Ron Hubbard,2007 Tom Bristol press ganged into service aboard the British HMS Terror welcomes the chance to jump ship when the Terror is attacked by pirates but his fortunes go from bad to worse when his new crewmates abandon him on a deserted island leaving him with nothing to do but think of a way to get revenge *Sabotage in the Sky* L. Ron Hubbard,2009-07-16 Bill Trevillian is as ruggedly handsome as he is bold and brave Kip Lee is as strikingly beautiful as she is fiery and fearless And they've got something in common They're both test pilots for rival aviation companies Put them together and like a young Tracy and Hepburn sparks are bound to fly The Second World War is raging in Europe and England and France are looking to America for a fighter plane to match up with the superior Nazi Messerschmitt The competition between Bill and Kip is fierce and the stakes are stratospheric Because there's an added element in the mix a deadly saboteur People say all's fair in love and war but when there's Sabotage in the Sky the flight path from heated rivalry to heated romance could lead Bill and Kip to crash and burn If you crave air adventure written by an airman who knows what a hot plane can do don't miss Sabotage in the Sky wrote the editor introducing the story in 1940 And Hubbard's knowledge proved prophetic unknown to the FBI the German intelligence service the Abwehr was actively gathering intelligence about American military aircraft designs and manufacturing The author also had personal aviation experience earning a reputation as a daredevil pilot barnstorming across the United States landing in farmer's fields and skimming over the top of telephone wires experiences he put to good use as a well known aviation correspondent and one of the most accomplished writers of aviation adventure *Replika: Sky's Mission* Hugo Bernard,2022-02-01 Described as The Matrix meets Inception They hacked her brother's brain Then sent him into the simulation Sky must now get to him first the future of reality is at stake an absolute blockbuster of a tale that not only absorbs every bit of your attention but will have you pondering about the nature of reality Pikasho Deka for Readers Favorite Earth's ecological collapse is avoided when most of the world population agrees to permanently upload into a simulated reality called Replika But the stability of the system is threatened when a group of neuroscientists hack their brains to interact with the simulations in unforeseen and dangerous ways Sky devotes her life to

rebuilding the real world left in the shadows of Replika But when she learns her brother who disappeared under mysterious circumstances is in danger she must choose which world needs her most All she wants is to find the brother she loves but she will unwittingly get entangled in a ploy to redefine reality HUGO BERNARD masterfully weaves a highly original and fast paced sci fi thriller with a convincing and thought provoking vision on how simulated reality will change our lives Replika is easily one of the best cyberpunk books I ve read this year S C Jensen author of Bubbles in Space a complex thriller about power and hope whilst never missing a beat K C Finn for Readers Favorite

When Dusk Hoots Felix Bongjoh, 2018-06-13
The poet continues to draw his imagery from his familiar surroundings from human behavior and interaction from key elements in nature including the skies and water and from flora and fauna alike The bright side of life with hope as a dominant theme is reflected throughout the poems No matter how complex how conflicting how intriguing or how hostile relations may sometimes appear to bewitch underlie lifes leitmotif a strong undercurrent of love essentially drives the cadenced rhythm of the verse The beauty of the poems derives from chiaroscuro the literary technique of balancing shade and light gloom and hope to achieve balance as the basis for the poems natural flow from a hooting dusk to a bright dawn of eternal life and human aspirations

Edward S. Shapiro,2005-06-03 The topics of Edward Shapiro s book span the gamut of the American Jewish experience from the politics of American Jews the nature of American Jewish identity relations between Jews and blacks and Jews and American capitalism He discusses writer Herman Wouk Patrick Buchanan and the Jews John Higham s interpretation of

American anti-Semitism Nathan Glazer's view of American Orthodoxy and the Jewishness of Sidney Hook Of particular interest is the author's exploration of how American Jews have reconciled their dual identities as Americans and as Jews These solutions has shaped the way Jews have voted prayed earned a living married and chosen a profession America Shapiro argues has truly been different for Jews but this difference has shaped the history of America's Jews in unexpected and ironic ways The fact that Jews have risen rapidly up the economic and social ladder and have become politically influential has not eliminated their insecurity and the sense they have of themselves as a marginal group
