between nature and man The primary object of this book is to interest young people in the lives and the works of some of the masters of painting A secondary object is to aid them in making collections of photographs This work is of real value to them and they should be encouraged in it for it is through familiarity with pictures that one learns to understand and love them At the end of the book is placed a list of pictures photographs of which are recommended for mounting In choosing photographs care should be taken to select those which are reproductions from the original pictures and not from engravings or copies The photographs recommended for mounting and many others mentioned in the volume may be obtained of Messrs C H Dunton Co Boston Mass to whom thanks are due for their courtesy in supplying many of the photographs used in illustrating this book About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
