The Last Slave Ships John Harris,2020-11-24 A stunning behind the curtain look into the last years of the illegal transatlantic slave trade in the United States Long after the transatlantic slave trade was officially outlawed in the early nineteenth century by every major slave trading nation merchants based in the United States were still sending hundreds of illegal slave ships from American ports to the African coast The key instigators were slave traders who moved to New York City after the shuttering of the massive illegal slave trade to Brazil in 1850 These traffickers were determined to make Lower Manhattan a key hub in the illegal slave trade to Cuba In conjunction with allies in Africa and Cuba they ensnared around two hundred thousand African men women and children during the 1850s and 1860s John Harris explores how the U S government went from ignoring and even abetting this illegal trade to helping to shut it down completely in 1867

The Dutch Slave Trade, 1500-1850 ,2006 Dutch historiography has traditionally concentrated on colonial successes in Asia However the Dutch were also active in West Africa Brazil New Netherland the present state of New York and in the Caribbean In Africa they took part in the gold and ivory trade and finally also in the slave trade something not widely known outside academic circles P C Emmer one of the most prominent experts in this field tells the story of Dutch involvement in the trade from the beginning of the 17th century much later than the Spaniards and the Portuguese and goes on to show how the trade shifted from Brazil to the Caribbean He explains how the purchase of slaves was organized in Africa records their dramatic transport across the Atlantic and examines how the sales machinery worked Drawing on his prolonged study of the Dutch Atlantic slave trade he presents his subject clearly and soberly although never forgetting the tragedy hidden behind the numbers the dark side of the Dutch Golden Age which makes this study not only informative but also very readable

From Slaving to Neoslavery I. K. Sundiata,1996 Fernando Po home to the Bantu speaking Bubi people has an unusually complex history Long touted as the key to West Africa it is the

largest West African island and the last to enter the world economy Confronted by both African resistance and ecological barriers early British and Spanish imperialism foundered there Not until the late nineteenth century did foreign settlement take hold abetted by a class of westernized black planters It was only then that Fernando Po developed a plantation economy dependent on migrant labor working under conditions similar to slavery In *From Slaving to Neoslavery* Ibrahim K Sundiata offers a comprehensive history of Fernando Po explains the continuities between slavery and free contract labor and challenges standard notions of labor development and progress in various colonial contexts Sundiata's work is interdisciplinary considering the influences of the environment disease slavery abolition and indigenous state formation in determining the interaction of African peoples with colonialism *From Slaving to Neoslavery* has manifold implications Historians usually depict the nineteenth century as the period in which free labor triumphed over slavery but Sundiata challenges this notion By examining the history of Fernando Po he illuminates the larger debate about slavery current among scholars of Africa
