Saints: 12 Heroes for All Times Special Collector's Edition Joseph J. Randazzo, 2024-01-30 Special Collector's Edition Grandpa had a vast collection of many books about Saints He gathered from Italy written in Italian where he then spent much time each evening reading stories before bedtime to Joseph about Saints that Grandpa had collected As it was told in amazement to little Joseph very specific without missing details Joseph then told his mother and father the Saint's life stories step by step The parents were impressed as to the detail in storytelling by Joseph of such amazing content However mother was not happy with her father Joseph's grandfather speaking and telling the stories to young Joseph and Italian Mother's fear was that little Joseph would go into first grade speaking broken English and mother's intuition was correct For the young boy did have a challenging time in first grade understanding the Irish nun's English and thus he could not grasp reading or writing and was held back in the first grade The relationship between Grandpa and the little boy just became stronger The more mother complained and protested Joseph looked up to his Grandpa As he called him his Knight his hero and Grandpa in turn would tell the little boy over and over the real heroes are these incredibly special Saints they are heroes for God and little Joseph believed his Grandpa Grandfather would say the Saints have a secret code They wake up each day and knowing they are born again to do honorable deeds and give service working for God They are true heroes they pray each day and attend church and communion where they understand fasting and listening to the Holy Spirit who helps them grow their faith Thus giving them special abilities to conduct miracles and many powerful and unexplainable things Now over a half of a century later Joseph gives an impressive tribute to his grandfather for making his way as a 9 year old little boy from a small boat from Italy to America without a passport and leaving his loving parents behind

Woman as Prophet in the Home and the World R. Mary Hayden Lemmons, 2016-09-15 This first ever interdisciplinary study of woman as prophet shows that in these troubling times ordinary women especially Christian women need to function as prophets by proclaiming in word and deed the indispensability of lovingly seeking the welfare of others More specifically social science shows that the person centered love prophesied by women prophets is able to meet interpersonal challenges within the home and world while philosophy and theology establish that women are able to excel as prophets due to the virtuous dispositions inculcated by femininity the choice to be caring a God centered spirituality and a pro life humanitarian personalist feminism that welcomes male collaborators Facilitating the ability of Christian women to prophesy love are Baptismal graces Thomistic virtues and a much needed prophetic Marian ecclesiology based on what John Paul II calls the prophetism of femininity These interdisciplinary findings provide an essential resource for educators and students of humanity the theology of women and evangelization These findings emerge first from an investigation into the cognitive and ontological underpinnings of what John Paul II called the feminine genius A second set of findings emerges from exploring the prophetic dimensions of the feminine genius secular feminism's need to adopt the insights of Christianity and the ability of femininity's prophetism to

recast both femininity and feminism as Marian prophecies A third set of findings arises from analyzing the spirituality of women prophets within the Christian tradition by considering the conditions necessary for prophesying explicating requisite Thomistic virtues and delving into the spirituality of Hildegard Catherine of Siena Julian of Norwich and Teresa of Avila A fourth set of findings arises from innovative studies of polarization secularization lust romantic love the conditions whereby mothers with careers can flourish and the ability of nuns to combat racism in a small Midwestern town Overall these interdisciplinary investigations explicate the theology of women and show that women who prophesy love either in the order of grace or nature can help heal lives families and culture Macropsychology Malcolm MacLachlan, Joanne

McVeigh, 2021-03-29 This volume argues for the development of a macro perspective within psychology that more effectively incorporates social structures systems policies and institutions The book emphasizes how social structures and systems can ultimately promote or erode psychological wellbeing Macropsychology is concerned with understanding up or how we can influence the settings and conditions of the society in which we live Psychology has traditionally been more interested in understanding down that is with the behaviour of individuals and groups in inter psychic and intra psychic and in neurological and biological processes This volume argues that psychology can more effectively contribute at the macro or societal level by addressing grand challenges and global goals using big data and intervening at the population level Bringing together social organizational cultural and health psychology research the book demonstrates a broad range of areas benefitting from a macropsychology perspective particularly areas integral to the realization of the Sustainable Development Goals SDGs Contributors address the value of macropsychological perspectives in addressing sub topics such as Mental health Personality traits and social structure Disability rights Food systems Humanitarian work psychology Macropsychology A Population Science for Sustainable Development Goals aims to recognise and give impetus to a neglected perspective within psychology and to inspire a paradigm widening within the field of psychology facilitating greater involvement with social justice and human rights

Moabi, 2024-08-16 One of society s main problems today is a lack of self love this is evident in the way most people live their lives sadly I was also part of the statistic The fact that I was not living life to the full bothered me in many ways I was not running my own race I constantly compared myself to others I had not accepted myself for who I was and I had not taken full responsibility for my life I was merely alive and confused Although everything on the outside looked good I felt miserable I learned the hard way that what goes on inside us is more important than what people can see A lack of self love impacted most areas of my life negatively I knew something needed to change Once I had surrendered my life to God He helped me see my own value I started May to May My Journey to Self love with God to move my life in the right direction After discovering the 20 components that lead to self love my life has never been the same I could finally accept myself just as I was I am proud to say there is no other race I would rather run than my own I needed to love myself first so I could truly live FOR PEACE
