## **Skorzeny Project:**

*The Skorzeny Project. [read by Christopher Kay].* Clive Egleton, 1999      **The SS Hunter Battalions** Professor Perry Biddiscombe, 2006-11-15 Conventional wisdom suggests that the Allies and the Soviets were the only side in the Second World War to support resistance movements This book shows that Hitler had his own version of the SOE and the OSS and that the Nazis too encouraged underground resistance against their enemies especially as Europe was liberated in 1944 5

**Kill the Fuhrer** Denis Rigden, 2011-11-08 During the Second World War Britain's top secret Special Operations Executive plotted to assassinate Hitler A small department of SOE known as Section X had the tantalisingly complex task of investigating how when and where their plan could be executed The section also plotted the killing of Goebbels Himmler and other selected members of Hitler's inner circle Only Section X and a handful of other SOE staff had any knowledge of these projects codenamed Operation Foxley and Operation Little Foxleys As history has shown these schemes turned out to be pipe dreams Even so Section X renamed the German Directorate in 1944 made a huge contribution to the Allied war effort through their organised sabotage and clandestine distribution of black propaganda Denis Rigden describes Section X's efforts to discover as much as possible about the intended assassination targets and questions whether a successful Operation Foxley would have helped or hindered the Allied cause Based on top secret documents and private sources and illustrated with archive photographs Kill the Fuhrer is an intriguing insight into the shadowy world of Britain's wartime secret services

**Forbidden Bookshelf Presents Christopher Simpson** Christopher Simpson, 2018-10-23 Three provocative exposés from a National Jewish Book Award winning journalist address the CIA's recruitment of Nazis and use of psychological warfare The Splendid Blond Beast This groundbreaking investigation into the CIA's post World War II liberation and recruitment of Nazi war criminals including the pivotal role played by CIA director Allen Dulles traces the roots not only of US government malfeasance but of mass murder as an instrument of financial gain and state power from the Armenian genocide during World War I to Hitler's Holocaust through the practice of genocide today Revelatory and shocking Kirkus Reviews Blowback The true story of how US intelligence organizations employed Nazi war criminals in clandestine warfare and propaganda against the USSR anticolonial revolutionaries and progressive movements worldwide that were claimed to be Soviet pawns The story is one that needs to be told and Blowback makes a major contribution to its telling supplementing a thorough collation of known cases with ample new research The New York Times Science of Coercion Drawing on long classified documents from the Pentagon the CIA and other national security agencies Simpson exposes secret government funded research into psychological warfare and reveals that many of the most respected pioneers in the field of communication science were knowingly complicit as their findings were employed for the purposes of propaganda subversion intimidation and counterinsurgency during the Cold War era An intriguing picture of the relations between state

power and the intellectual community Noam Chomsky Massachusetts Institute of Technology      The SS Hunter Battalions Alexander Perry Biddiscombe,2006 Conventional wisdom suggests that the Allies and the Soviets were the only side in the Second World War to support resistance movements in occupied countries However based on recently released archival sources The SS Hunter Battalions shows that Hitler had his own version of the SOE and the OSS and that the Nazis too encouraged underground resistance against their enemies especially as Europe was liberated in 1944 45 The Nazis tried to exploit the misguided activism of ex collaborators ethnic nationalists and rabid anti communists but their efforts were clumsy and they were hamstrung by the sordid reputation that they had gained as wartime occupiers In addition the German commandos and spy masters in charge of the project hindered their own efforts through infighting ill discipline and a misconceived appreciation of their ability to motivate violent dissent Nonetheless the Germans supported as many as 700 000 anti Soviet partisans during the last year of the war and even in liberated France and Italy they bolstered small anti Allied cells and bands As Perry Biddiscombe demonstrates such efforts were not mere transitory occurrences but touched upon the origin of die Cold War and the roots of postwar Euro fascism      **Airborne Espionage** David Oliver,2005-01-13 Operating in all weathers invariably at night often at low level and usually without fighter escort Allied Special Duties SD squadrons and units played a vital role in the Second World War By their very nature these operations went unreported in wartime and for considerable time thereafter but their importance in prosecuting the war of resistance in Occupied Europe was immense Emerging from a time of rudimentary communications and transport dedicated air units had been established by 1939 to fly agents into enemy territory but their aircraft were hand me downs and the SD was considered a poor third to fighter and bomber operations However the tasks undertaken by these men and their aircraft were often more hazardous and demanding than any other type of wartime flying for every SOS SIS or OSS agent who lost their life in the field at least one RAF or USAAF airman was killed while flying SD operations Here David Oliver examines the exploits of British Commonwealth American Free European Soviet German Italian and Japanese airmen and units supported by first hand accounts and archive photographs      **Nebula** Walter Baeyens,Wayne Madsen,2017-06-21 Providing deep insights into the unseen but real forces that shape the course of history this investigation exposes a cabal which controls most of the money transfers worldwide as well as the highest political authorities The spider in the web according to the investigators was Felix Przedborski a selfmade millionaire of Polish Jewish descent who held both Belgian and Costa Rican nationalities By 1990 Don Felix was Grand Master of the Lodge B Nai B Rith called US presidents by their first names and had excellent contacts with the Holy See Mossad CIA and various heads of state In order to understand this cabal one must to abandon the conventional logic of economics and politics      *Hitler's Heroine* Sophie Jackson,2014-06-02 Hanna Reitsch longed to fly Having broken records and earned the respect of the Nazi regime she was the first female Luftwaffe test pilot and eventually became Adolf Hitler s personal heroine An ardent Nazi Hanna was prepared to die for the cause first as a test pilot for the dangerous V1 flying

bombs and later by volunteering for a suggested Nazi kamikaze squadron After her capture she complained bitterly of not being able to die with her leader but she went on to have a celebrated post war flying career She died at the age of 67 creating a new mystery did Hanna kill herself using the cyanide pill Hitler had given her over thirty years earlier Hitler s Heroine reveals new facts about the mysterious pilot and cuts through the many myths that have surrounded her life and death bringing this fascinating woman back to life for the twenty first century **The Wizard of Oswald** Gary

Hill,2024-11-07 The Wizard of Oswald What We Know Now That We Didn t Know Then takes readers deep into the web of conspiracy espionage and deception surrounding the assassination of President John F Kennedy Drawing from newly released documents and firsthand accounts the book explores the shadowy figures that manipulated Lee Harvey Oswald casting him as a pawn in a broader Cold War plot JFK s adversaries ranged from US military leaders to the CIA Cuban exile groups and organized crime each driven by their fanatical anti communist agenda But behind it all was a paranoid mastermind pulling the strings James Jesus Angleton the CIA s counterintelligence chief who controlled Oswald long before November 22 1963 Author Gary Hill meticulously pieces together a complex narrative involving secret CIA operations mafia involvement and personal vendettas With revelations from witnesses including Paul Landis and the Parkland doctors The Wizard of Oswald uncovers connections to figures like George Joannides and the LICooky Project revealing a chilling orchestration of events that led to the death of a president and the framing of Oswald Hill leads readers down the yellow brick road of conspiracy where as David Ferry noted the craziest things might make perfect sense Who is the Wizard of Oswald Gary Hill s ingenious new book pulls back the curtain to show the great and powerful forces behind Lee Harvey Oswald It s a yellow brick road laden with Cold War intrigue and espionage wildly ambitious James Day author of Mad Bishops Israel's Secret Wars Ian Black,Benny Morris,1991 This title surveys Israeli intelligence operations from the 1930s to the Ostrovsky affair and describes relations with the American intelligence community **The Beast Reawakens**

*A Woman I Know* Mary Haverstick, 2025-02-11. The fascinating The New York Times true story of a filmmaker whose investigation of her film's subject opened a new window onto the world of Cold War espionage, CIA secrets, and the assassination of John F. Kennedy. A compelling real-life thriller. The Telegraph UK. Independent filmmaker Mary Haverstick thought she'd stumbled onto the project of a lifetime: a biopic of aviation pioneer Jerrie Cobb, the key figure in a group of extraordinary women who in 1960 passed the same tests as the legendary male astronauts of the Mercury 7 but never went to space. Just as casting was set to begin, Haverstick received a mysterious warning from a government agent. Soon she began to suspect that there was more to Jerrie's story than what met the eye. As she dug deeper, she discovered that Jerrie's life shadowed that of a mysterious CIA agent named June Cobb, whose espionage career traced an arc of intrigue from the jungles of South America to Fidel Castro's Cuba, to the communist literary circles in Mexico City, and ultimately into the dark heart of the Kennedy assassination in Dallas. Haverstick's attempt to learn the truth directly from Jerrie would plunge her into a cat-and-mouse game that stretched across a decade deep into a thicket of coded CIA files. As she uncovered a remarkable set of mostly unknown women whose high-stakes intelligence work left its only traces in redacted files, she also found shocking new clues about what really happened at Dealey Plaza in 1963. Offering fresh insight into the Kennedy assassination and a vivid picture of women in midcentury intelligence, *A Woman I Know* brings to life the astonishing duplicities of the Cold War intelligence game, a world where code names and hidden identities were the lifeblood of spies bent on seeking advantage by any means necessary.

*Capturing Eichmann* Rafi Eitan, Anshel Pfeffer, 2022-07-20. Argentina 1960. A car speeds through the streets of Buenos Aires. Inside are four Israeli secret agents and their prisoner, one of the most notorious war criminals of Nazi Germany. The Mossad operatives need to get this man, Adolf Eichmann, back to Israel to be tried for his crimes. Holding Eichmann's head in his lap is the leader of this ambitious mission, Rafi Eitan, whom Israeli Prime Minister Benjamin Netanyahu later described as one of the heroes of Israeli intelligence. In this fast-paced and detailed

memoir Rafi Eitan tells the story of his remarkable life and career as an elite soldier and spymaster. He describes how as a teenager he smuggled Jewish refugees into Palestine as part of the Palmach unit and how as a spy in the newly established Mossad he swam through sewers to blow up a British radar station earning the name Rafi the Stinker. He goes on to describe in detail his involvement in the extraordinary hunt for the Nazi war criminal Adolf Eichmann. Eitan's espionage career eventually ended over his involvement in the controversial Jonathan Pollard espionage affair which sparked intense debate over Israel's relations with the US. Packed with new insights into Eitan's role at the heart of Israeli military and intelligence organisations, this is a gripping read and essential reading for anyone interested in espionage history and the daring operation to capture Adolf Eichmann.
