allies should another such regime or state emerge

The Essence of the Christian Worldview Matt DeLockery, 2021-04-28 Every group within Christianity has its own opinions on what Christianity really is But who's right if anyone With the letter to the Colossians we have an opportunity to find an answer Paul compares Christianity to another worldview and argues that Christianity is better This book uses that comparison in order to understand Paul's Christian worldview In this book you will also find answers to some very difficult questions 1 What is God's ultimate purpose for humanity 2 Do we just do things because God told us to 3 Why does Paul tell wives to obey their husbands 4 Why does Paul tell slaves to obey their masters 5 Why does God care what we do at all 6 Why does God command these particular actions 7 Why would we want to follow God's commands anyway 8 How does following God's commands actually make us better people Christianity is the point at which God acted through Christ to fix what was wrong with creation and bring the whole story to a different conclusion In this book you will see the big picture of Christianity and how all the dots connect from start to finish *Celibacy in the Ancient World* Dale Launderville, 2010-07-01 Celibacy is a commitment to remain unmarried and to renounce sexual relations for a limited period or for a lifetime Such a commitment places an individual outside human society in its usual form and thus questions arise What significance does such an individual and such a choice have for the human family and community as a whole Is celibacy possible Is there a socially constructive role for celibacy These questions guide Dale Launderville OSB in his study of celibacy in the ancient cultures of Israel Mesopotamia and Greece prior to Hellenism and the rise of Christianity Launderville focuses especially on literary witnesses because those enduring texts have helped to shape modern attitudes and can aid us in understanding the factors that may call forth the practice of celibacy in our own time Readers will discover how celibacy fits within a context of relationships and what kinds of relationships thus support a healthy and varied society one aware of and oriented to its

cosmic destiny Dale Launderville OSB is professor of theology at Saint John's University School of Theology eminary Collegeville Minnesota He is the author of *Piety and Politics The Dynamics of Royal Authority in Homeric Greece Biblical Israel and Old Babylonian Mesopotamia* Eerdmans 2003 and *Spirit and Reason The Embodied Character of Ezekiel's Symbolic Thinking* Baylor University Press 2007

Modern Hatreds Stuart J. Kaufman, 2015-06-22 Ethnic conflict has been the driving force of wars all over the world yet it remains an enigma What is it about ethnicity that breaks countries apart and drives people to acts of savage violence against their lifelong neighbors Stuart Kaufman rejects the notion of permanent ancient hatreds as the answer Dissatisfied as well with a purely rationalist explanation he finds the roots of ethnic violence in myths and symbols the stories ethnic groups tell about who they are Ethnic wars Kaufman argues result from the politics of these myths and symbols appeals to flags and faded glories that aim to stir emotions rather than to address interests Popular hostility based on these myths impels groups to follow extremist leaders invoking such emotion laden ethnic symbols If ethnic domination becomes their goal ethnic war is the likely result Kaufman examines contemporary ethnic wars in the Caucasus and southeastern Europe Drawing on information from a variety of sources including visits to the regions and dozens of personal interviews he demonstrates that diplomacy and economic incentives are not enough to prevent or end ethnic wars The key to real conflict resolution is peacebuilding the often overlooked effort by nongovernmental organizations to change hostile attitudes at both the elite and the grassroots levels

Routeing Democracy in the Himalayas Vibha Arora, N. Jayaram, 2020-11-29 Historically treated as an amorphous borderland and marginal to the understanding of democratic politics and governance in South Asia Southeast Asia and northern Asia the Himalayan region in the last 50 years has become an active political laboratory for experiments in democratic structures and institutions In turn it has witnessed the evolution of myriad political ideologies movements and administrative strategies to accommodate and pacify heterogeneous ethnic national identities *Routeing Democracy in the Himalayas* highlights how through an ongoing process of democratisation the Western liberal ideologies of democracy and decentralisation have interacted with varied indigenous politico cultural ideas and institutions of an ethnic nationally diverse population It also reviews how formal democracy regular elections local self governing structures protection of the rights of minorities and indigenes freedom of expression development of mass media and formation of ethnic homelands all have furthered participatory democracy empowered the traditionally marginalised groups and ensured sustainable development to varying degrees The book provides ethnographic and historical vistas of democracy under formation at work being contested and even being undermined showing how democratisation thematically stitches the independent Himalayan nations and the Indian Himalayan states into a distinctive regional political mosaic Combining new perspectives from comparative sociology political anthropology and development studies the volume will be useful for policy makers as well as specialists researchers and students in sociology anthropology area studies development studies and Tibet and Himalayan studies

Gender, Nation and Religion in European

Pilgrimage Catrien Notermans, 2016-04-22 Despite the forces of secularization in Europe old pilgrimage routes are attracting huge numbers of people and given new meanings in the process In pilgrimage religious or spiritual meanings are interwoven with social cultural and politico strategic concerns This book explores three such concerns under intense debate in Europe gender and sexual emancipation trans national identities in the context of migration and European unification and religious identifications in a changing religious landscape The interdisciplinary contributions to this book explore a range of such controversies and issues including Africans renewing family ties at Lourdes Swedish women at midlife or young English men testing their strength on the Camino to Santiago de Compostela New Age pilgrims and sexuality Saints festivals in Spain and Brittany conservative Catholics challenging Europe s liberal policies on abortion Polish migrants and French Algerians reconfiguring their transnational identity by transporting their familiar Madonna to their new home new sacred spaces created such as the shrine of Our Lady of Santa Cruz traditional Christian saints such as Mary Magdalene given new meanings as new age goddess and foundation legends of shrines revived by new visionaries Pilgrimage sites function as nodes in intersecting networks of religious discourses geographical routes and political preoccupations which become stages for playing out the boundaries between home and abroad Muslims and Christians pilgrimage and tourism Europe and the world This book shows how the old routes of Europe are offering inspirational opportunities for making new journeys

Muslims of Post-Communist Eurasia Galina M. Yemelianova, Egdūnas Račius, 2022-09-30 This book discusses the evolution of state governance of Islam and the nature and forms of local Muslims rediscovery of their Muslimness across post communist Eurasia It examines the effects on the Islamic scene of the political and ideological divergence of Central and South Eastern Europe from Russia and most of the Caucasus and Central Asia Of particular interest are the implications of the proliferation of new global interpretations of Islam and their relationship with existing traditional Islamic beliefs and practices The contributions in this book address these issues through an interdisciplinary prism combining history religious studies theology social anthropology sociology ethnology and political science They analyse the greater public presence of Islam in constitutionally secular contexts and offer a critique of the domestication and accommodation of Islam in Europe comparing these to what has happened in the international Eurasian space The discussion is informed by the works of such thinkers as Talal Asad Bryan Turner Veit Bader Marcel Maussen and Bassam Tibi and utilises primary and secondary sources and ethnographic observation Looking at how collectivities and individuals are defining what it means to be Muslim in a globalised Islamic context this book will be of great interest to scholars of Religious Studies Islamic Studies Political Science Sociology and Anthropology

[Cross-Cultural Women Scholars in Academe](#) Lorri J. Santamaría, Gaëtane Jean-Marie, Cosette M. Grant, 2014-06-27 This ground breaking collection features the diverse voices experiences and scholarship of cross cultural women of American Indian Asian American Black African American and Hispanic descent at various levels of academe actively engaged in the advancement of marginalized groups in the U S and abroad through their scholarly work

Intergenerational cross cultural scholars manifest a literary community that models ways in which women scholars can move beyond traditional institutional psychological and professional barriers to practice activism break unwritten rules and shatter status quo business as usual practices in the academy This distinctive volume exemplifies the phenomenon of cross cultural women scholars conducting research and writing about ways in which they negotiate their professional realities toward professional goal attainment Each chapter presents rigorous ethnographic research complemented by critical analyses reflecting ways in which these self determined scholars transcend barriers associated with the dynamic intersections of race gender ethnicity class and language in higher education Scholars share strategies for institutional psychological and professional barrier transcendence through various approaches such as educational leadership for equity the practice of cross cultural competence various mentoring interactions and the creation of and participation in networking groups with other women of color in academe Students academics educational practitioners and individuals seeking exemplars for ethnographic research will find this critical book essential as a means for better informing their scholarship

Dystopia's Provocateurs Edyta Materka, 2017-10-09 Oral histories on life in the eastern German region annexed by Poland following World War II Toward the end of the Second World War Poland's annexation of eastern German lands precipitated one of the largest demographic upheavals in European history Edyta Materka travels to her native village in these Recovered Territories where she listens carefully to rich oral histories told by original postwar Slavic settlers and remaining ethnic Germans who witnessed the metamorphosis of eastern Germany into western Poland She discovers that peasants workers and elites adapted war honed informal strategies they called kombinacja to preserve a modicum of local agency while surviving the vicissitudes of policy formulated elsewhere from Stalinist collectivization to the shock doctrine of neoliberalism Informality has taken many forms as a way of life a world view an alternate historical text a border memory and a means of magical transformation during times of crisis Materka ventures beyond conventional ethnography to trace the diverse historical literary and psychological dimensions of kombinacja Grappling with the legacies of informality in her own transnational family Materka searches for the kombinator within on the borderlands and shares her own memories of how the Polish diaspora found new uses for kombinacja in America Rare and exceptionally well researched analysis of an invisible practice Alena Ledeneva University College London Materka has produced an eloquently written exciting and meticulously analyzed ethnographic history that marks an alternative to the vast majority of strictly archival based historical literature on the German Polish borderlands Within the field of Polish history this book is also an important contribution as the first extensive work on the critical role of informality in the politics society and economy of People's Poland H Poland By concentrating on the local strategies of combination in the areas of uprootedness Materka has made an interesting and valuable contribution to our knowledge of human behavior References and the use of Polish words for important concepts are exemplary H er collection of narratives provides food for thought on the relation between formal regulation and human

ingenuity Baltic Worlds **Neo-Ottomanism and the Politics of Emotions in Turkey** Nagehan Tokdoğan,2024-06-17

This open access book explores the politics of emotions under the ruling Justice and Development Party in Turkey and the leadership of President Recep Tayyip Erdoğan. It examines how emotional politics and particularly the use of a Neo Ottomanist narrative created a new national mood and contributed to the durability of Erdoğan's rule. The author analyses the interactions between national narratives, symbolic politics and emotions. She argues that these interactions have formed the basis of Erdoğan's popular support for more than 20 years. The book is a valuable resource for scholars of political science and sociology as well as policymakers interested in the rise of authoritarianism in Turkey. **The Rise of Catalan**

Independence Andrew Dowling,2017-12-01 As recently as the mid 2000s Catalonia was described and analysed by scholars as exhibiting a non secessionist nationalism and was seen within Europe and beyond as a role model for successful devolution which had much to teach other parts of the world. The Spanish state seemed to be on a journey towards an authentic federal order and was generally admired. However the new century has been marked by an ever growing independence movement with 47.8 per cent of Catalonia voting in favour of independence in September 2015. Pro independence mobilization has produced a rupture in political relations with the rest of Spain leading to a sovereignty struggle with Madrid. This book explores how an accumulation of long medium and short term factors have produced the current situation and why the Spanish territorial model has been unable or possibly unwilling to respond. The Catalan question is not purely a Spanish problem it has direct implications for the traditional nation state model in Europe and beyond. *Gendering Ethnicity* Lori Handrahan,2018-10-24 Democracy anticipated by American and other Western powers to prevent economic chaos and political conflict within and among states is not evolving as expected. This research argues that part of the failure resides in United States democracy assistance's inadequate consideration of gender within democracy programming.

Right here, we have countless ebook **Symbols Conflict And Identity Essays In Political Anthropology** and collections to check out.
