Pearson, T.R. Dutson, 2012-12-06 The *Advances in Meat Research* series has arisen from a perceived need for a comprehensive coverage of certain topics that are pertinent to meat and meat products We the editors have made the decision to concentrate on a series of related topics that are deemed to be important to an understanding of meat both fresh and processed It is our sincere hope that by focusing upon areas related to meat science that researchers who contribute to this volume can not only update those involved in academia and industry but also promulgate facts that may lead to solutions of meat industry problems and aid in improving the efficiency of various associated industrial processes We have chosen to devote Volume 1 to electrical stimulation in view of the widespread interest in its meat industry applications Although the classical study by A Harsham and Fred Deatherage was published in 1951 it was not accepted by the meat industry owing to a number of factors that are discussed in the text These investigators did however lay the groundwork for modern electrical stimulation of carcasses by their detailed studies on the effects of varying current voltage frequency wave forms and time The basic information provided by these workers saved a great amount of experimentation by those who subsequently rediscovered electrical stimulation **Foreign Agriculture Circular**, Grazing Management John F. Being a Black Man Kevin Merida,2007-08-07 Over the last 100 years perhaps no segment of the American population has been more analyzed than black males The subject of myriad studies and dozens of government boards and commissions black men have been variously depicted as the progenitors of pop culture and the menaces of society their individuality often obscured by the narrow images that linger in the public mind Ten years after the Million Man March the largest gathering of black men in the nation s history Washington Post staffers began meeting to discuss what had become of black men in the ensuing decade How could their progress and failures be measured Their questions resulted in a Post series which generated enormous public interest and inspired a succession of dynamic public meetings It included the findings of an ambitious nationwide poll and offered an eye opening window into questions of race and black male identity questions gaining increasing attention with the emergence of Senator Barack Obama as a serious presidential contender At the end of the day the project revealed that black men are deeply divided over how they view each other and their country Now collected in one volume with several new essays as well as an introduction by Pulitzer Prizewinning novelist Edward P Jones these poignant and provocative articles let us see and hear black men like they ve never been seen and heard before **The Livestock and**
