cultural continuity that reaches back and builds on the city's rich musical and cultural traditions In this book the popular music scholar and filmmaker Matt Miller explores the ways in which participants in New Orleans's hip hop scene have collectively established contested and revised a distinctive style of rap that exists at the intersection of deeply rooted vernacular music traditions and the modern globalized economy of commercial popular music Like other forms of grassroots expressive culture in the city New Orleans rap is a site of intense aesthetic and economic competition that reflects the creativity and resilience of the city's poor and working class African Americans **Annual Report** Appalachian Regional Commission,1977 **Manthropology** Peter McAllister,2010-10-26 Manthropology is the first of its kind Spanning continents and centuries it is an in depth look into the history and science of manliness From speed and strength to beauty and sex appeal to bravado and wit it examines how man today compares to his masculine ancestors Peter McAllister set out to rebut the claim that man today is suffering from feminization and emasculation He planned to use his skills as a paleoanthropologist and journalist to write a book demonstrating unequivocally that man today is a triumph the result of a hard fought evolutionary struggle toward greatness As you will see he failed In nearly every category of manliness modern man turned out to be not just matched but bested by his ancestors Stung McAllister embarked on a new mission If his book couldn't be a testament to modern male achievement he decided it would be a record of his failures Manthropology then is a globe spanning tour of the science of masculinity It kicks off in Ice Age France where a biomechanical analysis demonstrates that La Ferrassie 2 a Neanderthal woman discovered in the early 1900s would cream 2004 World Arm Wrestling Federation champion Alexey Voyevoda in an arm wrestle Then it moves on to medieval Serbia showing how Slavic guslar poets who were famously able to repeat a two thousand line verse after just one hearing would have destroyed Curtis Jackson aka 50 Cent in a battle rap Finally it takes the reader to the steaming jungles of modern equatorial Africa where Aka Pygmy men are such super dads they even grow breasts to suckle their children Now that's commitment For modern man the results of these investigations aren't always pretty But in its look at the history of men Manthropology is unfailingly smart informative surprising and entertaining *Cultivating Dialogue, Language, and Literacy for Social Justice in Teacher Education* Adam Devitt,2025-07-22 Within sociocultural traditions language dialogue and social literacies play an institutional role in learning and human development Discourse practices however go far beyond the traditional focus of using speaking and listening to support the learning of content knowledge Teacher discourse practices ought to promote critical literacies and linguistic practices and promote anti racism and social and environmental justice Classroom discourse however is missing from teacher education programs on a large scale in these significant ways Teacher educators need to understand the social and political policies pedagogical role and multitude of practices for helping pre service teachers and teacher practitioners learn to acquire and facilitate quality discursive practices in K 12 schools and understand related pedagogy This book *Cultivating Dialogue Language and Literacy for Social Justice in Teacher Education* offers a variety of models for integrating discourse
