Sex in Public Lauren Rosewarne,2009-03-26 Despite decades of feminist awareness and activism women continue to be
portrayed in outdoor advertising in a limited and sexist manner The fact that in public space audiences are exposed to such
images without choice renders the issue an important public policy concern Sex in Public utilises a large outdoor advertising

data collection to examine the contemporary outdoor advertising landscape documenting the routine portrayal of women as thin white young and idle This book examines why such portrayals are concerning for feminists as well as for public policy and explores the advertising self regulation systems that facilitate the display of such images This book criticises sexist outdoor advertising as a form of sexual harassment given that imagery often bearing very strong semblance to pin ups which would be outlawed in a workplace are readily displayed in public space reflecting a troublesome public policy double standard Understanding sexist outdoor advertising as a form of sexual harassment is a new framework that Sex in Public offers to understand critique and condemn such images

Outdoor America ,1923 **Branded Male** Mark Tungate,2008

The male market is exploding Thanks to emerging social and cultural trends men are becoming consumers to reckon with In 1990 only 4% of men claimed to regularly use a skin care product By 2015 the figure will have risen to 50% Branded Male discusses the evolution of the male consumer and the desire of marketers to tap into the still underdeveloped male market Crammed with facts and anecdotes Branded Male analyses how to effectively brand products and services for the male market Using a typical modern male s weekday as a template and examining all the influences affecting him the book considers his exposure to brands and the ways marketers can exploit these channels taking you through popular strategies for marketing to men In his trademark style Mark Tungate the author of Fashion Brands Branding Style from Armani to Zara paints a portrait of the male consumer From razor blades to beer from aftershave to hotels he finds out which marketing messages have the most impact on male wallets Men s bank balances may never be the same again

The Korean Wave in a Post-Pandemic World Geon-Cheol Shin,Mark D. Whitaker,2023-11-02 This book presents an analysis of how the economic Korean Miracle spread into the cultural Korean Wave Hallyu First only in Asian countries and then around the world the rising popularity of the Korean Wave continued within the pandemic despite or even because of policies of digital lockdowns Partially this has been by design as Korea for decades has had a very strong fast development drive in telecommunications and that aided the growth of its cultural wave Partially however this became exclusively by default how the Korean Wave had to spread increasingly in a digital manner after 2020 globally in response to many countries rules regarding the COVID 19 pandemic in their attempts to enforce a decline in face to face content consumption In retrospect this has meant only more digital growth and innovation for the Korean Wave in past years compared to other cultures entertainment complexes that suffered more Korea s earlier digital readiness combined with later lockdownconditions and pushed the Korean Wave further ahead Despite the ending of COVID 19 lockdowns in many countries a greater digital aftermath will continue in the cultural industry and in the economy in general This is due to changes created in cultural preferences in organizational investments and in communication technologies due to those lockdowns Thus the authors examine how the Korean Wave coped actively with a pronounced digital shift by default in all aspects of media including production distribution and consumption In turn they examine how the greater digital shift in the world s culture and

economy influenced the Korean Wave's entertainment performances TV dramas and cosmetics among other areas The authors analyze general trends in the Korean Wave's economics culture and technology along with specific strong cases of the K pop boy group BTS the cosmetics manufacturer Cosmax and the television series Squid Game Since the Korean Wave continues to grow in popularity within a more exclusive digital socialization future implications of such a competitive digital world economy and multi polar digital world culture are discussed for all countries as well
