Syntax Of Anaphoric Binding

**Pedro Guijarro Fuentes, María Pilar
Larrañaga, John Clibbens**

Syntax Of Anaphoric Binding:

The Syntax of Anaphoric Binding Mary Dalrymple, 1993-07 Mary Dalrymple provides a theory of the syntax of anaphoric binding couched in the framework of Lexical Functional Grammar Cross linguistically anaphoric elements vary a great deal One finds long and short distance reflexives sometimes within the same language pronominals may require local noncoreference or coreference only with nonsubjects Analyses of the syntax of anaphoric binding which have attempted to fit all languages into the mold of English are inadequate to account for the rich range of syntactic constraints that are attested How then can the cross linguistic regularities exhibited by anaphoric elements be captured while at the same time accounting for the diversity that is found Dalrymple shows that syntactic constraints on anaphoric binding can be expressed in terms of just three grammatical concepts subject predicate and tense These concepts define a set of complex constraints combinations of which interact to predict the wide range of universally available syntactic conditions that anaphoric elements obey Mary Dalrymple is a member of the research staff of the Natural Language Theory and Technology group at the Xerox Palo Alto Research Center

The Syntax of Anaphora Kenneth J. Safir, 2004-04-08 In this work Ken Safir develops a comprehensive theory on the role of anaphora in syntax First he contends that the complementary distribution of forms that support the anaphoric readings is not accidental contrary to most current thinking but rather should be derived from a principle one that he proposes in the form of an algorithm Secondly he maintains that dependent identity relations are always possible where they are not prohibited by a constraint Lastly he proposes that there are no parameters of anaphora that all anaphora specific principles are universal and that the patterns of anaphora across languages arise entirely from a restricted set of lexical properties This comprehensive consideration of anaphora redirects current thinking on the subject

Syntax - Theory and Analysis. Volume 1 Tibor Kiss, Artemis Alexiadou, 2015-02-17 This Handbook represents the development of research and the current level of knowledge in the fields of syntactic theory and syntax analysis Syntax can look back to a long tradition Especially in the last 50 years however the interaction between syntactic theory and syntactic analysis has led to a rapid increase in analyses and theoretical suggestions This second edition of the Handbook on Syntax adopts a unifying perspective and therefore does not place the division of syntactic theory into several schools to the fore but the increase in knowledge resulting from the fruitful argumentations between syntactic analysis and syntactic theory It uses selected phenomena of individual languages and their cross linguistic realizations to explain what syntactic analyses can do and at the same time to show in what respects syntactic theories differ from each other It investigates how syntax is related to neighbouring disciplines and investigate the role of the interfaces especially the relationship between syntax and phonology morphology compositional semantics pragmatics and the lexicon The phenomena chosen bring together renowned experts in syntax and represent the consensus reached as to what has to be considered as an important as well as illustrative syntactic phenomenon The phenomena discussed do not only serve to show syntactic analyses but also to compare theoretical

approaches with each other *First Language Acquisition of Morphology and Syntax* Pedro Guijarro Fuentes, María Pilar Larrañaga, John Clibbens, 2008 The papers comprising this volume focus on a broad range of acquisition phenomena subject dislocation structural case word order determiners pronouns quantifiers and logical words from different languages and language combinations These include languages with large numbers of speakers French German Spanish and less frequently spoken ones Norwegian Russian Swiss German Hebrew Basque and Serbo Croatian within different language acquisition scenarios and a wide range of populations Most contributions adopt a common theoretical background within the generative approach with the aim to advance discuss and critically analyse other research on first bilingual and language impaired acquisition The various sections of this stimulating volume reflect different theoretical and methodological perspectives of current research investigating morphology and syntax and offer diverging interpretations The Blackwell Companion to Syntax Martin Everaert, Henk Van Riemsdijk, 2008-04-15 Pre Order The Wiley Blackwell Companion to Syntax second edition publishing December 2017 Find out more at www.companiontosyntax.com This long awaited reference work marks the culmination of numerous years of research and international collaboration by the world's leading syntacticians There exists no other comparable collection of research that documents the development of syntax in this way Under the editorial direction of Martin Everaert and Henk van Riemsdijk this 5 volume set comprises 70 case studies commissioned specifically for this volume The 80 contributors are drawn from an international group of prestigious linguists including Joe Emonds Sandra Chung Susan Rothstein Adriana Belletti Jim Huang Howard Lasnik and Marcel den Dikken among many others A unique collection of 70 newly commissioned case studies offering access to research completed over the last 40 years Brings together the world's leading syntacticians to provide a large and diverse number of case studies in the field Explores a comprehensive range of syntax topics from an historical perspective Investigates empirical domains which have been well documented and which have played a prominent role in theoretical syntax at some stage in the development of generative grammar Serves as a research tool for not only theoretical linguistics but also the various forms of applied linguistics Contains an accessible alphabetical structure with an index integral to each volume featuring keywords and key figures Each multi volume set is also accompanied by a CD Rom of the entire Companion Like the prestigious Blackwell Handbooks in Linguistics series this multi volume work in the new The Wiley Blackwell Companions to Linguistics series can be relied upon to deliver the quality and expertise with which Blackwell Publishing's linguistics list is associated **The Syntax of Romanian** Carmen Dobrovie-Sorin, 2011-11-21 The architecture of the human language faculty has been one of the main foci of the linguistic research of the last half century This branch of linguistics broadly known as Generative Grammar is concerned with the formulation of explanatory formal accounts of linguistic phenomena with the ulterior goal of gaining insight into the properties of the language organ The series comprises high quality monographs and collected volumes that address such issues The topics in this series range from phonology to semantics from syntax to information structure from

mathematical linguistics to studies of the lexicon **Binding Theory** Daniel Büring, 2005-01-27 Binding Theory explores how different kinds of nominal expressions such as names noun phrases and pronouns come to have anaphoric relations amongst one another and how they come to have reference to things in the world This textbook provides a thorough and comprehensive introduction to modern binding theory introducing a huge variety of nominal and especially pronominal expressions from the world's languages Written in a clear and accessible style and with numerous exercises and examples this textbook will be invaluable to graduate and advanced undergraduate students of syntax and semantics **Local Modelling of Non-Local Dependencies in Syntax** Artemis Alexiadou, Tibor Kiss, Gereon Müller, 2012-12-06 Syntactic dependencies are often non local They can involve two positions in a syntactic structure whose correspondence cannot be captured by invoking concepts like minimal clause or predicate argument structure Relevant phenomena include long distance movement long distance reflexivization long distance agreement control non local deletion long distance case assignment consecutio temporum extended scope of negation and semantic binding of pronouns A recurring strategy pursued in many contemporary syntactic theories is to model cases of non local dependencies in a strictly local way by successively passing on the relevant information in small domains of syntactic structures The present volume brings together eighteen articles that investigate non local dependencies in movement agreement binding scope and deletion constructions from different theoretical backgrounds among them versions of the Minimalist Program HPSG and Categorical Grammar and based on evidence from a variety of typologically distinct languages This way advantages and disadvantages of local treatments of non local dependencies become evident Furthermore it turns out that local analyses of non local phenomena developed in different syntactic theories spanning the derivational declarative divide often may not only share identical research questions but also rely on identical research strategies **A reference guide to the syntax of North American Norwegian** Kari Kinn, Michael T. Putnam, 2025-04-28 North American Norwegian NAmNo is a diasporic heritage variety of Norwegian spoken primarily in the Upper Midwest of the United States NAmNo has been in use since the mid 19th century but it is now moribund This volume serves as a synopsis of previous research focusing on the syntax of this language while also expanding upon these findings in key domains Beyond the rich empirical description of facets of North American Norwegian syntax the chapters in this volume also contribute to theory building efforts from a Minimalist perspective Kari Kinn and Michael T Putnam begin the volume introducing the language and the theoretical preliminaries of aspects of the Minimalist Program found throughout the volume The introductory chapter is followed by a detailed history of the emigration and language during the settlement period by Arnstein Hjelde Brita Ramsevik Riksem and Mari Nygård explore the intricacies of agreement in determiner phrases while Yvonne van Baal investigates its properties of definiteness Kari Kinn rounds out the contributions on aspects of determiner phrases by taking a closer look at how possession is licensed in these structures Shifting focus to the verbal and clausal domains Kristin Eide's chapter addresses the syntactic reflexes of tense

modality and aspect in NAMNo The structure of non finite clauses is the theme of Michael T Putnam and Shild S fteland s contribution which is followed up by Merete Anderssen Helene R Jensberg Terje Lohndal Bj rn Lundquist and Marit Westergaard s treatment of verb second V2 word and finite verb placement Ida Larsson and Kari Kinn analyze argument placement in NAMNo focusing particularly on subject shift object shift and verb particles Michael T Putnam and Kari Kinn conclude the volume with an epilogue highlighting the key empirical and theoretical findings of these contributions as well as charting a course for future research on the syntax of NAMNo In summary this volume is the first of its kind whose mission is not only to simultaneously summarize previous and ongoing research on the syntax of NAMNo but to also demonstrate the important role heritage language syntax contributes to our understanding of the acquisition attrition change and maintenance of heritage language syntax

Comparative Germanic Syntax Peter Ackema, 2012 The present volume contains a selection of papers presented at the 23rd and 24th Comparative Germanic Syntax Workshop held at the University of Edinburgh and the Hogeschool Universiteit Brussels The contributions provide new perspectives on several topics of current interest for syntactic theory on the basis of comparative data from a wide range of Germanic languages Among the theoretical and empirical issues explored are various ellipsis phenomena the internal structure of the DP the syntax morphology interface the syntax semantics interface Binding Theory various diachronic developments and do support type phenomena This book is of interest to syntacticians with an interest in theoretical comparative and or diachronic work as well as to morphologists and semanticists interested in the connections their fields have with syntax It will also be of interest to graduate and advanced undergraduate students in linguistic disciplines

The Wiley Blackwell Companion to Syntax, 8 Volume Set Martin Everaert, Henk Van Riemsdijk, 2017-12-26 An invaluable reference tool for students and researchers in theoretical linguistics The Wiley Blackwell Companion to Syntax Second Edition has been updated to incorporate the last 10 years of syntactic research and expanded to include a wider array of important case studies in the syntax of a broad array of languages A revised and expanded edition of this invaluable reference tool for students and researchers in linguistics now incorporating the last 10 years of syntactic research Contains over 120 chapters that explain analyze and contextualize important empirical studies within syntax over the last 50 years Charts the development and historiography of syntactic theory with coverage of the most important subdomains of syntax Brings together cutting edge contributions from a global group of linguists under the editorship of two esteemed syntacticians Provides an essential and unparalleled collection of research within the field of syntax available both online and across 8 print volumes This work is also available as an online resource at www.companiontosyntax.com

The Routledge Handbook of Syntax Andrew Carnie, Dan Siddiqi, Yosuke Sato, 2014-04-29 The study of syntax over the last half century has seen a remarkable expansion of the boundaries of human knowledge about the structure of natural language The Routledge Handbook of Syntax presents a comprehensive survey of the major theoretical and empirical advances in the dynamically evolving field of syntax from a variety of perspectives both

within the dominant generative paradigm and between syntacticians working within generative grammar and those working in functionalist and related approaches The handbook covers key issues within the field that include core areas of syntactic empirical investigation contemporary approaches to syntactic theory interfaces of syntax with other components of the human language system experimental and computational approaches to syntax Bringing together renowned linguistic scientists and cutting edge scholars from across the discipline and providing a balanced yet comprehensive overview of the field the Routledge Handbook of Syntax is essential reading for researchers and postgraduate students working in syntactic theory

Between Syntax and Semantics C.T. James Huang, 2010-04-15 This indispensable volume contains articles that represent the best of Huang's work on the syntax semantics interface over the last two decades It includes three general topics a questions indefinites and quantification b anaphora c lexical structure and the syntax of events

Comparative Syntax of the Balkan Languages Maria-Luisa Rivero, Angela Ralli, 2001-04-05 This collection of seven papers studies important aspects of the syntax of Albanian Bulgarian Greek and Rumanian from a comparative perspective based on current linguistic frameworks including the Minimalist Program Topics addressed include control raising and obviation negation noun phrase structure clitic pronouns and verb movement

The Derivation of Anaphoric Relations Glyn Hicks, 2009-03-11 The Derivation of Anaphoric Relations resolves a conspicuous problem for Minimalist theory the apparently representational nature of the binding conditions Hicks adduces a broad variety of evidence against the binding conditions applying at LF and builds upon the insights of recent proposals by Hornstein Kayne and Reuland by reducing them to the core narrow syntactic operations specifically Agree and Merge Several novel and independently motivated claims about syntactic features and phases are made not only explaining the previously stipulated roles played by c command reference and locality but furnishing the derivational binding theory with sufficient flexibility to capture some long problematic empirical phenomena These include connectivity effects picture noun reflexives in English and anaphor pronoun non complementarity Specific proposals are also made for extending the derivational approach to accommodate structured crosslinguistic variation in binding with thorough expositions and analyses of the Dutch Norwegian and Icelandic pronominal systems

Syntax - Theory and Analysis. Volume 2 Tibor Kiss, Artemis Alexiadou, 2015-02-24 This Handbook represents the development of research and the current level of knowledge in the fields of syntactic theory and syntax analysis Syntax can look back to a long tradition Especially in the last 50 years however the interaction between syntactic theory and syntactic analysis has led to a rapid increase in analyses and theoretical suggestions This second edition of the Handbook on Syntax adopts a unifying perspective and therefore does not place the division of syntactic theory into several schools to the fore but the increase in knowledge resulting from the fruitful argumentations between syntactic analysis and syntactic theory It uses selected phenomena of individual languages and their cross linguistic realizations to explain what syntactic analyses can do and at the same time to show in what respects syntactic theories differ from each other It investigates how syntax is

related to neighbouring disciplines and investigate the role of the interfaces especially the relationship between syntax and phonology morphology compositional semantics pragmatics and the lexicon The phenomena chosen bring together renowned experts in syntax and represent the consensus reached as to what has to be considered as an important as well as illustrative syntactic phenomenon The phenomena discussed do not only serve to show syntactic analyses but also to compare theoretical approaches with each other *More than Words* Ingrid Kaufmann, Barbara Stiebels, 2015-03-30 This series publishes original contributions which describe and theoretically analyze structures of natural languages The main focus is on principles and rules of grammatical and lexical knowledge both with respect to individual languages and from a comparative perspective The volumes cover all levels of linguistic analysis especially phonology morphology syntax semantics and pragmatics including aspects of language acquisition language use language change and phonetical and neuronal realization

Syntax Over Time Theresa Biberauer, George Walkden, 2015 This book provides a critical investigation of syntactic change and the factors that influence it Converging empirical and theoretical considerations have suggested that apparent instances of syntactic change may be attributable to factors outside syntax proper such as morphology or information structure Some even go so far as to propose that there is no such thing as syntactic change and that all such change in fact takes place in the lexicon or in the phonological component In this volume international scholars examine these proposals drawing on detailed case studies from Germanic Romance Chinese Egyptian Finnic Hungarian and Sami They aim to answer such questions as Can syntactic change arise without an external impetus How can we tell whether a given change is caused by information structural or morphological factors What can microsyntactic investigations of changes in individual lexical items tell us about the bigger picture How universal are the clausal and nominal templates cartography and to what extent is syntactic structure more generally subject to universal constraints The book will be of interest to all linguists working on syntactic variation and change and especially those who believe that historical linguistics and linguistic theory can and should inform one another **The Handbook of Lexical Functional Grammar** Mary Dalrymple, 2023-12-14 Lexical

Functional Grammar LFG is a nontransformational theory of linguistic structure first developed in the 1970s by Joan Bresnan and Ronald M Kaplan which assumes that language is best described and modeled by parallel structures representing different facets of linguistic organization and information related by means of functional correspondences This volume has five parts Part I Overview and Introduction provides an introduction to core syntactic concepts and representations Part II Grammatical Phenomena reviews LFG work on a range of grammatical phenomena or constructions Part III Grammatical modules and interfaces provides an overview of LFG work on semantics argument structure prosody information structure and morphology Part IV Linguistic disciplines reviews LFG work in the disciplines of historical linguistics learnability psycholinguistics and second language learning Part V Formal and computational issues and applications provides an overview of computational and formal properties of the theory implementations and computational work on parsing

translation grammar induction and treebanks Part VI Language families and regions reviews LFG work on languages spoken in particular geographical areas or in particular language families The final section Comparing LFG with other linguistic theories discusses LFG work in relation to other theoretical approaches Optimality-Theoretic Syntax Geraldine Legendre, Jane Grimshaw, Sten Vikner, 2001-06-22 Recent work in theoretical syntax has revealed the strong explanatory power of the notions of economy competition and optimization Building grammars entirely upon these elements Optimality Theory syntax provides a theory of universal grammar with a formally precise and strongly restricted theory of universal typology cross linguistic variation arises exclusively from the conflict among universal principles Beginning with a general introduction to Optimality Theory syntax this volume provides a comprehensive overview of the state of the art as represented by the work of the leading developers of the theory The broad range of topics treated includes morphosyntax case inflection voice and cliticization the syntax of reference control anaphora and pronominalization the grammar of clauses complementizers and their absence and grammatical and discourse effects in word order Among the theoretical themes running throughout are the interplay between faithfulness and markedness and various questions of typology and of inventory Contributors Peter Ackema Judith Aissen Eric Bakovic Joan Bresnan Hye Won Choi Jo o Costa Jane Grimshaw Edward Keer G raldine Legendre Gereon M ller Ad Neeleman Vieri Samek Lodovici Peter Sells Margaret Speas Sten Vikner Colin Wilson Ellen Woolford

Yeah, reviewing a book **Syntax Of Anaphoric Binding** could build up your near friends listings. This is just one of the solutions for you to be successful. As understood, expertise does not recommend that you have fantastic points.

Comprehending as competently as arrangement even more than supplementary will have the funds for each success. bordering to, the revelation as capably as sharpness of this Syntax Of Anaphoric Binding can be taken as skillfully as picked to act.

Syntax Of Anaphoric Binding Introduction

In the digital age, access to information has become easier than ever before. The ability to download Syntax Of Anaphoric Binding has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Syntax Of Anaphoric Binding has opened up a world of possibilities. Downloading Syntax Of Anaphoric Binding provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Syntax Of Anaphoric Binding has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Syntax Of Anaphoric Binding. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Syntax Of Anaphoric Binding. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Syntax Of Anaphoric Binding, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Syntax Of Anaphoric Binding has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is

crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Syntax Of Anaphoric Binding Books

1. Where can I buy Syntax Of Anaphoric Binding books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Syntax Of Anaphoric Binding book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Syntax Of Anaphoric Binding books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Syntax Of Anaphoric Binding audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.

9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Syntax Of Anaphoric Binding books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
